$3,000 Missing From Cannery In Sonoma

An ex-convict from San Rafael, who worked himself up to a high position in the Sebastopol Apple Growers Union cannery, is wanted for allegedly pocketing $3,000 in company funds.

The Sonoma County district attorney this week filed a grand theft complaint against Edmund James Whalen, 55, office manager for the fresh fruit department of the Sebastopol cannery. He vanished from Sonoma County Monday after allegedly cashing a $2,600 company check at the Sebastopol branch of the Bank of America.

Sonoma sheriff's inspector Humbert Panizzera said Whalen allegedly cashed other company checks at bars earlier this month, totaling $390.

Whalen was promoted to office manager of the fruit department when the former manager, who hired Whalen in the first place, quit about two years ago.

Whalen is still on parole for a 1957 forgery in Marin County. He was paroled from prison in 1960. Marin sheriff's office files indicate Whalen has a long record dating back to 1933. He has served about three prison terms.

Apple growers union officials were apparently unaware of Whalen's past record.

Sonoma officials said Whalen made a call from San Rafael Monday to his wife, who now lives in Santa Rosa. Inspector Panizzera said Whalen has a girl friend in San Francisco.

Between 1948 and 1957, Whalen lived in Marin County, with addresses in Tiburon, Mill Valley, San Rafael and San Anselmo.

Indictment To Be Sought In Shooting

John G. Trischan, alleged jealousy slayer of Kentifeld attorney Albert H. Gommo Jr., was taken off the serious list today at San Francisco General Hospital.

Trischan, 50-year-old San Francisco electrician, allegedly fired a .22-caliber pistol into his own mouth after shooting Gommo in the attorney's Central Tower office Tuesday evening. Gommo died yesterday of his wounds.

ACCUSES TRISCHAN

Inspector William Guthrie of San Francisco police said the San Francisco Grand Jury probably will be asked for a murder indictment against Trischan at its Oct. 29 meeting.

Gommo, 51, a successful attorney despite the handicap of having lost one leg as a boy, told police before he died that Trischan had accused him of an affair with Trischan's estranged wife, Louise. She had formerly been Gommo's legal secretary.

Mrs. Trischan, who has sued for divorce, said her husband was "insanely jealous."

Funeral arrangements for Gommo are pending at the C. A. Anderson Mortuary in San Francisco.

WIFE, DAUGHTERS

He is survived by his wife, Lilian, and three daughters, Myrna, Barbara and Margaret, and his mother, Mrs. Maude Gommo, all of Kentfield. The family home is on Quisiana Drive.

Gommo was a member of the Independent Order of Odd Fellows, Pacific Lodge 155 of San Francisco and Grand Lodge of California. He was a member of the First Presbyterian Church of San Anselmo.

A native of San Francisco, he maintained law offices there since 1937.

Gas Refund Of $79 Million Due In State

SAN FRANCISCO (AP) —California gas users will get a refund of 79 million dollars including interest as a result of a Federal Power Commission decision, William Bennett chief counsel for the State Public Utilities Commission, said today.

He said the decision announced in Washington, D.C., barring appeal, would send 24 million dollars plus interest immediately to the Pacific Gas and Electric Co. and the Pacific Gas and Light Supply Co. for rebate to their customers.

PG&E distributes El Paso natural gas to northern California.

Pacific Gas and Light through Southern Counties, Southern California and San Diego Gas and Electric companies serve the southern part of the state.

The decision would make available 26 million dollars plus interest in two other cases and 30 million dollars plus interest in a fourth case, all at a later date, Bennett said.

"This is a victory for all the people of California," Bennett said. "It is good for business because it means a cut in industry costs.

"California uses more natural gas than any other state in the union.

"It particularly was a victory for Gov. (Edmund G.) Brown."

Bennett recalled that Brown, while state attorney general, fought through the Legislature a $30,000 appropriation in 1955 to get California's case before the Federal Power Commission.

The crux of the case involved in the rebates and lowering of the El Paso rate structure concerns four rate increases imposed without a hearing by El Paso Natural Gas under terms of the Natural Gas Act.

This act allows companies to increase rates subject to later review by the Federal Power Commission.

California's chief contention was that El Paso was asking a risk rate of return on its entire investment.

The California Public Utilities Commission contended the company, having a guaranteed business, should be restricted to a normal 6 per cent return.

MORE DOUGH NEEDED AS BREAD RISES TWO CENTS

Marin housewives paid two cents a loaf more for bread today in a price hike by major bread companies in the Bay Area.

Butternut, Langendorf, Kilpatrick and Blue Seal regular white and wheat breads have jumped in price. Other companies are expected to follow suit. Small loaves at 25 cents went up to 27 cents; large loaves at 35 cents jumped to 37 cents. Specialty breads, such as brown-and-serve, cinnamon loafs, upside down bread and ryes, were not affected in price.

Although the price hike went into effect only in stores, independent bakeries throughout the county indicated they would boost regular bread prices the same amount within the next four weeks. A month ago the bakeries jumped specialty bread prices from 33 to 35 cents.

The rise in cost of flour and new labor contracts were blamed for the price hikes.

Russ Berlin Policy: Out With The Allies

WASHINGTON (UPI)—Russian Foreign Minister Andrei Gromyko has outlined to President Kennedy and Secretary of State Dean Rusk a "single-minded" Soviet policy to oust Allied military forces from West Berlin, officials said today.

But Gromyko set no deadline for this, they said.

Informed sources said that at a State Department working dinner which lasted until the morning hours today, Rusk failed to get Gromyko to show any serious interest in negotiations, an international access authority on Berlin or other measures which, though they would not apparently settle the Berlin issue, might ease it.

Gromyko, sources said, thus indicated Russia still is interested only in talking about the one point which the West considers non-negotiable — the Western troops garrisoned in Berlin.

State Department press officer Lincoln White told newsmen flatly today there had been "no progress" in the talks.

Another high official said that during the entire six and one-half hours of Gromyko's talks with the president and the State Department, nothing was said to pin down any more definitely the possibility of a visit by Soviet Premier Nikita Khrushchev to this country. But officials still think he will come, some more strongly than ever.

Nuclear Test Ban Is Urged

UNITED NATIONS, N.Y. (UPI) —Sweden urged Russia and the West today to agree to a nuclear test ban as soon as current Soviet and U.S. series of experiments have been finished.

Swedish foreign minister Torsten Nilsson suggested a provisional and limited moratorium on all tests, pending further development of equipment to detect and identify underground explosions.

Nilsson, who succeeded Osten Unden as foreign minister of Sweden last month, was making his maiden speech at the United Nations. He arrived last night.

He made no mention of the resolution calling for a test cutoff by Jan. 1 on which Sweden and the other seven neutral participants in the Geneva disarmament talks were working.

Approach Study On 2nd Deck Due

Golden Gate Bridge directors, meeting as a committee of the whole, today voted to study whether bridge approaches can handle traffic on a possible second deck.

This 7-5 decision, in which Marin directors Leland S. Murphy and Matt Graham voted with the majority, was climax of a tangled two-hour meeting centering around a problem of "which comes first, chicken or egg?"

Some wanted to give priority to studying feasibility of a second span. The meeting was called to discuss possible employment of the engineering firm of Ammann and Whitney at $60,000 for a "pre-preliminary study" along this line, but a motion by Director Joseph Diviny of San Francisco never came to a vote.

In a welter of substitute motions and amendments, proposal by Director Dan London of San Francisco to provide concurrent study of a second span and approaches was defeated 5-7.

That paved the way to the ultimate narrow majority on motion of Director William Hadeler, also of San Francisco, to check whether it's practical to have a second deck from the standpoint of approaches. Federal, state, county and city officials are to be brought into the study.

Mrs. Margaret Azevedo read a two-page letter from the Marin Council for Civic Affairs urging two things on the board:

1. To wait concerning either a second deck, or a second bridge, until the State Division of Highways gets a report on a comprehensive integrated traffic plan for the whole bay region.

2. In the meantime to have consultants devise ways of making better use of existing bridge facilities through carrying more than the present average of one and one-half persons per car, and more reliance on buses.

As the board was sitting as a committee it decided that later it would in its board capacity refer this to its building and appropriations committee.

The five-day forecast, through Wednesday, said there will be no rain in Northern and Central California and temperatures will range close to normal.

Officials Hunting Escaped Convict

San Quentin Prison authorities were still searching today in the Fort Bragg area for convict Patrick Morehouse, 32, who escaped yesterday from the prison's Parlin Fork Conservation Camp.

Associate Warden Dale B. Frady said Morehouse, convicted in 1957 for assault with a deadly weapon in Alameda County, cross-wired a car and drove away from the camp.

POLICEMAN'S CAR IS STOLEN IN MARIN CITY

A car thief drove off with a policeman's car in Marin City last night.

Sausalito Police Sgt. Stanley C. Kelly complained to the sheriff's office that his 1954 two-door sedan disappeared from the Marin City School parking lot where his wife had parked it last night.

Mrs. Kelly, who teaches at the Marin City School, had parked the car about 8:30 p.m. When she came out of school building two hours later, the car was gone. She had left the keys in the car.

Sheriff's Deputy Herrick E. Morgan said an all-points bulletin was immediately issued for the recovery of the car. It is dark blue in color.

Economists Say Business Expansion Will Flatten Out

HOT SPRINGS, Va. (AP) — Industry economists have predicted that the current business expansion will flatten out by the end of the year and turn down in the first quarter of 1963, the Business Council was told today.

The decline was expected to be slight however — less than two billion dollars from the record 560-billion-dollar annual rate of national output foreseen by the end of this year.

After this dip of less than one-third of one per cent, the economy will "begin a renewed expansion in the second half of 1963," the 100 top industrialists at the fall meeting of the Business Council were told.

Along with the report, there was revived talk of federal tax cuts to boost the economy as the council met with Kennedy administration officials.

The report was brought to the council by F. R. Kappel, chairman of American Telephone and Telegraph Co., and head of the council's economic policy committee. He was relaying the findings of what he called "the great majority" of the council's panel of more than 20 private-industry economists who advise scores of the nation's biggest corporations.

Kappel included in his committee's report a recommendation for reducing "the oppressive burden of taxation on risk-taking, profit-oriented investment."

WIRE NEWS BRIEFS From Everywhere

Boykin Would Be Emissary

MOBILE, Ala. (AP)—Rep. Frank W. Boykin (D-Ala.), has agreed to be Alabama's Washington emissary.

He made the announcement to about 300 Mobile businessmen last night at a $12.50-a-plate banquet honoring him with a "Mobile Citizens Award."

His announcement came only a few hours after he was arrested in Mobile on a federal conspiracy indictment returned at Baltimore, Md.

Gov.-nominee George Wallace asked Boykin to serve as emissary after his defeat in a congressional race.

Ben Bella Called Turncoat

WASHINGTON (AP) — Republican leaders — still drumming at administration foreign policy—have criticized Algerian Premier Ahmed Ben Bella for "turncoat activities," which they called a slap at U.S. prestige.

The statement yesterday by three GOP campaign officials was touched off by Ben Bella's visit to Cuba this week in which he agreed with Cuban Prime Minister Fidel Castro that the United States pull out of its naval base at Guantanamo Bay in Cuba.

President's Airplane Is For Sale

WASHINGTON (AP)—For sale: One airplane, slightly used by young President for commuting. A real bargain at $375,000.

The Kennedy family plane, "The Caroline," is on the block. Reason: Declining use.

Lately the twin engine Convair 240 has seen little service except on the Hyannis Port run—the family hop between Washington and Cape Cod.

The Caroline was converted from a 40 to 44 seat airliner into an executive transport for 22.

Since becoming president, Kennedy has rarely used it. Security officials considered it inadequate as presidential transport.

Business Warning

NEW YORK (UPI)—American business will lose out in the world's markets unless it steps up investment in modern facilities to cut costs, Treasury Secretary Douglas Dillon said last night.

In a speech to the National Industrial Conference Board, Dillon said U.S. firms will be "left behind in the race for new markets, new processes and new products" if they hesitate to improve their competitive position through plant and equipment investment.

Agent Sentenced

KARSRUHE, Germany (UPI)—The West German supreme court today sentenced confessed Soviet agent Bogdan Stashinskiy to eight years at hard labor for killing two Ukrainian exiles in Munich on orders from the Kremlin.

Stashinskiy, 31, was convicted of using a bizarre cyanide poison spray gun to slay his victims instantly with hardly a trace.

The victims were Prof. Lev Rebet and Ukrainian nationalist leader Stefan Bandera. Stashinskiy said he killed Rebet in 1957 and Bandera in 1959 on orders of the Soviet ministry of state security.

Berlin Accord

BONN, Germany (AP)—West German Foreign Minister Gerhard Schroeder said today that he and President John F. Kennedy agreed the West will not accept any further interference in access to Berlin.

Schroeder reported this upon his return to Bonn after five days of consultations in the U.S. capital on the Berlin crisis with Kennedy, Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara.

The foreign minister said that more concessions would lead to only a "wall of paper between the East-West standpoints which could be broken by a mere push of the finger."

Big Oakland Fire

OAKLAND (AP)—A four alarm fire caused an estimated $100,000 domage to a quarter-block long furniture warehouse in West Oakland last night.

The blaze quickly leveled the brick building used by David Grey and Co., The Made Rite Sausage Co., and the Paramount Aluminum Co. were also damaged by flames.

No injuries were reported. Residents of old dwellings nearby fled their homes, but the buildings were undamaged despite many flying sparks.

Shriver On His Job

WASHINGTON (AP)—Sargent Shriver says President John F. Kennedy may have picked him to head the Peace Corps because he would find it easier to fire a brother-in-law if things didn't work out.

Shriver gave the tongue-in-cheek explanation of how he came to head the corps at a National Press Club luncheon yesterday.

Road Death Weapons

SACRAMENTO (AP)—California plans to add two new weapons in its fight against highway fatalities—billboards and radio commercials.

The U.S. Bureau of Public Roads has approved use of $25,000 in federal highway funds for incidental expenses—art work, paper, recording discs and tapes and travel expenses.

But the bulk of the cost — about $1 million for air time, professional advice and billboards—will be donated.

Mrs. FDR Goes Home

NEW YORK (AP)—Mrs. Franklin D. Roosevelt, after a three-week stay at Columbia Presbyterian Hospital, went home in an ambulance yesterday.

Suffering from a lung infection, she will undergo further treatment at her home, and only members of her family will be allowed to see her.

In disclosing the infectious lung condition, a hospital spokesman said the former First Lady does not have cancer.

ACQUIRED BY WHITE HOUSE

The White House announced yesterday in Washington, D.C., that it has accepted this portrait of George Washington by Rembrandt Peale. The oil portrait was painted in the autumn of 1795 and depicts Washington as commanding general of the revolutionary armies. (AP Wirephoto)

Czech Envoy Who Killed Wife Dies

BETHLEHEM, Pa. (UPI) — A Czech United Nations diplomat who killed his wife and then led police on a chase through three states, died today in St. Luke's hospital from a self-inflicted gunshot wound.

Karel Zizka, about 40, shot himself in the head yesterday at the end of a wild 25-mile chase at speeds up to 110 MPH. The attache was speeding from the Czech U.N. mission in New York, where he had killed his wife earlier in the day, when his automobile careened off the highway near Easton, Pa.

He died at 10:20 a.m. (EDT).

When a state trooper approached the wrecked car, Zizka pulled out a pistol. The trooper fired a shot, hitting the diplomat in the shoulder. Zizka then turned his own gun on himself and fired a shot into his head.

The bullet was removed in a two and one-half hour operation yesterday at St. Luke's Hospital in Bethlehem. Chief neurosurgeon Dr. David Eaton warned early today, "It's not a question of if (he will die), but when."

The single shot fired by Zizka into his left temple had shattered a lobe of the brain.

The Czech attache never recovered consciousness.

The body of Zizka's brown-haired wife, Vera, 40, a bullet through her head, lay unnoticed in their apartment in the Czech mission on upper Madison Avenue for hours as Zizka, leaving behind a note telling of the murder and his suicide intent, began his frenzied flight.

Ella Stationary

CAPE HATTERAS, N.C. (AP)—Hurricane Ella remained almost stationary in the Atlantic today, while the outer fringes of the massive storm were felt along the North Carolina coast.

The Weather Bureau said the storm was almost stationary at 5 a.m. (EST) and was expected to remain that way for the next 12 hours, followed by a slow northeasterly movement in the following 12 hours.

Moon Camera Shot Fails

PASADENA (AP)—The United States' third straight attempt to scout the moon by television has failed—possibly because of damage to the Ranger 5 lunar rocket by radiation from recent high altitude nuclear blasts.

The 755-pound camera-toting spacecraft, launched yesterday from Cape Canaveral, Fla., ran out of electrical power eight hours and 44 minutes later.

Scientists said this meant it would be unable to correct its course and would miss the moon by 300 miles.

It also meant Ranger 5 would not be able to operate its television camera nor to land a quake-measuring device on the moon's surface.

Pasadena's Jet Propulsion Laboratory, which built Ranger 5 and is tracking it through space, said the spacecraft apparently failed to draw electrical power from its wing-like solar panels to operate its instruments.

Its only source of power then was a small reserve battery with a life of eight to nine hours. That battery went dead just as scientists were trying to command the spacecraft to fire a small rocket that would re-aim it at the moon.

Cause of the failure of the solar power system was not announced, but there was unofficial speculation by some space experts that the craft's delicate solar cells could have been damaged by radiation from recent high altitude nuclear blasts over the Pacific.

Ranger 4 crashed-landed on the back side of the moon last April but failure of a timing device prevented it from sending back television pictures.

Ranger 3 gathered too much speed at launching last January and missed the moon by 22,000 miles. Ranger 1 and 2 were test vehicles not aimed at the moon.

Four previous moon shots, in the Pioneer and Able programs, failed in their missions to rocket a payload to or around the moon.

With each Ranger launch running about 16 million dollars, total cost of the nine failures was estimated to exceed 150 million dollars.

Thursday's failure left the United States well behind the Soviet Union in moon shots. The Soviets' Lunik III took television pictures of the far side of the moon in October, 1959, just a month after their Lunik II plowed into the moon's face. Lunik I missed the moon by 4,700 miles in January, 1959.

A source at Cape Canaveral said the sixth Ranger spacecraft, scheduled for launching in January, probably would be delayed while the string of failures is studied.

Without electrical power on board, Ranger 5 cannot eject the capsule. Instead, scientists said, the spacecraft will shoot past the moon and go into an orbit around the sun.

Legend holds that Columbus landed on the island of Martinique because all the inhabitants were said to be women.

3 Youths Face Music Albums Theft Charges

Three Novato youths, suspected of systematically slipping music albums out of Lee Brothers Market for the past several weeks, face charges of grand theft and receiving stolen goods.

Gary David Clementino, 18, of 1052 Fifth Street, Novato, was scheduled to appear in Marin Municipal Court today on a charge of grand theft. Charges of receiving stolen goods were lodged against Douglas Eugene Simpson, 18, of 701 Cherry Street, and Walter Halkovich, 18, of 705 Cherry Street. Simpson and Halkovich are to appear next Wednesday to enter their pleas. All three are free on $262.50 bail each.

Edgar A. Wright of Hayward, security officer of Lee Brothers Markets, had been investigating the loss of the record albums from the market, according to Novato Police. Ronald Lipe, store manager, told police he suspected Simpson of allowing the other two youths to take the albums without paying for them.

Police said that Simpson admitted the thefts and implicated the other two youths. An undetermined number of albums have been taken over the past several weeks, possibly as many as 50, Lipe told police.

Meadowsweet Annexation Is Discussed

Eighteen residents of the unincorporated Meadowsweet area adjoining Corte Madera attended a meeting last night to discuss annexation, but only one signed a form saying he would be willing to petition the Corte Madera Town Council to annex his property.

Frank L. Nelson, Corte Madera police and fire chief, told the meeting in the town firehouse he intended to live up to "the ultimatum of the town council" that Meadowsweet must depend on Marin County for law enforcement and fire protection. In the past, Corte Madera firemen have made many runs to the area outside the town limits.

Nelson said it took the county fire department 10 to 15 minutes longer to reach the area than it did Corte Madera firemen.

F. Carl Engelhart, retired Army colonel of 915 Meadowsweet Drive, said residents are concerned with other factors of annexation besides police and fire protection.

"We are interested in the restrictions as well as the benefits," he said.

Engelhart, praising Nelson for his presentation, said, "This is the first direct knowledge the residents concerned have had of the council's position regarding no police and fire protection from the town."

Mrs. Mary Henry, who lives at 1044 Meadowsweet Drive, south of the area proposed for annexation, said residents in her area also are interested.

Sole signer of the form indicating willingness to petition for annexation was Charles F. Gleim of San Francisco, who owns property at 941 Meadowsweet.

Case Against Ex-Marine Wound Up

Dist. Atty. Roger P. Garety yesterday wound up his case against Claude Hilton Bradley, 22, accused of the strangulation murder of a San Rafael mother last June 3.

Garety contends Bradley, a husky truck driver, visited Mrs. Carole Leona Frederick, 29, in her apartment at 45 Woodland Avenue, then strangled her.

Attorney Berwyn A. Rice is scheduled to open the case for the defense Monday morning before a jury of nine women and three men in Judge Richard M. Sims' court.

Yesterday, the district attorney succeeded in introducing one of his key bits of evidence —a statement made by Bradley to the district attorney and police at the time of his arrest.

According to Garety and police, Bradley voluntarily admitted he had entered Mrs. Frederick's apartment about 2:30 a.m. on June 3, made advances to her, then left the apartment when she went limp.

Defense lawyer Rice argued that the statement was not voluntary, but the judge allowed it to be presented.

Novato Students In Big Business

The student body at Novato High School has gone into big business and needs an audit check, trustees of Novato Unified School District learned last night.

Reviewing the annual audit report by Dalton, Graupner and Barber of San Francisco, trustees learned that the student body store, run by the students as part of the school's business training program, does a business of more than $5,000 a year.

The auditing firm suggested insurance protection for equipment purchased by the students and annual account reviews be made. The students have bought such things as a movie projector and athletic equipment.

Novato Community Building Policy Due Rec Commission

A policy to govern the use of the community building will be submitted to the next meeting of the Novato Parks and Recreation Advisory Commission, Edmund Mahany, parks and recreation director, told that commission last night.

The formation of such a policy was one of the first jobs given Mahany after he started work. He said that the policy statement will be revised by the commission and then sent to the city council for adoption.

Lou Johnson of 1209 Lynwood Drive requested that the city organize a men's volleyball league. Mrs. Eleanor M. Snare of 850 Cypress Avenue requested a recreation program for senior citizens.

Both requests were tabled pending the formation of the general recreation policy.

The commission received a statement favoring the $100,000 swimming pool bond issue in the general election from the San Jose Elementary School District trustees.

Meeting nights for the commission have been changed from the first and third Thursdays to the first and third Mondays, effective with the next meeting on Nov. 5.

Huber Finds Son Bleeding At Mouth

Robert D. Huber, former Mill Valley mayor, was driving on Del Casa Avenue in Mill Valley yesterday when he saw his 12-year-old son, David, riding his bicycle.

Huber tooted his car horn and waved. But David showed no recognition. Alarmed, Huber drew closer and saw that David was bleeding from the mouth.

Huber took his son to the office of Dr. J. Sean Maloney at 85 Fairway, who examined him and sent him to St. Mary's Hospital in San Francisco. Six stitches were required to close a gash in his lip. He also suffered a concussion.

The boy was still unable today to account for his injuries.

Boy In Bike Mishap In Good Condition

Larry Shiflett, 8-year-old Sausalito boy who ran into a car Wednesday while riding his bicycle, was reported in good condition today in Marin General Hospital.

He was held for observation of a head injury. He is a son of Mr. and Mrs. Edward Shiflett of 44 Butte Street.

Meeting Canceled

Last night's meeting of the Larkspur-Corte Madera Recreation Commission was canceled, chairman Albert E. Kogler said, because of inability to get a quorum.

Girl, 15, Treated After Car Wreck

A 15-year old San Rafael girl was treated for minor injuries at San Rafael General Hospital today after a car driven by Nikki Giampaoli, 16, daughter of Lt. Nick Giampaoli of the San Rafael police, went out of control and hit a parked car.

Officer Richard Camper said Miss Giampaoli, who lives at 2154 Fifth Avenue, San Rafael, was driving east on Fifth Avenue at 8 a.m. when she lost control of the car while reaching over to turn off the defroster. She hit a car belonging to Marion R. Rouble of San Francisco, parked in front of the West End School at 1815 Fifth Avenue.

Two Cars Stolen In San Rafael

Theft of two cars, one containing camera equipment, was reported to San Rafael police yesterday.

Alfred P. Forristal of 10 Ray Court, San Anselmo, said his 1960 model blue sedan was missing from in front of 288 Northgate Shopping Center at 8 p.m. Wednesday. A camera and light meter, valued at $60, and a $40 pair of glasses was left in the car.

John T. Wolke Jr. of 901 Las Pavadas Avenue, Terra Linda, told police he returned to the city parking lot at Second Street and Lincoln Avenue at 12:54 a.m. yesterday to find his 1954 model car missing. He parked the car in the lot at 7:30 a.m. Wednesday.

KIN OF MARINITE DIES IN VIET NAM

Mrs. Chester I. Dennis of Mill Valley, whose nephew, Capt. Herbert W. Booth Jr., was shot down Monday over a Viet Nam jungle, said today, "I don't think the American public is conscious of what is going on in Viet Nam and that Americans are dying over there."

HERBERT W. BOOTH JR.
Shot down by Reds

Booth and two other airmen, Army Capt. Terry D. Cordell of Sanford, Los Angeles County, and Air Force Sgt. Richard L. Fox of Estero, Fla., were reported killed after their L-28 reconnaisance plane was hit by Communist guerrilla fire while flying in support of a South Viet Nam Army raid.

Booth, who would have been 32 today, had come through the Bay Area about one month ago, Mrs. Dennis said. "He telephoned me from Travis Air Force Base and said he couldn't come over because he was leaving in one-half hour for 'points west.' We subsequently learned he was sent to Southeast Asia."

The airman leaves his wife, Nancy, and two children, Herbert W. Booth III, 2, and Victoria Jean, five weeks, of Sarasota, Fla. His parents also live at Sarasota.

Booth, Mrs. Dennis said, was graduated in 1954 with honors from West Point. "He was so outstanding that, during Air Force Week, he was selected to demonstrate the new plane, the L-28, in Philadelphia. He was flying L-28s in Viet Nam on reconnaissance with the Strategic Air Command."

Prior to his Viet Nam duty he had flown jets to Africa and back, Mrs. Dennis said.

New York Rabbi Dies After Brutal Beating By Muggers

NEW YORK (UPI) — In the Williamsburg section of Brooklyn live thousands of ultra-Orthodox Hasidic Jews, many of whom fled persecution in Europe to carry their ancient sect's customs to a new land.

With their beards, wide-brimmed hats, and long black coats, the Hasidic followers are easily recognized in the streets of Williamsburg. And one of the most widely known sect members was Rabbi Bernard Eisdorfer, 55, who came to New York from Czechoslovakia 14 years ago.

Yesterday Eisdorfer died. He had been brutally beaten in a mugging robbery Monday night, as he returned home from a Talmudic study meeting.

The man who had come to America in search of a haven from terror and violence was a victim of "cruel circumstances" in a neighborhood where police protection against hoodlums is inadequate, according to Rabbi Abraham Stein and other Hasidic members.

About 10,000 persons, angered at the police and carrying signs declaring "New York is a city of gangsters," formed a noisy funeral procession as Eisdorfer's plain wooden coffin was carried from a funeral home to his residence and then to a synagogue.

The crowd, some weeping and others shouting, paused as the procession passed the neighborhood police station. There were yells of "give us more police protection!"

Police denied the sect's charge they were hiding a crime wave directed against Jews of the area.

PAINTER OF NUDES, 82, SAYS WOMEN IMPROVED

LONDON (AP)—English girls look a sight better in the nude today than they did 40 years ago, says an 82-year-old expert on the female form.

"Girls of today," said Sir William Russell Flint, "have good, strong, square shoulders. They have a more athletic physique."

Sir William, acknowledged dean of British painters of the undraped woman, opened a one-man show at the Royal Academy yesterday.

"Perhaps at 82 I still feel youthful myself," he said as he looked over one of his nudes on display. "I certainly enjoy the painting.

"When I started painting, you always saw what we used to call 'champagne bottle shoulders'—girls with poor, sloping shoulders, poor muscles."

But the muscles have tightened now, the shoulders have squared. "I must say, I think it's a very good thing."

Land Next To Rancho School To Be Bought

Trustees for the Novato Unified School District last night voted unanimously to buy land next to the Rancho School which the Novato City Council last week refused to rezone for commercial use.

The land, 1.7 acres on South Novato Boulevard, will "square off" the school site, trustees agreed. A suggestion to buy an additional triangle, including the home of Richard Connell, owner of the property, was put aside until negotiations begin.

"I'll hate to buy the 1.7 acres and in a couple of years find we need more," said trustee William Kirk.

"We don't want Rich Connell to think we're running him out of his house," said trustee Earl G. Marshall.

The board then agreed that negotiations might bring out a "good offer" for the entire parcel, including the house.

At last week's council meeting, parents appeared en masse to protest rezoning of the property from agricultural to commercial use. One said the zone change would triple the cost of property for an addition to the school. Others expressed concern for their children's safety if stores were built.

The school board, commenting on a request from County Counsel Warren E. McGuire that it negotiate through his office, voted full authority to the county counsel to negotiate for the property with condemnation if necessary.

The board approved two low bids. One, from Ceccotti and Son, includes all drainage work to be done at Novato High School. In a field of five bidders, the Ceccotti company bid low at $22,525 compared to a high of $32,044 by O. C. Jones.

Gillig Brothers bid a low of $17,966 each to deliver two new school buses for 79 passengers each. One other bid was received from Crown Coach for $18,168 each. Trustees accepted the low bid and agreed to pay for the buses over three years for a total cost, insurance included, of $38,089.86.

Trustees agreed that school personnel should be present when groups use school facilities in the evening. Cost of the personnel, they agreed, should be absorbed by the civic center fund.

Interscholastic sports at Hill School should be continued through the school year with the possibility the program can be dropped next year in favor of a city-wide program run by the new city recreation director, trustees said.

The board also accepted a refrigerated drinking fountain in the cafeteria at Novato High School purchased by the student body there and agreed to buy seven new uniforms for the school's band.

More Lending Power

WASHINGTON (AP) — Official concern about the lagging economy has brought an unusual move by the Federal Reserve Board to increase the lending power of the nation's banks.

The easing of credit will be accomplished by reducing the amount of money member banks must keep on hand as reserves backing saving and prime deposits.

Required reserves will be cut from five per cent of deposits to four per cent on Oct. 25 in New York, Chicago and other major cities. The reduction will become effective in smaller communities on Nov. 1.

TODAY'S EDITORIAL

We Pledge Anew Our Full Dedication To Serving You

Like a mother on Mother's Day, we must admit that we like to hear nice things said about us during National Newspaper Week, which is this week.

But like a mother, we worry too about those things that we produce, your daily newspaper.

Long gone is the day of the one man newspaper. Putting out a paper the size of the Independent-Journal is a full time job for 140 individuals trained in their own particular jobs, and for another 25 or so regular part-time workers.

Delivering the paper to your door today are 596 newspaperboys, young merchants conducting their own businesses, buying their papers from the I-J wholesale and selling them to you retail. Tomorrow is National Newspaperboy Day paying special tribute to our young cohorts.

To each one of these workers the product you receive is all important. Each one of them wants it to be the best possible, for your acceptance of it means, in hard, cold fact, their jobs.

We want to give you a paper which will accurately, fully and responsibly inform you of what is going on in Marin County, the state, the nation and around the world. We want our news columns to be unbiased, our editorials to give vigorous, informed leadership and be constructively critical.

This week, while receiving accolades, we stand back and look at our product, your newspaper. We are proud of what we have produced in the past year, we are pleased that your increasing purchase of it indicates you like it, too.

But we see many things which need further attention, things we know about, things we are working on, but things that still need improvement. These things vary from errors of fact (which we consider unpardonable) to the paper being thrown on the roof (which we also consider unpardonable).

We are working diligently on all of them while at the same time investigating and adopting new and better ways of getting your news and newspaper to you.

And for another year, we pledge our continued dedication.

ENCOURAGE, DON'T DISCOURAGE

After one candidate was defeated at the polls, he ran this notice in a local newspaper: "I wish to thank all those who voted for me in the recent election. My wife wishes to thank all those who voted against me."

It is a natural tendency to shield those we love from the misunderstanding and ingratitude so often the lot of those devoting themselves to public service. But you would do far better if you gave your moral support and practical backing to every competent person who is generous enough to assume the burdens of public office.

Don't take it on your conscience to discourage those imbued with the principles of morality, efficiency and economy. Failure to back them up may mean opening the way for the incompetent to staff your government.

Yes, God will bless you and you will do much good if you make it a practice to encourage rather than discourage.

"He who is not with Me is against Me, and he who does not gather with Me scatters." (Matthew 12:30)

Bless those, O Lord, who sacrifice their own personal interests to provide good government for everyone.

Happy People Best Qualified At Judging Others Correctly

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Those who are happy themselves, psychologists have found, are best at judging correctly the qualities of others. The unhappy man tends to see his own faults in the other fellow.

Women, generally, are also better than men at sizing up other people. Exception: Love blinds them to what's wrong in their own husbands.

Many doctors now agree that the first signs of an approaching illness often show up in a dream, long before the actual physical symptoms appear.

An old ruling in Washington, D. C., made it illegal for a man to marry either his grandmother or his mother-in-law.

Our quotable notables: "The more a man knows, and the farther he travels, the more likely he is to marry a country girl." — George Bernard Shaw.

During the 18th century, homes of the European wealthy often had two tubs in a bathroom—one for washing with soap, the other for rinsing it off.

Fewer than 10 per cent of those who diet to lose weight manage to keep it off. The simplest way to keep your weight constant is to cut down the amount of food you eat 1 per cent each year after the age of 25.

Can you name the only man who signed these four crucial documents in early American history—the Declaration of Independence, the U. S. Constitution, treaty of alliance with France and treaty of peace with England? He was Benjamin Franklin.

The Journal of the American Medical Assn. notes: "Scientists now tell us there are 1,600 things a married man can worry about; a bachelor has only 1,100 things to worry about."

PAPER MONEY was invented by the Chinese, but the world's most highly valued notes are those of $100,000 denomination issued by the U. S. Treasury and bearing the portrait of President Woodrow Wilson.

There is poetry in words. Our word muscle comes from the Latin term "musculus," meaning "little mouse," for the ancients truly observed our muscles move like little mice beneath the rampart of our skin.

A WHALE CAN dive a mile beneath the surface. A dog's noseprint is as individual as one of your fingerprints. Ants will eat practically anything people will.

It was Oscar Wilde who observed:

"We live in an age when unnecessary things are our only necessities."

10 YEARS AGO

County Supervisor William D. Fusselman said that if the general reserve fund of Marin County were kept at the legal minimum of $25,000 it would be a break for the taxpayers.

Jerry F. Hamlin of San Rafael went hunting with a six-foot bow and promptly shot two buck deer, each through the heart, while roaming the hills of Los Ranchitos tract.

Because Mrs. Catherine J. Rufer of San Rafael ripped her nylon stockings while walking into a courthouse jury room, county supervisors chivalrously authorized outlay of $1.55 for replacement.

Vet Exemption Discriminates

EDITOR,
Independent-Journal:

I am a veteran—proud to be one of the millions who served their country in its wars.

Being a veteran, I know that while I was away, the world moved on; when I got back I had to catch up as best I could.

While I was away, some of my buddies worked to get the GI Bill of Rights and other worthwhile legislation passed. Like many other veterans who bought homes, started businesses, I took advantage of that legislation.

This was only a recognition. I believe that veterans are deserving of no less consideration than the fields NOT plowed, the pigs NOT raised, or the guaranteed profit contract. I believe that veterans are just as entitled to rehabilitation as are urban eyesores.

As a veteran, I am not suggesting that the country carry me around on its shoulders for 20 years. But somewhere along the line "Veterans Preference" has become just a couple of words in the archives.

Being a veteran, I learned about freedom the hard way. I cannot comprehend why we must pay billions of dollars in taxes to give jobs to people of uncertain loyalty in other countries while we watch our buddies walk the streets looking for work.

I do not understand why our government is concerned about the pennies our fathers and mothers have saved, but never raises its voice when some dictator confiscates millions of dollars worth of American property in his country.

Being a veteran, I want no part of giving away my country, either whole or piecemeal. I have followed my Old Glory over too many ridges to be anything less than an old-fashioned patriot.

Being a veteran, I do not stop serving my country just because I took off my uniform or celebrated my 65th birthday.

And because I am a veteran, I am interested in veterans' exemptions.

The assessor's pamphlet of examples of exemption, Paragraph 6, says a male veteran is not eligible for exemption if either he or his wife owns property valued at $5,000 or more.

Paragraph 4 says if total community property exceeds $10,000 in value, claims must be denied. Although Paragraph 7 says that an eligible woman veteran can have exemption if she owns less than $5,000 in property regardless of the fact that her husband may own property far in excess of $5,000. In Example "B" in this same pamphlet, as figured, it amounts to $42,000.

In the re-assessment of the county the veterans of Southern Marin were raised while those in the northern part of the county still enjoy the lower rates. Again this shows a discriminating act of the law . . . Yet we talk of not discriminating race, color or creed.

As a veteran, I know this law was enacted in 1911 when conditions were far different from those of today. Yet, no legislation or governing body has done anything to correct this. So, don't blame the veterans.

Yes, being a veteran, I am more than part of just another "minority group." I am part of the greatest outfit of men and women dedicated to promoting, protecting and defending the Constitution of the United States of America.

Whether I am 40 or 80, I will stand on any firing line, in any battle of words, ideas or guns, anywhere in the world, in support of my obligations to my country; I will stand wherever my country needs me, for as long as it needs me, because I am a veteran.

I-J REPORTER'S NOTEBOOK

By AL BOCK

Clem Miller's Book May Prove To Be His Most Lasting Contribution

A congressman, like any other man, eventually has to stand on his record.

This is true after death even more than it is during his life. Thousands of Americans have lived and served as members of the House of Representatives and died—and have been forgotten.

If he happens to become Speaker of the House or gets his name tacked onto an especially good or especially bad bill, his chances for durability increase somewhat.

THERE ARE exceptions. After all the memorials and resolutions have taken their place as conventional tributes, I think Congressman Clem Miller stands a pretty good chance of lasting well beyond the memory of the first district and the Congressional Record.

It may be true that the Point Reyes National Seashore will be an everlasting monument to Miller, but this will take second place, eventually, to another, almost incidental, contribution from Miller.

A name on a plaque or grave at Point Reyes may mean little to sightseers 50 years from now.

A MORE ENDURING work, as far as Miller's intellect and personality are concerned, is a modest document called "Member of the House: Letters of a Congressman."

This collection of letters from Miller to a group of friends who did "the spade work at election time" was published the day after his death. As a book, it is not a great one. But as a report by an observant young congressman it should remain an integral part of the more readable literature on how Congress works, and why it works at all.

Miller relates his experiences in the House of Representatives during the period of 1959-1961. The account includes lively references to Miller's annoyance at the difficulty of "selling" a bill to the Eisenhower administration and the superficiality of the novel, "Advise and Consent."

But the letters are more than an informative (and informed) story of Washington politics at a particular time.

Because he is not a political scientist or any other such expert, Miller brings first-hand insights into the sometimes dreary, sometimes dramatic, always complex workings of Congress.

ARRIVING IN Washington with bright ideas and legislation in hand, all ready for the enthusiastic approval of his colleagues, Miller at first expresses a kind of Mr. Smith-Goes-to-Washington dismay at the way things really are.

But while waiting and watching, Miller learns a lot, and so does the reader of his letters. He illustrates generalities about the traditions and intrigues of House committees with colorful examples . . . In a few lines he conjures up a memorable impression of the awesome power of the Speaker (in this case the late Sam Rayburn).

MANY BOOKS have been written about Congress, but this is most likely one of the few that brings full force to a non-politician, and non-veteran politicians, too, the personal maneuverings and hard work that shape national legislation.

The Miller letters are valuable because they are from a man who was there and brought a clear style and intelligent mind to his work. They should be valuable to students of Congress (and shouldn't we all be?) for many years.

We in the first district may not have known until too late that we were represented by a rather wise man. His book is evidence of that.

ROSCOE DRUMMOND

Massachusetts Is Kennedy State But Popularity Not Transferable

BOSTON—Nearly all the poiltical signs here point the same way—that the state of Massachusetts is about to become, more than ever, the state of Kennedy.

What the Kennedys want, the Kennedys get in Massachusetts with the decisive and enthusiastic approval of the voters who are apparently about to show that, far from resisting, they prefer putting another Kennedy (Edward, youngest of the brothers) at the top bracket of power in Washington.

The Republican senatorial nominee, George Lodge, who served creditably in the Eisenhower administration, is putting up a stalwart effort to make it a contest. But I cannot see that thus far he has been able to pose any sharp issue against Ted Kennedy or to persuade the majority of voters that Ted cannot in some way or another do more for them than anybody else.

THIS CONTINUES to be the central theme of Ted's campaign for election. There is little evidence that Lodge is successfully countering it.

The issue on which Lodge would like the Massachusetts voters to decide their choice is whether, as he puts it, they want a "senator with an independent voice" to represent them in Washington or a "senator with family ties." The judgment of most observers is that only a serious Ted Kennedy blunder—plus a daring Lodge recovery of a Kennedy fumble—could possibly turn the tide.

BOTH CANDIDATES are campaigning furiously. Lodge usually operates with a three-bus motorcade with all electronic equipment to put on a rally at an instant's notice at any place. The lead bus keeps about a half-hour ahead of the oncoming candidate with the objective of luring a good crowd to the curb by the time "the man" arrives.

Ted Kennedy is introducing no novelties in campaign techniques, but he is indefatigable. He seems to be determined to shake every hand he can reach from the Charles River to the Hudson.

What both candidates are exhibiting is political personality with a smile. Because Lodge has not thus far been able to fasten on a political issue of substance that divides him from Kennedy, the choice between the voters seems more and more to turn on personality.

WHEN I SAID that the state of Massachusetts seemed about to become the state of Kennedy, I did not mean that everything is going Democratic here. The voters seem ready to give the Kennedys any office they seek, but this popularity is not transferable.

Massachusetts voters are inveterate ticket-splitters. They gave President Kennedy a 500,000 majority in 1960, but simultaneously they elected Republican Leverett Saltonstall to the Senate by 300,000 and Republican John Volpe as governor by 100,000.

Even a Ted Kennedy victory would probably not unseat Governor Volpe.

Main Phone Toll Cable Repaired

The main telephone toll cable connecting San Francisco and Marin was repaired around 2 p.m. yesterday after having been accidentally cut by a Marin Municipal Water District crew at 10:43 a.m.

Calls normally handled by the cable, which can carry more than 3,000 conversations at once, were immediately re-routed through Santa Rosa, Oakland and Richmond according to a pre-arranged disaster plan, said Gordon Davenport, local manager for the Pacific Telephone and Telegraph Co.

"Our customers were probably unaware of the damage because our re-routing went so smoothly," he said.

The cable was partially severed by the water district crew as it dug at Johnson and Caledonia streets, near Juanita's Galley in Sausalito, to tap a 16 inch water line which parallels the cable.

Davenport said an eight-man telephone repair crew excavated the cable, stripped off six feet of cable sheath, dried it and replaced it by 2 p.m. About 230,000 calls from San Rafael are made over the cable daily, he said.

Schulmerick Carillons of Sellersville, Pa. has maintained an elaborate system of organ and bells in the fair's Space Needle.

Nixon Offers Five-Point Program To Make California Highways Safe

By CHAPIN A. DAY

ABOARD NIXON CAMPAIGN TRAIN—Richard Nixon today offered a five-point program to make California highways "the safest in the nation" as his train rolled south of Los Angeles on the second day of his whistlestop coastal tour.

Last night in Santa Barbara, he charged Gov. Edmund G. Brown with attempting to turn California "into a giant puppet with the strings being pulled in Washington, D.C."

Nixon said that Brown, in a nationwide television show, had called on voters to put Democrats in all 50 governors' chairs for the good of the country. The Republican candidate called this statement "shocking and irresponsible," implying that the United States should have a one-party system "alien to the founding principles of our republic."

He said Brown had also implied that the president might use his power in the allocation of defense contracts "to affect the outcome of a free election."

Nixon said he was sure President John F. Kennedy "would be the first to repudiate this shocking implication" and he called upon Governor Brown to "retract this embarrassing suggestion."

Saying he had supported President Kennedy's stand on atomic testing, Viet Nam and "in other crises like the one in Mississippi," Nixon reiterated his right and the right of the governor to disagree with the president.

Regarding Cuba, he said, "Californians are ahead of Washington" and "we do not want our generation to go down in history as the period when the Monroe Doctrine was allowed to die."

Nixon presented a five-point highway safety program in his first stop today at Pico Rivera, just south of Los Angeles. He followed up in speeches at Fullerton, Anaheim, Orange, and Santa Ana, which the train reached at noon. The trip winds up tonight in San Diego.

The program calls for:

1. Mandatory blood tests for drunken driving suspects, agreed to by drivers as a condition of getting their licenses;
2. Mandatory loss of license by convicted drunken drivers;
3. Jail sentences for all convicted drunken drivers;
4. Compulsory vehicle safety inspection;
5. Speeded-up driver education program, particularly behind the wheel.

Nixon also called for improved freeway construction and a rapid transit district for Southern California.

He charged that drunken driving in traffic accident cases has increased 21 per cent, but that when Robert McCarthy, former motor vehicle chief, attempted a crackdown, he was forced out of office by Governor Brown.

Earlier yesterday Nixon had pointed to Robert McCarthy, Democratic brother of Marin Republican Sen. John F. McCarthy, as the type of "high caliber man" he would appoint if elected governor.

Last night Robert McCarthy answered that men of high caliber in government "is surely not a campaign issue" because Brown also had appointed high quality men "without regard to party label."

Papers On Recall Due Soon

Alfred W. Bowman said today he would file a notice of intention to institute recall proceedings against Novato City Councilman John Angeloni with the city clerk "within a few days."

A notice of the intention was handed Angeloni during a city council hubbub over route of the Highway 101 freeway Tuesday night.

Following the filing with the city clerk, it would be necessary to get signatures of 25 per cent of the registered voters in Novato to bring the recall to a vote. This will require about 1,500 signatures and must be done in 60 days, according to Bowman.

Angeloni said today that he would not make any official statement until after Bowman has filed the recall papers with the city clerk.

County Clerk George H. Gnoss said that his office has nothing to do with the papers in a city recall election. After the petitions were turned in to the city clerk, Gnoss's office would check the signatures against the registration rolls.

Brown Says His Opponent Doesn't Understand Press

By ASSOCIATED PRESS

Gov. Edmund G. Brown today carried his Democratic candidacy today to the Los Angeles County Hall of Administration, Los Angeles State College, a shopping center in Los Angeles' Crenshaw District and —finally—to a rally in Beverly Hills in the evening.

Brown has suggested that his opponent, Republican Richard M. Nixon, doesn't understand the function of a free press. In an address to the Los Angeles Community Newspaper Publishers Assn. Thursday, the Democratic incumbent said:

"A few days ago, he (Nixon) accused the press of California of prostituting itself by putting questions to him which he did not want to answer.

"I submit this demonstrates a dangerous lack of confidence in the freedom of inquiry."

The governor commented that he felt he had received fair and impartial coverage of his re-election campaign by California newspapers.

San Rafael Elks Club Site Suggestions Due

Recommendation of a new site for the San Rafael Elks Club will be made by a newly appointed site selection committee on Nov. 1, it was decided at a meeting of the committee yesterday.

Chairman Angelo Turrini said that although the committee has reduced an initial 12 recommended sites to three, necessity for careful check on details of these three made it impossible to come to decision as to recommendation yesterday.

Equalization Of Classes Due Sausalito

Equalization of fourth grade classes between Richardson Bay and Bayside schools is to be discussed Monday by trustees of the Sausalito School District.

Four parents have objected, Supt. Marcus F. Davis said today, to the proposed moving of Joan Bernal's class of 16 from Bayside to Richardson Bay but are advocating moving students rather from Richardson Bay to Bayside.

Objections followed an explanation Wednesday by Miss Bernal of the proposed transfer, Davis said.

He explained the problem of equalization arose when classes were diminished at Bayside with the moving away of families from the Army fort areas. This left three fourth grade classes—one with 16, one with 21 and another with 24 pupils. The two fourth grade classes at Richardson Bay have 36 and 30 pupils, respectively.

A discussion of integration within the district is also on the agenda for Monday at 8 p.m. in the district office.

Jury Is Chosen For Prison Murder Trial

A jury of two men and 10 housewives was picked yesterday to decide whether San Quentin convict Taylor N. Chambers, 27, should go to the gas chamber for assault.

Asst. Dist. Atty. Bruce B. Bales accuses Chambers, a Los Angeles robber, of clubbing to death Richard M. Rios, 31, another inmate. Rios, an Orange County auto thief, died on Oct. 3, 1961 after a melee in the prison exercise yard.

Chambers is accused under a section of the Penal Code which makes death mandatory for a life termer who commits fatal assault.

Deputy Public Defender Jerome C. Durham is representing Chambers.

After three days of jury picking, the following were sworn in before Judge N. Charles Brusatori of Marin Superior Court yesterday:

Nels E. England of Sausalito, maintenance man for school district; Mrs. Donna P. Nelson of Mill Valley; Mrs. Helen F. Healy of Belvedere; Mrs. Beverly Riding of San Rafael; Mrs. Lorena Kaehler of Novato; Mrs. Elizabeth G. Flagerman of Mill Valley; Mrs. Merna L. McIntosh of Corte Madera; Mrs. Dolores C. Gemmell of San Rafael; Mrs. Rosella Pelling of Novato; Roland M. Seaton Jr., San Rafael insurance man; Mrs. Ruth F. Zaro of Larkspur, and Mrs. Isabel A. Krieg of Larkspur.

Two alternate jurors are Peter J. Oakander of San Anselmo, maintenance man for theological seminary, and Albert F. Mondot of Fairfax, market clerk.

The trial will resume Tuesday at 10 a.m.

Hearing At Oxford

OXFORD, Miss. (AP) — The Student Judicial Council has started closed hearings on charges against at least 11 University of Mississippi students growing out of campus riots Sept. 30.

Sources said yesterday at least three cases have already been heard. The council's recommendations will go to the students affairs dean, L. L. Love, who will inform the students what—if any—disciplinary action has been taken.

No public announcement is expected until after all cases have been heard and decided.

James H. Meredith, the Negro student whose appearance at Ole Miss set off the rioting, ends his third week as a student today.

Watkins Estate Fixed At Over Million Dollars

Value of the estate of the late David Watkins of Fairfax, pioneer executive of the California State Automobile Assn., has been fixed at $1,261,338.99 by state inheritance tax appraiser Lee Holman.

Attorney John Barton O'Brien of San Francisco has filed the inventory and appraisement in San Rafael for the Bank of America and George Smith, a nephew, as co-executors.

O'Brien said today that the large estate will be shared by Watkins' two sisters, Mrs. May Morley and Mrs. Maude Michael, who have been living in the family home in Fairfax; a niece, Mrs. Corrine Smith of San Francisco, and other relatives of his deceased wife together with a few friends.

Watkins died in a Tiburon rest home last April. A native of Nebraska, he came to California in 1913 after forming the Kansas State Automobile Assn. and served longer as an auto club manager than anyone else affiliated with the American Automobile Assn.

Final Public Hearing On Terra Linda Parks Set

A final public hearing on parks proposed for the Terra Linda area of San Rafael will be held at 8 p.m. Thursday in the Vallecito Junior High School by the San Rafael Park and Recreation Commission.

During a September hearing, commissioners told residents there they would have new parks only if they could beat subdividers to the remaining land.

DINING OUT AND INNS

By HARRY CRAFT

With Stormy Weather Gone, It's Time To Head For Bolinas

With stormy weather over for the time being it's not inconceivable you might be tempted to venture out beyond the 12-mile dinner limit. And if it happens that Bolinas is your objective we'd suggest you look in at **Tarantino's** which specializes in fresh seafood delicacies of the season.

Tony Tarantino tells me it's now the best time for oysters on the half shell and he has clams all the time—steamed and in chowder.

This is a quiet family place—no liquor except beer—and it only seats about 70. In no time at all that many customers can pile up if a number of people have the same idea at the same time. So if you're averse to waiting it's a good idea to phone ahead for the "tide" report.

Closes at 9 p.m. weekdays—earlier if the weather is bad. Open Sundays and holidays until 7 p.m.

DOMINIC'S Harbor Restaurant in San Rafael has its wine cellar where everyone can see it—just inside the door. No need here apparently to rely on National Wine Week to promote the power of suggestion. The cellar, along with Swiss-imported wine dispensers at the tables, are an ever-present reminder that a good vintage added to a good meal equals a special meal.

PETER ALIOTO'S new **Arbordale Hof Brau** will hold its official grand opening Nov. 1, from 8 p.m. to 2 a.m. **Johan**, the Bavarian minstrel, will perform at the revived Sausalito brauhaus (on El Portal at Bridgeway).

The Arbordale has been open several weeks, but it's traditional among restaurants and other businesses, for that matter, to defer "grand" openings until little problems have been smoothed out.

CHANGES? "We don't have any," claims **Tommie Cox**. "The same menu we've had right along with the same drinks. I guess both must be good; there are no complaints."

Which indicates **Tiburon Tommie's Pier 41** knows a good thing when it has it and isn't about to change the status quo. But if you've never been here it's still **new to YOU.**

Polynesian and Cantonese cooking — the best kind by **Johnny Won** who, having mastered his trade, is obdurate enough to do the same things in the same way as long as they satisfy.

Plenty of room upstairs in the Maori Room for banquets and luaus.

HOMEMADE RAVIOLI by **Louis Onofrio** at the **Ranch House**, San Anselmo, are the big thing. Manager **Dick Argento** tells me customers are eating them up like hotcakes—without syrup, of course.

BEADED BAGS—the **Charcoal House** wants more of them.

This Larkspur restaurant already has 65 oldtimers in its wall display collection which is the largest in the area, no doubt, but there is room for additions and they're hard to find.

Might be if you've got one in your attic or an old trunk and it's good enough to display you can end up with a free dinner from **Charlie Dulcan** and **Tom Harshbarger.**

FRIENDS of **Lee and Aileen Warren** (Lee used to be a district manager for Wilshire stations in Marin) will have the opportunity to renew old talk and wish them well in their new venture if they are in Burlingame.

The couple recently took over the **Piccadilly** at 1461 Burlingame Avenue and are making great headway with restaurant and cocktail lounge. Open for lunches and dinners — but closed Sundays and holidays.

GENE PAH is back in San Rafael—or will be next Monday when he starts cooking the lunches at the **Patio**, 869 Fourth Street. Featured will be a 95-cent merchants lunch and if Gene hasn't lost his touch (which I doubt) you can count on a first-rate meal. You may remember him when he was at the Music Box.

PURPOSE of the **Fleur de Lys** Wine Harvest Contest this month seems to have escaped some would-be entrants.

You can't enter this one by mail—even if you've cooked up the best 80 words you ever wrote testifying why you enjoy wine with your meal at the San Anselmo restaurant.

You'll have to visit in person and have dinner before you can qualify. Which is only fair, since **Robert Charles** is laying out $500 for prizes and he should be entitled to get some of it back. Pick up your entry blank after you've eaten, and if you need some time to think over your choice of words I imagine mailing it back would be acceptable.

Better make it good. I've been asked to be one of the judges and it's **my** turn to decide how capable YOU are at this sort of thing!

STEAKS—Among the finest I've ever eaten are those of **Ramona's**. Served grilled, as a steak sandwich or a la Mexicana—anyway you order them is probably the right one. Beats me which is best—but are they delicious!

Teacher License Plan Attacked

BURLINGAME (UPI)—A spokesman for the California Teachers Assn. has attacked what he calls "laundry list credentialing methods" for licensing teachers in California.

Dr. Charles Hamilton said the main value of the new regulations now under study by the State Board of Education would be to maintain a large state bureaucracy to check college transcripts against a list of required courses.

"We should realize that the same course titles on transcripts from different colleges, instead of insuring equivalent preparation, may represent quality variations from miserable to excellent," Hamilton said.

'VINLAND' HISTORY

National Wine Week Starting Tomorrow

National Wine Week starts tomorrow and you can give Hernando Cortez, Spanish conqueror of Mexico, at least part of the credit for the fact that California figures in it so prominently.

Leif Erickson had discovered grapevines growing in North America when he landed some 500 years before Cortez, but he didn't do anything except talk about it and call the country "Vinland."

It wasn't until the late 1700s that these native varieties were domesticated and successfully crossbred for winemaking.

But Cortez stipulated that winemaking become an industry in the New World and ordered land grant holders to plant European vines brought from Spain.

Wine growiing spread from Mexico northward into California with Padre Junipero Serra and the Franciscan fathers who found it naturally favored for viticulture.

More than a century later it was destined to rank among the famous wine regions of the world.

The Spanish grape of the Franciscans has never been clearly identified. It made some good wines but others were lacking character.

Jean Louis Vignes, a Frenchman from Bordeaux and a commercial grower of the early 1830s, was the one to realize that choicer varieties must be brought from Europe.

He started it, but the great change from the Mission grape to pedigreed European varieties is credited to Agoston Haraszthy, a Hungarian nobleman who settled at Sonoma in 1857.

During the Civil War he spent five months visiting important European wine districts and brought home 100,000 cuttings which were sold to growers in all parts of the state.

Native American grapes of the eastern United States made a big contribution to the industry after phylloxera, dreaded insect pest of the grapevine, laid waste European and California vineyards alike in the 1870s and 1880s.

Native vines proved to be immune and the others were eventually made safe by grafting them to the hardy native roots.

Western American and European grapes today are "brothers under the skin."

Wines produced from them are similar but in some cases may be distinguished in flavor, due to climate and soil differences.

To each its own—we salute them both during National Wine week.

THEY GET IT ALL WITH TRADING STAMPS

A new store opened yesterday at 28 Bellam Boulevard in San Rafael, across from Motor Movies, at which no cash is used except to pay sales tax. Earlier visitors are seen examining the merchandise—and one woman making out an order—at the Blue Chip Stamp Redemption Store. Seventy-two Marin firms give the trading stamps. Until opening of the San Rafael store yesterday, it was necessary to travel to Richmond to redeem the stamps. (Independent-Journal photo)

Art Festival Is On Again In Mill Valley

Two teams of Tamalpais High School coeds will take turns getting dunked in a tall tank of cold water as part of the fun at the Mill Valley Fall Arts Festival which opens at 5 p.m. today.

The festival continues until 10 p.m. and will be open from 10 a.m. to 10 p.m. tomorrow and Sunday.

The dunking pool, to be operated by the Mill Valley Junior Chamber of Commerce, is one of a number of concessions. Customers will throw a ball at a target which releases a lever to drop a girl into the water.

The Mill Valley Lions Club has set up rows of logs, staked in place, to be the seats at the festival theater. Here entertainment will be given tomorrow and Sunday. Mayor Joseph E. Sheeks will award prizes to artists at 3:30 p.m. Sunday.

Steam beer and pretzels will be served in cafes along the sidewalk of Throckmorton Avenue, manned by volunteer firemen, according to Mrs. Leland Shain and Mrs. Robert O'Connor, festival co-chairmen.

Youngsters, under direction of Vic Poulsen of the park department, have taken charge of cleaning Old Mill Park. They are also camping out nights in the park to guard equipment.

Festival entertainment was revised somewhat, according to entertainment chairman Jill Donhoff, since the fete was rained out last week. The schedule is as follows:

Tomorrow, starting at 6:30 p.m., highlights from the "Wizard of Oz" by the Mill Valley Junior Theater; Dick and Marguerite Ford with Judy Modell, "Los Desperados," flamenco dancers; Leg O' Mutton group from Sausalito Little Theater, presenting favorite oleo acts.

Paula White, Belgian folk singer, will sing on the festival grounds starting at 3 p.m.

Sunday, 1 to 3 p.m., Guckenheimer Sourkraut Band. Paula White will sing starting at 3:30 p.m.

MARIN FILM FARE

'Chapman Report' Slated

By LES DARD

There is a variety of films on Marin County screens this weekend:

RAFAEL THEATER

"The Chapman Report," Kinsey-inspired Hollywood study of four women, opens Sunday.

The film features the big-name talents of Efrem Zimbalist Jr., Shelley Winters, Claire Bloom, Glynis Johns and Jane Fonda. The texture of George Cukor's direction is uneven, but overall there's considerable entertainment here — for adults.

Shelley Winters plays an unfaithful housewife. Claire Bloom is most impressive as a divorcee.

Jane Fonda plays a widow who is afraid of life. Glynis Johns is unhappy with her aesthetic husband.

Unusual, and strictly for adults.

MOTOR MOVIES

Eliot Ness and television's crime-busting Untouchables pack a lot of excitement into "The Scarface Mob," opening Sunday.

Keenan Wynn co-stars with Robert Stack as the two federal agents in pursuit of Scarface Al Capone, played by tough-talking Neville Brand. Narration, as on television, is by Walter Winchell.

If you've watched "The Untouchables" on television, you have a pretty good idea of what to expect here: tommyguns blazing, bodies thrown from speeding touring cars, barrel-smashing brewery raids and the seven Untouchables fighting their war against the hoodlums.

LARK THEATER

It's a case of the more murders the merrier in "What a Carve Up," the British mystery-comedy now showing.

Kenneth Connor plays a proof-reader who shares an apartment with bookie Sidney James. When Connor is summoned to a remote castle in the moors to hear the reading of his uncle's will, James goes along.

The storm breaks as they arrive—naturally—and they find the house peopled by the usual bunch. The will—which satisfies no one—is no sooner read than the first victim is found, and we're off on a round of slaughter.

101 DRIVE-IN AND TAMALPAIS

Tennessee Williams' ugly, powerful "Sweet Bird of Youth" lands at both theaters on Sunday, with some of the best dramatic performances of the year. And the theme is not nearly as far out as we've come to expect from Mr. Williams.

It's the story of a male parasite who preys on women, whose stock-in-trade is his youth and masculinity. Paul Newman plays the role with outstanding skill.

Geraldine Page earns top honors for her role as the fading movie actress who buys love from Newman and takes alcohol and dope.

Again, strictly for adults.

SEQUOIA THEATER

Rome is the setting for "Two Weeks in Another Town," starring Kirk Douglas, Edward G. Robinson, Cyd Charisse and George Hamilton. It opens Sunday.

Douglas plays a movie star on the skids. He gets word from his director, Robinson, to come to Rome to help finish a film.

When Douglas arrives, he finds he was called not as an actor but to work on the sound track. It's a bitter blow to his ego, but he makes the adjustment and emerges the better man for it.

Meantime, he fights off the advances of his rather wild ex-wife, Miss Charisse, and finds true love with Dahlia Lavi, a young and strikingly beautiful French actress.

NOVATO THEATER

Walt Disney comes back on the double with a re-issue of his marvelous "Lady and the Tramp," story of a well-bred spaniel and a gay mongrel, and a new film called "Almost Angels."

The latter is an unusual story woven around the world-famous Vienna Boys Choir, which has nearly 300 years of tradition and artistic achievement behind it. Disney uses a simple, pleasant story to carry a generous program of the choir's music.

The boys' wonderfully trained voices are heard constantly in the old Austrian palace they call home and school, in the European countryside and along the Danube.

TIBURON PLAYHOUSE

A charming romantic comedy with an Oriental flavor and exceptional photography, "My Geisha" is now showing. It stars Shirley MacLaine, Yves Montand and Edward G. Robinson.

Shirley plays an American screen star, Yves the husband who has acquired fame as her director, Robinson the producer.

When Yves decides to do "Madame Butterfly" on his own in Japan and use an unknown Geisha in the lead, Shirley makes plans of her own.

FAIRFAX THEATER

"Viridiana," the masterpiece of Spain's leading director, Luis Bunuel, is held over a week at the Fairfax. It is a story in which evil triumphs over purity.

Viridiana is a novice nun who visits an aging uncle on the eve of taking her vows. Overcome by her beauty and resemblance to his dead wife, the uncle dopes the girl, dresses her in his wife's wedding gown and attempts to make love to her. Then, overwhelmed by remorse, the old man takes his own life.

The girl believes she has been violated. To atone, she invites beggars, bad women and every manner of evil person into the mansion. They take advantage of her, thinking she is mad. She becomes the center of an orgy as vile as anything ever brought to the screen.

In the end, she seems to succumb to the evil around her.

A movie for adults.

Jingle Of Yule Coins Due From Banks

More than 12,000 Marin County members of fast-growing Christmas Club saving plans will soon receive checks totaling about two and one-third million dollars.

These will be mailed out by five banks, with 25 offices in various parts of the county, and one savings and loan association.

The average amount of the checks as calculated from results of a survey today will be just under $200.

This is believed to be well over the average elsewhere. For example, Crocker-Anglo National Bank throughout its 118-office system expects to pay an average of $180, but in Marin County the average for its Christmas Club members works out at $193.

Every participating institution reported growing interest, with more members saving more money than in previous years.

Crocker-Anglo reported the largest Christmas Club total in the county with the largest number of members as well and expects around mid-November to mail out 4,400 checks aggregating about $849,000.

Overall throughout its system Crocker-Anglo will make the biggest such distribution in its history, sending out $9,130,855 to 50,841 members as compared with $8,869,171 last year.

Not far behind will be Bank of America which plans to distribute a total of $749,684 to its 4,168 Marin County members. The average works out at $180, similar to the overall average for Crocker-Anglo.

Wells-Fargo Bank's 2,075 Christmas Club members are expected to get about $420,700. Of this $135,300 will go to 690 recipients in San Rafael but San Anselmo with slightly fewer members will draw a little more, $137,300 being split among 588 recipients.

Mill Valley's 570 members will receive $93,600 and the Sausalito office will distribute $54,500 among 227 members. Throughout the county the average savings calculates out at just over $200.

The Novato branch of the Central Valley National Bank reported that its figures are up about 20 per cent from last year, with $70,000 due to go this year to 450 members.

The United California Bank in San Rafael reports a contemplated payment of $24,000 distributed among 130 depositors.

In all cases it was necessary to estimate to some degree since the period of accumulation is not over for the banks.

Striking is the showing of Northwestern Savings and Loan Assn. in San Rafael, in that its average of payments will be nearly $240. Checks will be sent out Nov. 1, earlier than the banks, and the higher interest rate of savings and loan associations was felt to have proved attractive.

With more than 850 depositors, Northwestern expects to send out checks aggregating $203,675. This is about one-third above last year when 700 Christmas Club members received $149,886.

Special permits are required from savings and loan associations wishing to embark on the Christmas Club savings operation. The successful operation by Northwestern Savings and Loan hasn't passed unnoticed by its Marin County competitors and another year is expected to find others helping to brighten the holiday shopping assets of their depositors.

Enchanted Park Trial Resumes In Marin

Mrs. Mary Summers, former county planning director, resummed the witness stand today to testify in the court battle between developers of Enchanted Park and the City of Mill Valley.

The trial is being held before Judge Leonard A. Thomas in Marin Superior Court.

The developers called Mrs. Summers to the stand yesterday in an effort to show that no emergency existed last May when Mill Valley passed an ordinance to change the zoning from multiple residential to recreational and that the planned development is not detrimental to the community.

Mrs. Summers testified that the City of Mill Valley, in a number of instances, has not followed any of its several master plans.

Peter Hunt, Leonard J. Bloom and James M. Fletcher, attorneys for the developers, contend that the developers went to considerable expense to lay out plans for 100 acres of land on the west side of Highway 101 south of Alto Intersection.

Developers are John A. Alexander, Sherrill Broudy, Eugene C. Harter and Warren R. Odenthol. They allege they applied for a permit for apartments last May, but the city passed an urgency ordinance rezoning the area for recreational.

The developers say they had planned to put in one-family homes and apartments on the hill areas, apartment houses and commercial at the southern point next to Richardson Bay, and about 33 acres of parkways.

The developers are asking the court to allow them to build apartments and a commercial area at the point, and a planned unit in the hill areas. They seek $1,000 per day damages.

Leland H. Jordan, attorney for the City of Mill Valley, will begin presenting his case as soon as the developers complete their case.

State Employment Gets Speed System

SACRAMENTO (UPI) — The State Department of Employment has inaugurated a new communications system designed to speed the matching of applicants and job openings throughout the state.

Department director Irving Perluss said a special teletype system would link the department's seven professional network offices and area offices in Los Angeles and San Francisco with the main office in Sacramento.

Perluss said the network is expected to cut from two to three days off the time now required to exchange job information by letter among the departments professional offices.

A STOP IN THE FAST LANE

William Humphries of the Marin Fire Department (left) and California Highway Patrolman Gordon Bechtold inspect car that was rammed after it stopped in northbound left lane of Highway 101 north of Greenbrae interchange yesterday. The driver, S/Sgt. Joseph M. Capps, said he stopped because the hood flew off one car ahead and jammed beneath another. Treated for minor cuts and bruises were Capps, of 1600 Vendola Drive, Santa Venetia, a soldier at Fort Cronkhite; his wife, Sidna, their 2-year-old daughter, Cindy, and Edmund J. Waterfront Junk Clearing To Start

Plans were announced today to start clearing the waterfront of "junk" for the multi-million dollar Sausalito waterfront development by Sausalito Properties Inc.

At the same time it was learned that a number of Sausalito citizens were protesting that the city council "let them down" by approving the project Tuesday night.

The project, once described by Councilman Philip S. Ehrlich Jr. as "the most sweeping development ever presented to the City of Sausalito," was given council approval by 3-1 vote. It is to include two peninsulas to be made on filled land in Richardson Bay. Pine Street peninsula is to be principally in shops; Litho Street peninsula is to have 69 apartments and a 210-room hotel.

John Lord King, Belvedere architect and a director for the firm, said the first effort will be "to get rid of a lot of junk along Bridgeway between Locust and Napa streets and to get one dirty backwater filled."

Only structures in the area are five arks, four of which are occupied. All must be removed, King said. This clean-up is expected to be finished by the end of the year, he reported.

The greatest part of the fill is already in, King said, for the park near Napa Street the city is to get in exchange for underwater city streets. He said the park will be about one-fourth again as large as Union Square in San Francisco.

King said a constitutional amendment, to be on the Nov. 6 ballot, "will make it feasible for a physical trade rather than having a dollar-for-dollar lease." If the initiative fails, he added, a 50-year lease is to be arranged with streets being leased for about a $1 a year.

"I'm disappointed," said George R. Kowski, long an advocate of waterfront preservation. "While I don't agree in government by referendum, I feel that the people should have been permitted to make the decision and not the city council.

". . . They have not preserved the waterfront as their campaigns had committed some of them to do."

Raymond G. Gergus, chairman of the citizens committee which fought for park and recreation area in the Napa-Litho area, said today he did not object to the hotel development but felt the Pine peninsula with its emphasis on "tourist type shops" was not needed in Sausalito.

Gergus added that the general plan in the area of Pine Street calls for yacht harbor. "If the people have changed their views (from the general plan) why don't they find out the way people feel about it first?" he asked.

Councilman Michael Harris, lone dissenter in the Tuesday action, said today: "I voted against the Pine peninsula plan because I do not think it is in the best interests of Sausalito to permit construction of a neck of land into the harbor area for tourist-centered shops.

"I think the developers' plans for a residential island off Litho Street are esthetically pleasing, but I hope the city council will not permit the construction of a proposed convention center on the little island." (A proposal was made for possible inclusion of convention facilities to handle 300 people.)

Recreation Group In Sausalito Unhappy About Waterfront Plan

Sausalito recreation commissioners last night declared their disappointment over city council approval of commercial-residential development of the waterfront by Sausalito Properties Inc.

The commissioners complained the council "failed to provide for some park area on the immediate waterfront."

Commissioner James E. Muldoon said the board feels the park, which is proposed to face a lagoon which opens onto a 100-foot view between buildings, should be on the open water. Chairman Willard A. Hall expressed hope that future negotiations by council with the developers will result in a "substantial park area."

Mayor Paul Micou, present in the audience, as was Councilman Jan Paul Dyk, told the commission he believed it might be possible to have as much as a 140-foot wide channel, to be acquired by trade. Under the developer's proposal there is to be public access in the lagoon from park to open water for use of small boats.

The commission had been on record requesting the city to acquire the entire nine acres of the proposed development for park and recreation facilities.

The commission appointed Commissioners Kathleen Krajeski and Muldoon to try to find an area for a neighborhood park in Old Town, possibly on city-owned land.

Commissioners accepted the resignation of Commissioner John R. Minton, who gave pressure of business as his reason for leaving.

Landscape architect Lawrence Halprin's plans for development of Cloud View Park were recommended for city council approval, subject to changes recommended by the city manager and department heads. Cost is to be $21,000. The architect's fees are being paid by William Roth, who leases the land to the city.

Bolinas Sanitary, Utility Units Vote To Consolidate

Consolidation of Bolinas Sanitary District with Bolinas Public Utility District was approved last night at a joint meeting of their boards.

The action, if approved by the county board of supervisors, will place the authority of the sanitary district in the hands of the utility district, permitting the sanitary district to be dissolved, according to Sherman Smith, director of the utility district.

Smith said this is expected to facilitate the search for a method of sewage disposal as required by the regional water pollution control board.

Action was taken by resolution, Smith said. All board members of the sanitary district voted for consolidation. The vote on the utility district board was 2-1, director James Bourne voting "no."

Carport Building Boom In Fairfax

The Fairfax Zoning Adjustment Board last night granted 15 variances from setback requirements to allow the building of carports.

It was the second meeting of the board, created by the city's Zoning ordinance adopted last spring. Chairman Roland Watts said the board was set up to hear variance requests so the planning commission might have "more time for planning.

The number of requests for exceptions to build carports has greatly increased, Watts said, since the council adopted an ordinance last month banning overnight parking on city streets.

Dobbs To Give Views On Geronimo Master Plan

County Planning Director B. D. Dobbs will make his final recommendations on a San Geronimo Valley Master Plan at the next master plan committee meeting Nov. 15. Meanwhile the scheduled October meeting set for yesterday was canceled because Dobbs was not yet ready.

After receiving Dobb's views based on information already developed before the committee, it is expected to circularize them to residents of the valley preparatory to final master plan decision expected in another two or three months.

Marin Gives $212,000 To Stanford

Announcement of an additional Marin County gift of $50,000 to the fund campaign of Stanford University was made last night by William Kimball of the county committee.

Kimball told a dinner of 125 alumni at the Peacock Gap Golf and Country Club that this boosts the Marin total to $212,000. It is hoped that this county will eventually produce a million dollars toward the three-year goal of 75 million dollars, to be matched by another 25 million from Ford Foundation for expansion of the university, he said.

Turnout for the Marin gathering was proportionally one of the largest, on a basis of number of alumni within the county, of the eight Bay Area dinners held last night, according to James W. Barnett of Corte Madera, dinner chairman.

W. Palmer Fuller II, San Francisco industrial executive, outlined the fund drive as principal speaker at the Marin dinner. The Marin gathering received a telecast of a speech in San Francisco by Stanford President Wallace Sterling.

San Rafael Boy Hit By Car; Foot Bruised

A 9-year-old San Rafael boy was examined for a bruised right foot at San Rafael General Hospital yesterday and then released to a private doctor for treatment after being hit by a car on Fourth Street between Cijos and Lindaro streets at 4:05 p.m.

San Rafael police said Marc Weinheimer of 27 Knight Drive darted across Fourth Street into the path of a slow-moving car driven by Paul Harold Hershey, 66, of 1417 Clinton Avenue, San Rafael.

To Issue Bonds

LOS ANGELES (UPI)—Southern California Edison Co. has announced plans to issue 50 million dollars of First and Refunding Mortgage Bonds, Series P, due in 1987.

Socialite Under Probe From State Kills Self

SAN FRANCISCO (UPI)—Socialite E. Pym Jones, under state investigation for possible embezzlement of $50,000 in his big insurance agency, took his own life yesterday.

The death of Jones, a first nighter at San Francisco plays for 30 years, came as a shock to his wife, friends and associates.

His wife, Aline, found his body slumped over the wheel of his 1961 Cadillac when she parked her own car in the garage of their expensive Presidio Heights home yesterday.

A .38-caliber pistol was still clutched in his hand. He was 56.

No suicide note was found although some business papers were found on the bed with instructions to let an associate handle them.

State Insurance Commissioner F. Britton McConnell said that his investigators had reported to him only hours before Jones ended his life that he had failed to keep a second appointment with them in his offices.

McConnell said his office had received several complaints over the past 10 days about Jones' firm.

The complaints dealt with cancellations of insurance policies by companies who said that they had not received payments of premiums. Persons who held the policies said, however, that they had paid the premiums to Jones, the agent handling the policies, according to McConnell.

Jones' wife was placed under sedation at the family home. The couple had no children, but Jones was survived by his mother, a widow in her 80s.

At 4 p.m. the retreat parade will be reviewed by Maj. Gen. John W. Harmony (ret.).

Unlike Past Years, 49ers Ready Physically For Crucial Battle

RANDOL

Every season has to have its "croo-shal," and as far as the San Francisco 49ers are concerned the time is now. If the Niners can manage to beat the Green Bay Packers in Milwaukee this Sunday, the Western Conference of the NFL will really come alive. A defeat, and we play the rest of the year for funsies.

No one in his right mind would give the nod to the 49ers over the horrendous Packers. It just doesn't figure. But, if ever the time was ripe, Sunday is the time for the picking.

First of all, the 49ers go into this game in one piece for the first time this year. If you will remember past seasons when championship prospects were far brighter for the 49ers, it was always just about this time that key injuries lowered the boom and we hit the skids.

Conversely, this time the shoe is on the other foot. From Green Bay come reports of injuries, the most important being the gimpy knee of All-Everything Paul Hornung. Season the report with the proverbial grain of salt and you still come up with the fact that this is the second game this year that has sidelined Hornung with injuries.

SO OFTEN the "walking dead" rise off their death beds to play 60 minutes of winning football. This time, I'm inclined to give credence to the reports. In every game, Hornung is a marked man with at least two defensive bruisers keying on him. Sooner or later the toll is taken.

To continue whistling in the graveyard, a little statistical research shows that no Western Conference team in 12 years has won the title with less than two losses, and no team in the modern NFL has ever gone undefeated for an entire season.

THE MIGHTY Packers are due for a fall, and the 49ers are of a mind to give them the shove that is needed. Coach Red Hickey has brought his reluctant warriors through a three-game winning streak, and the momentum is an advantage.

More important, the games won by the 49ers have featured a variety of attack. Born of necessity and executed with a degree of desperation, the Niners have found that quarterback John Brodie can throw the "bomb" to some speedy receivers, that Bill Kilmer and J. D. Smith can break through quick openers, that Bobby Gaiters can scramble, and that, if they must, he offensive line can block with the best of 'em.

SOME OF these facts must have come as a surprise to both the 49ers and their coaches. If all the factors could be combined in one game, the Packers could be beaten WITH Hornung. The pro teams are not that far apart in ability.

So it comes down to a combination of Hickey's grand plan of strategy and the vagaries of old Lady Luck. Neither of which is too reliable, I must admit.

This week I'll have to make my prognostication from both sides of my mouth. If the Niners can come up with two quick scores in the first quarter before the Packers start their meat grinder, I feel they can find a way to stay ahead the rest of the day.

But if the Packers take an early lead, it's Katey bar the door and the end of another dream.

49ers High For 'Crucial' With Packers

By HAL WOOD

SAN FRANCISCO (UPI)—The Green Bay Packers haven't been beaten for 13 games including exhibitions—and the last club to hand them a loss was San Francisco.

So Coach Red Hickey of the 49ers isn't exactly quaking with fear as he gets his boys ready for their big encounter in Milwaukee on Sunday.

"We are 100 per cent healthy for the first time this season," says Red. "We have no complaints there. There's no doubt about it. The last three weeks our ball club has come on. It's more aggressive and more determined."

The last time Green Bay lost a game was to San Francisco on the second to the last battle of the 1961 season. So Hickey probably isn't as shook up as most coaches at the thought of tangling with the world champions.

Fresh from their last-quarter conquest of the favored Chicago Bears, the 49ers are riding the crest of a tidy little three-game winning streak after opening the season by losing their first two battles.

And optimism prevails at the training camp, just 30 miles south of San Francisco.

There's the possibility that Green Bay's loss of Paul Hornung may have boosted the spirit of the San Franciscans. But Hickey won't go for that.

"Yeah," drawls the coach. "When they lose Hornung they drop down all the way to Tom Moore and Elijah Pitts. And the records show that the highest scoring games of the Packers come when these two men are in there playing. So we can't take much comfort from the fact we don't have to meet Hornung."

Never has Hickey been so well supplied with well-conditioned backfield talent as he is for this game. He'll start John Brodie at quarterback, of course. In there with Brodie will be Bill Kilmer, J. D. Smith and Bernie Casey.

Jim Johnson, the man who caught the 80-yard touchdown pass from Brodie last week, will see a lot of action.

"He'll be in there either as a flanker or a spread end," says Hickey. "And another guy who'll get plenty of work is Bobby Gaiters."

Gaiters is the boy who was obtained from the New York Giants, but has been on the injury shelf.

"Green Bay's win streak started after we beat them last time," says Hickey, who then adds hopefully: "Maybe we could stop them again."

Roberts In Comeback Of Year

NEW YORK (UPI)—A 60-cent telephone call springing from the respect of one pro for another resulted today in pitcher Robin Roberts of the Baltimore Orioles being honored for making the No. 1 comeback of the major league baseball season.

The 36-year-old right-hander was named by the 24-man board of UPI baseball experts on the strength of a 10-9 record with the Orioles—all after he had been given his unconditional release by the New York Yankees on May 15.

The telephone call was made by General Manager Lee MacPhail of the Orioles. Roberts had left his number with the Orioles' front-office after an unsuccessful attempt to contact MacPhail for a job.

"I knew his reputation as a pitcher and as a man," said MacPhail. "In respect to both, I returned the call although I doubted he still was able to pitch effectively in the majors."

PLEASANT SURPRISE

MacPhail arranged a private workout for Roberts, however, and was pleasantly surprised when the veteran looked good. He signed Roberts to a contract and the former Philadelphia Phillies great paid dividends by becoming the steadiest pitcher on the Baltimore Staff.

His 10-9 record could easily have been 13-6 or even 14-5 as demonstrated by a 2.77 earned run average in 192 innings.

Roberts received 13 of the votes cast by the 24-man committee—more than four times any other player.

Catcher Del Crandall of the Milwaukee Braves was second with three votes, Stan Musial of the St. Louis Cardinals and Richie Ashburn of the New York Mets had two each and Dick Donovan of the Cleveland Indians, Ed Roebuck of the Los Angeles Dodgers, Harvey Kuenn of the San Francisco Giants and Eddie Ressoud of the Boston Red Sox had one each.

Rigney Manager Of The Year For Great Job With Angels

INDIAN WELLS, Calif. (AP)—There was a tinkling of cocktail glasses and happy talk in the background as Bill Rigney was called to the telephone in the lounge of the Indian Wells Country Club.

The call advised Rigney that he had been named the 1962 Manager of the Year in the American League in the annual poll by the Associated Press.

The vote was overwhelming for the pilot of the Los Angeles Angels, whose third place finish this year might be termed the critics' No. 1 consternation of the year.

They had overwhelmingly picked Rigney's Angels to finish well in the second division in this, only their second year in major league baseball.

Of the 108 votes cast by members of the Baseball Writers Association, 80 went to the Angel skipper.

Sam Mele of the second place Minnesota Twins was second, with 25, and Ralph Houk of the World Champion Yankees was third with three.

The reaction of Rigney, who is playing here in the annual major league ballplayers' golf tournament, matched the merriment in the background of the lounge.

"Naturally," Rigney led off, "I am very honored. I can only say at first that there are other managers in the league. Sam Mele, Houk—who deserve this honor as much as I do.

"A lot of our managers did remarkable jobs, so I am particularly happy and pleased. I feel wonderful."

Throughout the season Los Angeles baseball fans and writers used such adjectives as "amazing" and "astonishing" for the Angels, and "remarkable" was the favorite for the 43-year-old Rigney.

For the remarkables actually led the league on the traditional July 4, they were still tough and in contention by Labor Day.

In the final two weeks Los Angeles tailed off and wound up 10 games behind New York and five behind Minnesota.

Yes, said Rigney, the 1962 Angels were indeed an inspirational team.

"I had a club that never stopped playing all year long. Often," said Rigney, "we were counted out during the season but we bounced back.

"My 25 ballplayers liked each other and liked to play ball with each other. It was a great team to work for."

Bauer Named To Coach O's

BALTIMORE (AP) — Hank Bauer, former manager of the Kansas City Athletics and veteran of nine World Series, has been signed as a coach by the Baltimore Orioles.

Bauer, 40, resigned his position with the A's at the end of the 1962 season. He had managed the Kansas City team since June 19, 1961, when he replaced Joe Gordon.

Bauer spent more than 13 full seasons as an outfielder in the American League, all but two with the New York Yankees. During his stint with the Yanks from 1948 through 1959, he played in 53 World Series games and holds a series record of having hit safely in 17 straight games.

Bears, Injuns Face Big 6 Powerhouses

By U.P. INTERNATIONAL

Washington and University of Southern California, who have been feasting on non-conference competition, try their luck in the Big Six this week—and the odds are long that they'll come out winners.

The co-favorites get a pair of well-trampled foes for their league openers.

Washington takes on Stanford on the Stanford grounds, while the Trojans entertain California in the southland.

The Huskies will throw some of the fastest, hardest-running backs in the West against the big, but not too fool-proof Stanford line. Featured in the Washington attack will be halfback Charlie Mitchell and fullback Junior Coffey. The latter is a sophomore rated as one of the finest ball players ever to come out of the state of Texas. It's possible he hits harder than any fullback in the West since the days of Norm Standlee at Stanford.

LACK OF SPEED

The Indian line will outweigh Washington about 30 pounds to the man — but it lacks the speed of the Huskies.

Down south, the Trojans come off a week's rest to take on a California team that has been pushed from pillar to post by Missouri, Pittsburgh and Duke, while winning over San Jose State.

The Trojans great quarterback combination of Pete Beathard and Bill Nelson, plus their favorite target, end Hal Bedsole, is expected to be too tough. However, California does have a good aerial defensive and could force the Trojans to work on the ground.

LEADING PASSER

California will have Larry Balliett, the leading passer in the conference, at the controls. Larry has completed 39 out of 73 tosses for 436 yards and a .534 percentage.

Washington State, which thumped Stanford last week, takes on a rough foe in University of Indiana. The combination of quarterback Dave Mathieson and end Hugh Campbell will have to be at its best to get past the Big 10 club.

UCLA, another unbeaten Big Six team, plays only its third game of the year by taking on Pittsburgh in the east. In winning their first two games, including an upset win over Ohio State, the Bruins have displayed a well-balanced offensive that features a strong rushing attack with as much aerial display as needed.

PACIFIC GAME

Oregon State, which beat Stanford in its last outing, comes up against a good University of Pacific club, with Terry Baker expected to be the difference.

Oregon meets the Air Force, and the Falcons aren't quite as powerful as they were a few years back. Mel Renfro is the one-man gang to win this one for the Webfoots.

Other games include: San Jose vs. Arizona State, Idaho against Montana State, and Arizona takes on Wyoming.

Snider, Moon, Spencer Dodger 'Expendables'

LOS ANGELES (UPI) — Duke Snider and Wally Moon, who led the Los Angeles Dodgers to previous World Series triumphs, found themselves listed as "expendables" today in the team's quest for a National League pennant in 1963.

But E. J. (Buzzie) Bavasi, general manager and vice president, said it was likely one or the other would be with the club on opening day next year.

He wouldn't say which stood the better chance.

"Either Snider or Moon probably will go, but it will take the right deal," he said. Neither man played much in 1962, giving way to younger players such as Frank Howard, Willie Davis and Ron Fairly.

One player—Daryl Spencer who incurred the wrath of the management for remarks after the final game as well as a disappointing performance in the field—definitely is out of the Dodger plans, said Bavasi. Catcher John Roseboro could go if the bait were good enough, and Andy Carey will be released—with an invitation to try again at camp in the spring because of his outstanding attitude.

Infielders Larry Burright and Tim Harkness, a pair of good-field, no-hit players, along with promising pitchers Jack Smith and Pete Richert also could be bought, if the offer were good enough.

The Dodgers want a second or third baseman who can hit and a right-handed pitcher. Jerry Lumpe, of Kansas City, is one possibility for an infielder, although Bavasi says nothing is set at all on that score.

"I hate to trade any player, but it's part of the game and they expect it," said Bavasi.

Newcomer Grabs Early Lead In Ontario Open

ONTARIO (AP)—A newcomer in golf prominence, Bob Pratt of Las Vegas, Nev., led the way today into the second round of the $25,000 Ontario Open with a one-stroke lead.

Pratt, 25, former Houston University amateur, shot a 5-under par 66, the lowest competitive round of his life, scoring 31-35 for the par 36-35—71 Whispering Lakes Golf Club.

Jerry Steelsmith, Glendale, Calif., was in second place with a 35-32—67, while Bob Goalby and Canada's George Knudsen were tied at 68, each with 34-34.

The 69 group included Jack Fleck, Charley Sifford, Sam Carmichael, John Ruedi, Tony Lema and Al Geiberger.

Redwood-Drake—Battle Of Unbeaten Teams

Redwood and Drake High Schools, both with undefeated records in this early stage of the Marin Athletic League, will face each other tonight at 8 o'clock on the football field of College of Marin.

Head grid coach at Redwood, Bob Troppmann, felt the storm which forced the cancellation of last week's game with Tamalpais High was a break for Redwood because it gave some of the injured gridders a chance to shake off some scars of battle.

Two of the starters in the Redwood backfield opened the season as linemen and have since been switched. Wingback Steve Minutoli was a starting guard for the pre-league games. Larry Pierroz, who will be the starting fullback tonight, opened the season as starting guard on the other side of Minutoli.

Other Redwood changes finds end Doug Houston moved from the right to the left, replacing Jim Carroll. The right end spot will be taken over by Joel Tobiason.

The Giants of Redwood will be able to use seven gridders in platoon fashion for the Pirates. Defensive specialists Dennis Schunk, Joel Wallace, Dave Lindsey, John Little, Rick Klein, Jeff Teather and Carroll will bolster the Giant defense. Tom Gladney, fullback, will be able to see some action as he is recovering from an early injury.

Redwood won its first game of the season with a narrow 6-0 decision over Novato.

Drake will be carrying a 2-0 record into the arena tonight. The Pirates won their league opener against San Rafael, 14-13, and dropped the Trojans of Terra Linda 26-13 Monday in a makeup game.

The Pirates will field practically the same starting offense which faced the gridders from Terra Linda last Monday. The only change will be Bill Wisler at right guard in place of Jim Walsh who was injured in the Trojan game. Walsh probably will be ready in another week.

Walsh and tackle Tom Atnip are the only Drake gridders out because of injuries.

The Pirates worked quite a bit on defense this past week, both on pass defense and stopping the ground game of their opponents. According to the Drake coaching staff, "the kids are up for this game."

The probable starting offensive lineup for Redwood will be:

Le, Doug Houston; lt, Larry Koontz; lg, Paul Leslie; c, Fred Bunker; rg, Phil Weil; rt, Bob Anderson; re, Joel Tobiason; qb, Jim Troppmann; lhb, Dave Auerbach; fb, Larry Pierroz; wb, Steve Minutoli.

The probable starting offensive lineup for Drake will be:

Le, Bruce Thompson; lt, Lee Jamison; lg, Richard Street; c, Don O'Brien; rg, Bill Wisler; rt, Roger Bovard; re, Mike Crabtree; qb, Hamish Tyler; lhb, Tom Tanzi; rhb, Jim Duff; fb, Tom Kolbe.

Novato, Marin Duel On Grid Tomorrow

Novato and Marin Catholic high schools, both of which were held scoreless in their opening games of the Marin Athletic League, will battle tomorrow at 2 p.m. in a grid contest at Novato High School field.

Novato was bumped by Redwood High in the league opener, 6-0, and Marin Catholic was whipped by the powerful Tamalpais Indians, 19-0, in the Wildcats' initial league game. Both teams will be hoping for offensive improvements to enable them to get in the scoring column.

"Our offensive play left much to be desired," said Marlin Olsen, head grid coach at Novato.

Because of injuries, there will be four changes in the Hornet starting lineup which faced Redwood. New starters will be Dave Ralph at right end, Dan Walton at left tackle, Wayne Russell at left guard and Rick Thomas at the right half spot.

BEST DEFENSE

Olsen has been emphasizing the offensive play in the week's drills, both running and passing. He classes his defensive unit as the strongest in the league.

"I have a lot of confidence in our defense," Olsen declared, "but we want to score some points."

Novato proved it could score heavily with a 26-0 victory over Sonoma High School in the Hornets' last practice game this year. But things were different against Redwood. The Hornet gridders could rack up but 71 yards against the stubborn Giant defense.

Head grid mentor at Marin Catholic, Doug Damaschino, is ready to face a strong defense tomorrow. Because of this, the Wildcats have been drilling this week with hopes of sharpening up their offense.

Although the Wildcats didn't score against Tam, they picked up some 109 yards rushing and 89 more in the air.

SECOND FASTEST

It was a case of not being able to outrun the fleet defensive backs of the Indians which stopped the Wildcats from scoring. And, in back of Tam, Damaschino figures his backs are the second fastest in the league.

The Wildcats will start with 10 off the starting lineup used against Tam. The only change in the starting lineup will be at the center position. Brian Tobin will probably get the starting nod, with Hank Ryan still limping from an injury.

Tomorrow's battle between Novato and Marin Catholic figures to be primarily a defensive fight which could go either way.

THE LINEUPS

The probable starting offensive lineup for Novato will be:

Le, Kris Kristofors; lt, Dan Walton; lg, Wayne Russell; c, Jim Dennett; rg, Dave Paul; rt, Bill Dougherty; re, Dave Ralph; qb, Roy Otis; lhb, John Miller; rhb, Rick Thomas; wb, Tom Rielly.

The probable starting offensive lineup for Marin Catholic will be:

Le, Ed Ghiringhelli; lt, Joe Hebel; lg, Joe Crotty; c, Brian Tobin; rg, John Hassett; rt, Tom Moran; re, John Drews; qb, Lad Wilsey; lhb, Chuck Hardeman; fb, Dan Abballo; rhb, Wally Lourdeaux.

Going Out On The Limb For 49ers; They'll Shock The Champs Sunday

A few weeks ago nobody in his right mind would be bold enough to even think the 49ers could beat the Mighty Green Bay Packers.

But since I've never been decorated in the mental department, and since nobody really cares what I believe, I'll go out on the limb and pick the 49ers by 10 points.

The Packers with Paul Hornung sidelined are weakened just a bit, but they're due to bite the dust and the 49ers have the momentum to shock the world champs. Don't forget, by 10.

In the other "local" pro show of the weekend poor Oakland will again take it on the whiskers from Buffalo by 14.

COLLEGE PICKS — USC over Cal by 20, Washington over Stanford by 8, UCLA over Pitt by 1, Arizona State over San Jose State by 13, Washington State over Indiana by 7, Oregon State over Pacific by 8, Oregon over the Air Force by 7, College of Marin over Sierra by 12.

PREPS — Drake over Redwood by 6, Novato over Marin Catholic by 1, Tamalpais over Terra Linda by 19.

RECORD TO DATE: 47 right, 12 wrong.

Undefeated S.R. Cagers Win Again

San Rafael High School continued to dominate the Marin Athletic League's Class C basketball race yesterday as the Bullpups smashed the Drake Pirates, 51-30 at San Rafael.

A brilliant 22-point performance by Bob Curry paced the undefeated Bullpups while Bill Pandiani with 13 and Paul Schmidt with 10 helped make it a rout.

In other games yesterday Terra Linda edged Novato 24-18 and Redwood downed Tamalpais, 34-20.

Terra Linda was sparked by a great all-around performance by Keith Woodard who scored 10 points and snagged 25 rebounds. Novato's Joe Robinson also had 10 points.

Redwood was led by Russ Smith and Jim Garrett each with 10 points, but game honors went to Tam's Mel Schallock with 11.

Sailors Schedule Race This Sunday

By ALFRED MATSON

It couldn't have happened to a nicer bunch of fellows but the Sausalito Y.C.'s YRA one design regatta of Sept. 16 never reached finality because of one wayward buoy, No. 14, that seemingly ducked the issue.

It was the leeward mark of the day's courses and, apparently because of the force of the tidal current, it was driven beneath the surface, only to re-appear at brief intervals. Under the circumstances, a few of the boats saw the buoy and were able to round it, but, by and large, the most of the participants were unable to complete the race. Quite a rhubarb developed and to properly equate the issue, the race committee of Bruce Easom, chairman, Fred Crawford and Pete Fromhagen, declared the regatta "abandoned" and it has been re-scheduled for this Sunday.

Course sheets have been issued and all classes are given starting times with the IC fleet getting the initial post time at 10:30 a.m. Next in order will be the Rhodes 33, Bird, Spaulding 33, Windward, Hurricane, Buccaneer, Golden Gate, Bear, Fleur Bleue, Sea Horse, Pacific Clipper, T. I., Acorn, Maya, J.C., and Carinita; all with the usual five-minute intervals.

Starts and finishes will be between the committee boat and Knox buoy, courses have been set and, in case of the substitution of alternates, two yellow flags will be hoisted at the preparatory gun. This time, it is hoped that buoy 14 will stay put, for the benefit of all concerned.

Seals Drop Two Rookies

SAN FRANCISCO (AP) — Two rookies aren't sufficient understudies for regular goalie Bev Bentley, figure the San Francisco Seals. So the Western Hockey League club turned down the pair and acquired Jim McLeod from Seattle.

Wayne Rutledge was returned to the Boston Bruin organization and Dale Guame was released. Barney Krake, a wing, sent to Seattle for McLeod.

Also farmed out were wing Guy Murphy and Gary Mork.

Ernie Davis Eager To Play

CLEVELAND (AP)—Ernie Davis, the Cleveland Browns' prize rookie who was sidelined by leukemia, has been working out for a week and says he feels pretty good.

Davis said yesterday his wind is good and his legs are in shape, and he is eager to play some football.

Doctors have said the disease is in a state of remission, and they approved having him start working out. However, club president Art Modell said Davis would need a couple of weeks more of exercises and running to get in shape.

The FISHIN' FOOL

By RALPH STEVENS
IJ Fish and Game Writer

Abundance Of Fish, So Now's The Time To Make Up For Lost Time

STEVENS

What a difference a day makes: What a relief to note the motionless trees with the weather so calm not a leaf is hardly stirring. Could be the wind did blow itself out.

If it continues as it is at this writing, a few odd records may be broken. We all know there is an abundance of fish in practically all sections of the Bay and Delta waters; perhaps we will make up for lost time, eh?

I should qualify that statement. In the back country the action is still spotty. Ida Andronico of Frank's Resort on Bethel Island bewailed the high winds which have hampered fishing in the tract for several days, and even when the weather was calm, the action was not fast by any means. But—you can be sure that the annual runs of stripers are on their way. From the Suisun Bay to Pittsburg some nice fish are being taken. Not limits generally, but when weather permits the boats to get out and scout the area, some nice fish come in.

CARRIE PHILLIPS of the McAvoy Harbor sent me three pictures of recent catches. One depicts Ed Fuhrman holding a 32-pound bass, and Bill Nunes of Walnut Creek, holding up a 14 and a 23½-pounder. A second picture shows George Lagorio with one six-pounder, one 14-pounder and one 19-pounder; the third snapshot honors Pete Curach of Alameda with a two-pound bass and one of 16½ pounds. These catches were made near Snag Island, Suisun Cut and the lower Honker Bay.

LISTENING TO my Halicrafter the other morning the salmon boat skippers raved over the complete change in the weather and water. Dave Kinley, of the Evie K, remarked that it was hard to believe there had been any stormy weather only a day or so ago. "It is like a mill pond out here," Dave said to another skipper who was not outside.

NOT TOO many salmon were being caught, but those which were being boated were of good size. Best action seems to be in the Muir Beach-Rocky Point sector.

Lew Lagrone of Dillon's Point told me some really nice fish have been taken lately on bullheads, but very few on plugs.

Trolling at Racoon Strait on the incoming tides in the a.m. continues hot. Limits are usual and the fish of better size than they have been.

Drift fishing in the lower bay has been very good; live shiners in the forenoons are best.

UNDERSTAND THE boat Troller, out of the Berkeley Harbor, took limits to 17 pounds on Sunday and limited out on Monday and Tuesday in the mornings.

Shotgun shooters in quest of ducks were generally blown out in the San Pablo Bay haunts on the opening day, but Joe Nerviani of Joe's Launching reported a few flocks of bluies seen in the air, and Frank Garatti took five nice bull sprigs from his hiding place in the tules.

Title Bout Interest Gaining

SAN FRANCISCO (AP)—Ticket sales for Tuesday's World Boxing Assn. middleweight championship fight between titlist Gene Fullmer and challenger Dick Tiger of Nigeria are at the $40,000 mark, the promoters reported today.

"The ringside sale is excellent," asserted co-promoter Norman Rothschild of Syracuse, N.Y. "We look for a big sale on other tickets the final 48 hours before the fight."

The two 160-pounders are slated to meet at 7:30 Tuesday night in an outdoor ring at Candlestick Park with closed circuit television beaming the activities to 50-60 locations.

Rothschild and co-promoter Bennie Ford of San Francisco must have a big, late sale to do well. The former estimated it will take a gate of between $155,000 and $160,000 to break even.

3 POSTPONEMENTS

Three times the fight has been postponed, the last time a week ago when the World Series between the New York Yankees and San Francisco Giants interfered.

Since the Series ended Tuesday, interest has picked up in the bout, which was almost forgotten while baseball held sway.

Rothschild said ringside seats are sold back to the 13th and 14th rows, which he considered good.

"The local people involved in the bout predict a crowd of between 25,000 and 30,000 people," he said.

Lester Malitz of New York, producing the television, said approximately 200,000 theater seats are available and predicted 50 to 60 per cent of those—with a gross of about $300,000—would be sold.

Malitz said that if the Sonny Liston-Floyd Patterson fight hadn't turned out to be so short and controversial, there would have been closer to 400,000 closed-circuit television seats available for this fight.

Many chains and exhibitors dropped out of contract talks, he said, after the heavyweight fight.

Malitz said radio rights were not sold for Fullmer-Tiger because, "I didn't really feel there was a natural demand for it."

Malitz said he talked with the American Broadcasting Company but the officials were lukewarm on the bout. He turned down sale to the Intermountain network in Fullmer's home state of Utah.

Fullmer receives 45 per cent of the gate and all ancillary rights while Tiger received a flat $25,000 guarantee plus transportation costs.

M. V. Shooter Wins High Rifle Honor

George William Gosser, 41 Manor Drive, Mill Valley, became one of America's top riflemen, it was announced today by the National Rifle Assn. of America, as the shooter was awarded the Distinguished Expert Medal, highest rifle qualification award in the nation.

The new high ranking shooter, to join the country's select group of high ranking marksmen, had to shoot hundreds of targets over a period of several months and climb through 14 lower qualification NRA ratings.

The new distinguished expert shooter is a member of the Marin Rod and Gun Junior Rifle Club. He attends College of Marin and was guided to the high ranking by his instructors, George Finney and Gus Scheuermann.

The junior singles matches were handled by Mrs. Douglas Patten and Mrs. Joseph Royer.

New Raider Coach Says He'll Add Punch To Offense

OAKLAND —William (Red) Conkright, new head coach of the winless Oakland Raiders, says his first objective is to give the offense enough punch to score some points.

Conkright, who Tuesday replaced the fired Marty Feldman, also said he would reorganize the coaching staff with two assistants.

Conkright, 46, said the Raiders might unleash some new offensive maneuvers when they engage the Buffalo Bills Saturday night.

"We have nine games left so we have time to do a lot of things to make this club entertaining," he said yesterday.

Cotati Drag Races

A full schedule of stock and super-stock entries will compete Sunday at the Cotati Drag Strip, north of San Rafael on Highway 101. Activities begin at 8:30 a.m. with the eliminations starting at 1:30 p.m. Tickets will be available at the gate and children under 12 are admitted free.

COUNTRY CLUB BOWLING

New $20,000 League Looks Like It Will Go Over Big

The "925" Car Classic, a new league being formed at Country Club Bowl which will have more than $20,000 in prizes—is getting "terrific response" from all the Bay Area, said Zeno Gelatti, manager of the bowl.

Gelatti said the interest shown by many bowlers indicates the new league will be a success.

In the week's bowling, Red Whitaker cut loose in the 900 Classic League to lead all keglers in both series and individual game high honors. His series was a pin-rattling 654 which included a sharp 278 game.

BIG WHEEL
in the community

Take a clean cut young fellow, multiply by 600 . . . and you have our "afternoon army" of Independent-Journal newspaperboys.

But look closely. These are not just boys with a bike and a bag. They've got a grip on the handle-bars of success. They're the last link in the long chain of communication which brings the news to your home. They carry perhaps the most vital commodity made in America—news as reported by a free press.

With them rides a sense of responsibility, a feeling for time, for business-like effort. All a result of training.

Each is a "Little Merchant." Each is learning that personal enterprise is a challenging education in itself. By learning to serve you well, each boy serves his own future . . . as a better citizen.

Many find a paper route can lead to a college education. Many are saving for it. Hundreds of boys too, regularly bank their profits . . . seeing the tangible rewards of accomplishment.

That's why we salute them . . . the young fellows with the bags and bikes . . . "big wheels" indeed, in service to the community.

National Newspaperboy Day ☆ Saturday, October 20

Each Independent-Journal newspaperboy is given practical training in business-like procedures . . . in handling forms . . . in banking collections. He is encouraged to save through a special savings program set up by the Independent-Journal and cooperating financial institutions in Marin County. Points he earns too, for special efforts and subscriptions may be "traded" in as cash under the I-J Merchants' Point Program. Constantly, new incentives are offered for doing a better job.

Boys get the point—fast. Points earned over and above their route profits are good for merchandise at some 100 cooperating merchants in Marin. The plan is an I-J "first"—only one of its kind in the U.S.

The boys can bank on it! Special newspaperboy book banks are given each boy who opens a savings account at leading Marin financial institutions. Another program pioneered for newspaperboys by the I-J.

A salute to "our" boys and yours by the

MARIN'S SOCIAL WHIRL

Gay Ord Pollock To Be Feted At Many Pre-Nuptial Parties

By FLORENCE DONNELLY

Many pre-nuptial parties are being calendared for Gay Ord Pollock, who will be married to John Hampton Lynch Dec. 22. The 3 p.m. wedding at Grace Cathedral in San Francisco will be followed by a reception at the San Francisco Golf Club. Gay is the daughter of Mr. and Mrs. Charles Pollock (Gertrude Ord) of Sacramento and granddaughter of Mr. and Mrs. W. E. J. Ord of San Rafael.

The parties were begun by Mrs. Ord who gave a luncheon for Gay and her bridal attendants and by Mrs. Sydney Murman of San Anselmo, and her daughter, Joan, who will be maid of honor, and who feted Gay at a brunch Sunday. Mrs. William Baldwin of Ross will be hostess at a luncheon and recipe shower for Gay Oct. 27. Mrs. Ernest W. Denicke of Ross has set the date of Nov. 14 for her luncheon honoring Gay and Mrs. Anthony Kennedy and Mrs. N. C. Templeton of Sacramento will be co-hostesses at a dinner Nov. 21. Mrs. Howard Hammond of Kent Woodlands will entertain at a luncheon and linen shower for Gay at Town and Country Club in San Francisco Dec. 1.

Dates have not been set for the luncheon Gay's sister-in-law, Mrs. James Pollock, and her cousin, Sandra Bryant, who will be a bridesmaid, are giving for the bride-elect in Bolinas and for the parties to be given by Mrs. Phillips Merriman of Mill Valley, Mrs. Leon Smith of Ross and Mrs. Newton Longfellow.

Gay will have as her wedding attendants, in addition to Joan Murman and Sandra Bryant, Mrs. Phillip Merriman (Elizabeth Burke), Mrs. Alan Hamilton (Stephanie Abbott) Ann Hammond, Sandra Smith and Elinor Templeton, bridesmaids. Charles Gast will be best man and guests will be escorted to their pews by Gay's two brothers, James Pollock and Ted Pollock, John's cousin, Otto Schmidt, his two brothers-in-law, Joseph Wittman of Ridgefield, Conn., and Laird Park of Villanova, Pa., Robert Gast and James Barber. The bride's cousin, Sharon Smith, will be the flower girl and ringbearers will be another cousin, Eric Ord, and John's nephew Kevin Wittman. Another cousin of the bride, Mrs. Charles Cahill, will be in charge of the guest book.

THESE ARE BUSY DAYS for Mrs. Harding (Roberta) McPhun of Greenbrae. She is rehearsing regularly for a dance routine which will be a feature of the annual Jewel Ball to be given by the San Francisco junior auxiliary to the Stanford Convalescent Home, Nov. 17 in the Grand Ball Room of the Fairmont Hotel. Other Marin members in the dance number are Mesdames George Fay and Peter Fisher of Mill Valley and Mrs. Nathan Smith of Sausalito. The rumor is that Mrs. Eugene McAteer of San Francisco will solo as a mummy. Incidentally, the George Fays are entertaining at a cocktail party at the Fairmont the night of the ball. The McPhuns will spend the weekend of the ball at the St. Francis Hotel.

Roberta and her husband began the month with a long weekend at Del Monte Lodge at Pebble Beach. It was the annual sports outing of the San Francisco Rotary Club. Others in the Marin group were the Robert M. Lees, Bruce Bernhards, Floyd Gilmans, David Plants and Charles Cains. Golf and partying occupied most of the time and there was a big party at the lodge.

The McPhuns have even planned their Christmas holidays. They'll spend a week at Carnelian Bay, Tahoe place of Roberta's parents, Adm. and Mrs. R. P. Lewis and then go to Squaw Valley Lodge for another week.

HAWAII BOUND aboard the SS Lurline in San Francisco harbor are Mr. and Mrs. Baxter Hovis of Novato. The liner left for the islands on Tuesday.

Ball Theme Oriental

Members of the Sunny Hills Junior Auxiliary have been hard at work for many weeks on the decor for the 31st annual Charity Ball.

This year the traditional dinner dance is called the Shibui Ball. The party will be held from 9 p.m. to 2 a.m. Oct. 27 at the Meadows Club. An orchestra will provide music for dancing.

After being transported by rickshaws from the parking area, guests upon entering the club will find themselves in a Japanese setting. A hanging pagoda roof will frame the entrance and the autumn theme will be created by the use of chrysanthemums and pine.

A large Kwan Yin figure will greet guests in the foyer where the focal point will be a scroll done especially for the occasion by the internationally known artist-designer Takahito Mikami.

At the end of the main ballroom spotlights will shine on a Japanese tea house. This year the grab bag will be encircled by a bamboo fence in a corner of the main ballroom. Guests will select their gifts by the lights of black and white lanterns.

Proceeds from the dance will go into the Junior Auxiliary's "gift of the year." This gift last year provided for part of the summer camp program and assisted in the remedial education program for the children at the Sunny Hills Home in San Anselmo.

Chairman is Mrs. Walter Meinberger who is being assisted by decorations chairmen Mesdames William Bagley and Jack Hunt Jr.

Invitations have been mailed under the direction of Mrs. William S. Anderson Jr., and reservations chairman is Mrs. James Tufts II, 45 Ridgecrest Road, Kentfield.

ADMIRING THIS fur trimmed coat modeled by Mrs. James Zierolf, left, are other members of the Jolly Rogers Chapter of the Children's Home Society who will promenade fall fashions at noon on Tuesday at the Tomahawk Lodge in Novato. David C. Shepherd To Lead P-TA Unit

A businessman, David C. Shepherd has been selected as president of the Terra Linda High School Parent-Teacher Assn. this year, following the precedent set by the newly formed association last year.

The new president has been known at the school for his work as membership committee co-chairman with his wife; as chairman of the "hole-in-one" contest, and assistant chairman of the Terra Linda world's fair committee. Currently he is working on the "hole-in-one" contest to be held tomorrow and Sunday at Terra Linda High School, with the P-TA and Boosters Club as sponsors.

His aim for the year is to increase the interest of parents in their sons' and daughters' curriculum and activities and to build up attendance at P-TA meetings.

Shepherd is well known in Marin and the Bay Area as a caller for square dances. While active in P-TA his square dancing and golfing have been temporarily sidetracked, but he serves as treasurer of the Terra Linda Christ Presbyterian Church.

During World War II, Shepherd lived in Marin while in the armed forces and liked it so well that he decided to make it his residence, and soon after brought his family from his native Illinois home. He is now an executive with Hill Brothers Coffee Company. His wife, Betty, is equally interested in P-TA. They have three children, Dave Jr., 17, a senior at Terra Linda High School; Stephen, 12, seventh grade at Vallecito School, and Becky, 10, fifth grade at Santa Margarita School.

World Has Gone To The Ailurophiles

IN ADDITION to being respected and revered in history throughout the world, the cat's popularity today is on the increase. Authorities estimate there are now 26 million cats—about one million more than dogs.

Ever get the urge to scratch a kitty behind the ears? Cats have been objects of affection for centuries. In ancient Egypt they were worshipped as goddesses. Norsemen, too, kowtowed to kitty as Freyja, the cat diety (for whom Friday was named).

The two-dollar word for cat lovers is "ailurophiles." History is rife with them—Cleopatra, Mohammed, Martin Luther, Victor Hugo, Cardinal Wolsey. Ernest Hemingway was devoted to cats, and for years Winston Churchill's fireside companion was a big black tom named Nelson.

THE CAT'S independent nature and love of liberty has endeared it to such men as Thomas Jefferson, George Washington and Abraham Lincoln. In Switzerland, the cat is a symbol of liberty. On the other hand, tyrants feel uneasy in the presence of a proud feline.

According to Arabic history, Mohammed so loved cats that he cut off the hem of his robe rather than disturb his sleeping favorite. He decreed punishment for abusing cats, and to this day a Mohammedan's house is not completely furnished without a cat.

Hindus, too, have a soft spot for kitty, and feeding her at dinner is part of their orthodox rites.

Not only do cats enjoy worldwide popularity, but the word "cat" is phonetically similar in many languages. In French, it's chat; in Spanish, gato; in German, katze; in Italian, gatto; in Greek, katus; and in Arabic, kit.

IN ADDITION to being respected and revered in history throughout the world, the cat's popularity today is on the increase. Nobody is sure of the precise cat population in the United States, but authorities estimate there are now 26 million cats—about one million more than dogs.

Many people believe these cats are mainly owned by spinsters and old ladies but a new study reveals that children are present in 70 per cent of all cat owning families.

AS FOR THE belief that a cat always lands on its feet, this is another myth that has persisted throughout the history of the cat. They can land on their feet—sometimes. But more often it can be on their head, side or some other part of the anatomy.

The myth probably originated because of the cat's particular grace and agility. Watching a cat who is amusing himself by toying with a small object can be fascinating.

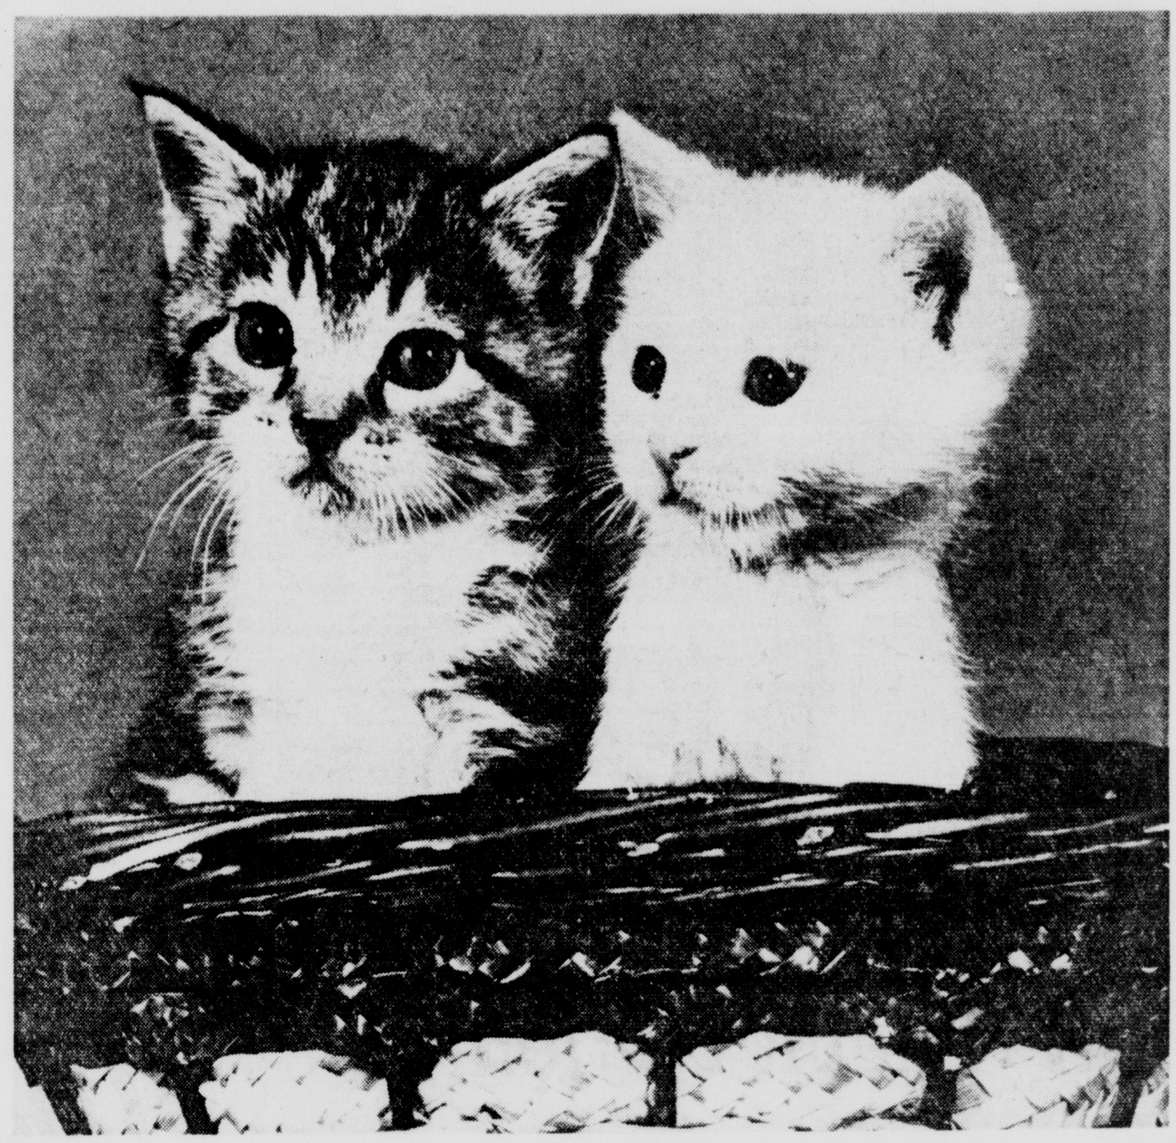
In fact, this agility combined with a tendency to paw small objects across the floor, including bits of his food, poses a problem for fastidious pet keepers.

Pet dealers report that more men buy cats than women do—probably because cats (unlike dogs) never have to be taken out for midnight walks—a chore that usually falls to the man of the family.

ASIDE FROM the practical purposes of keeping a cat, persons share their homes with felines for a variety of reasons. Psychologists generalize that dog owning is ego building, while the cat's independence and self-sufficiency tend to make their owners a bit more humble and thoughtful.

The French essayist, Montaigne, addressed that point when he penned, "When I play with my cat, who knows whether I do not make her more sport than she makes me?"

A PROSPECTIVE cat owner is urged by the authorities to try choosing an animal whose personality complements his own. Siamese, for example, are generally friendly and fun-loving. The Manx is timid, dependent and ideal for the forceful master. And many sophisticated cat fanciers are partial to the Abyssinian, who despite his rarity and high cost, is often taken for an alley cat.



MANY PEOPLE believe cats are mainly owned by spinsters and old ladies but a new study reveals that children are present in 70 per cent of cat owning families.

School Fire Season Is Ahead, Report Risky Spots To Faculty

Are your children safe from fire while they're at school? We'll have at least 2,000 school fires this year. That's a lot of conflagrations. School fire season is ahead. Will you check the fire precautions at your children's school? Do it soon.

Are fire drills held frequently? There should be at least one drill a month. They should come at unscheduled times, without warning. The drills should be varied by blocking different exits from time to time. Children should learn to turn, and go out different ways. The drills should never be reduced to aimless routine performances.

Are the outside doors at your school fitted with "panic bolts"? They're the metal gadgets with a bar across the door which open when pressed hard. Are the panic bolts in working order? Or are they chained shut? Sometimes careless custodians chain doors shut to keep kids from banging in and out. That never should happen. Are the locks on all classroom doors the kind that always can be opened from the inside? They should be so children can't be trapped. No child should ever be locked inside.

Are the stairways kept clear? Is anything burnable stored on or near them? Are there at least two ways for children in second story classrooms to get in and out?

Is the furnace room lined with fire resistant material? Is the room kept free from inflammable stuff or is it used as a storage room? Any old paint cans or oily rags around? There shouldn't be.

If you find anything you don't understand, or believe to be risky, go to your principal. He should welcome your interest. Offer to help him improve the fire safety of the school. You'll never be sorry.

READERS' FORUM

(Q) "Aren't schools inspected regularly by fire prevention officials? Why should I inspect my children's school?"

Mrs. D.Z.

(A) Schools are supposed to be checked. But I've found surprising numbers of them in which inspections don't occur, or are too sketchy to be useful.

FASHIONS FEATURED

'Chanelisms' Emphasize Elegance Of Simplicity

Originally conceived for a privileged few, the "Chanel style," has influenced the largest clientele. Undoubtedly the most imitated of all designers, Chanel welcomes imitation, for she believes that at the heart of all imitation is admiration and love.

The French writer, Jean Cocteau said of her, "the feminine fashions of Mlle. Chanel have never been extravagant fashions. By a kind of miracle, she has been operating in fashion with the rules which seem to be valid only for artists and poets. She imposed the invisible; she imposed on the world of din the nobility of silence."

CHANEL ON FASHION:

"One can never be too modern. If I were to lose the modern touch, I might as well retire to the country.

"Nothing goes out of style more quickly than a 'fashion.'

"The poetry of design is to create an illusion, to surround a woman with mystery, to give her back her youth.

"In an age as sophisticated as ours, it takes courage to continue to create simple fashions. Nothing is more difficult to achieve than simple elegance.

"Simplicity is a very fragile thing which should not be confused with plainness. Luxury is inseparable from simplicity. Simplicity always has the last word.

"Elegance doesn't begin and end with a woman's wardrobe. It is made up as much by her movements, her way of life, her whole demeanor.

CHANEL ON PERFUME:

"Perfume is a part of you. It envelops you, it heralds your arrival, it prolongs your departure. It speaks subtly, persuasively, personally.

"In perfume as in fashion, simplicity is pure elegance. A perfume should complement, never dominate a woman's personality.

CHANEL ON youth and life:

"In life's rough struggle the simple, natural woman emerges victorious; the sophisticate, defeated.

"It is a great pity that women rely so much on youth — this youth with which they are obsessed and terrified at the thought of losing.

"Youth is like a 'fashion,' both fade away quickly.

"Of all life's stages, youth is the richest in appearance yet the poorest in fact, for it contains the least happiness.

"It is inevitable that we shall grow old, let's prepare for it."

Two Teen-Agers To Speak At American Legion Fete

"The Responsibilities of Government and Citizenship" as seen through the eyes of teenagers James Troppman of Corte Madera and Toni Banducci of Larkspur will highlight the joint dinner event called by Twin Cities Unit and Post 313 of the American Legion and its Auxiliary tomorrow at American Legion Hall at 7 p.m.

The students, both in their senior year at Redwood High School this term, were sponsored during the summer for a government training session by the Twin Cities Legion and Auxiliary unit.

Sessions for the 500 girls were held at the Davis Campus of the University of California while 800 boys were quartered at the Sacramento fair grounds.

Legion and Auxiliary chairmen for the dinner include Mr. and Mrs. William Wagner, Mr. and Mrs. Francis M. Fugate and Mesdames Oakley Dexter and Albert Carsten.

To Prevent Voice Damage, Teen-Agers Need Not Shout

WASHINGTON (UPI)—Here's a scientist who thinks it would be a good idea to teach teenagers how to be statistically noisy without shouting.

This, according to Dr. D. Kenneth Wilson of Buffalo, would prevent "vocal abuse" and the damage it does to many an adolescent voice.

Wilson, a speech pathologist, said in a recent article that incessant high-pitched shouting and screaming may induce growth of nodules on the vocal cords and result in chronically hoarse voice.

APPEARANCE OF these lumps "can be regarded as the advanced stage in vocal strain," Wilson said. When they have been present for some time and have become fibrous, he said, "surgical removal may be indicated."

Sometimes the condition may be "reversible without surgery." But in any case, Wilson said, the youngster eventually has to be taught how to use his voice in a manner "that is pleasant and acceptable." He called this "voice re-education."

As an example of voice abuse, Wilson cited the case of a boy "who yelled and screamed excessively during sports, talked incessantly in a high-pitched voice and delighted in startling his friends by imitating sirens."

ANOTHER LAD imitated "the sounds of birds, animals, cars, or jet planes in an excessively loud, high-pitched or strained manner."

Wilson apparently understands and sympathizes with the adolescent need to be noisy, especially when the home team is playing. He suggested that teen-agers should be made aware of the high price of voice abuse and taught other ways of venting whatever it is youngsters vent when they shout and scream.

"For example," he said, "some boys can be taught to whistle loudly with the lips or with two fingers in the mouth.

"The whistle instead of a shout can be used to summon friends, call a dog, and satisfy the urge to make a noise during football and other games."

Girls To Give Potluck Party

Marin B'nai B'rith Girls will hold a "Penny-a-Pound" dinner on Oct. 28 at the Marin Jewish Community Center in San Rafael.

This event is being held as part of the program of cooperation with the group's sponsors, the Marin Chapter B'nai B'rith Women.

Members of the women's chapter, as well as the men's lodge and their families are invited to attend the potluck dinner, which will start at 6:30 p.m.

Proceeds will go toward the work involved in the B'nai B'rith Girls' seven-fold program, which includes cultural, social, athletic and philanthropic aspects.

CREATING THE atmosphere of their "Harmony Lodge," members of the Sweet Adelines rehearse for the show they'll sing Oct. 27 at San Rafael High School. Front, from left are Mesdames Harris A. Johnson, Roger W. Erickson and John D. Harding. Back, from left, are Mesdames Karl D. Wolff, Frank C. Sutliffe Jr., Paul L. Brown, Carroll Stoerker and James O. Mithun.

An Expert's Pride At Bridge Table Goeth Before A Fall

The average expert prides himself on his ability to guess where the high cards are. He's right, but pride goeth before a fall.

When this hand was played in one of my favorite Los Angeles bridge clubs, South gave it the "expert" treatment. I hate to blow the whistle on him, but he was offside.

NEEDS MORE

Declarer won the first trick in dummy with the ace of diamonds and counted his tricks: two hearts, two diamonds, and four clubs. He needed one more trick for the contract.

South saw that he could develop a spade trick if West had the ace or the queen or both.

The odds were 3 to 1 that West would have at least one high spade, and South was sure he would guess the right play if the spade honors were split.

Don't you feel just a bit sorry for South? He got to his hand with a club and led a spade toward dummy. West played low, and South went into an impressive trance.

NO WAY TO GUESS

Unfortunately, there was no way to guess right.

East had all of the top spades, and South was doomed to defeat.

Declarer did not give himself the best chance for his contract. After winning the first trick with the ace of diamonds declarer should cash the ace and king of hearts.

NINTH TRICK

South is sure of his ninth trick if the queen or 10 drops, or if West shows out on the first or second heart.

If only low hearts drop on the ace and king, South may well decide to abandon the suit and tackle the spades.

But it must be right to lead out two rounds of hearts first.

As the cards lie, South is home. The ten of hearts drops, and a heart continuation allows South to set up a heart trick without any risk.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

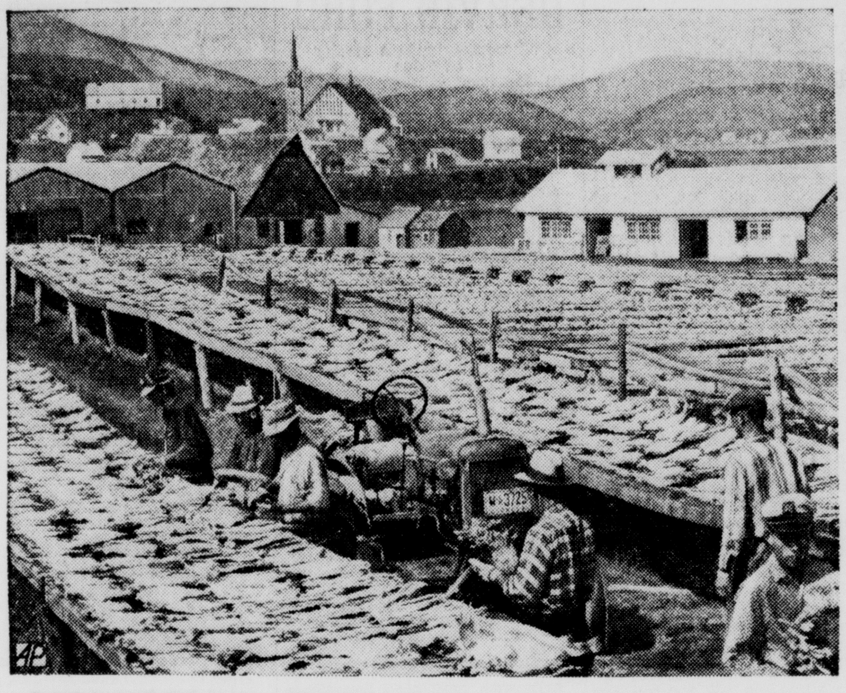
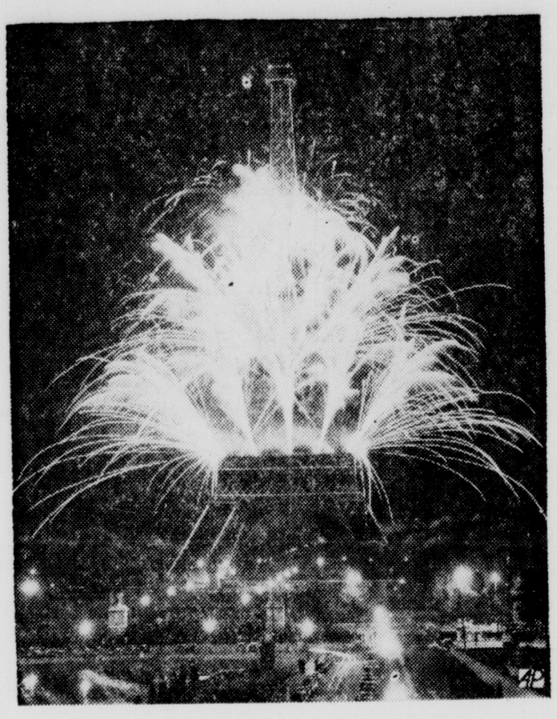
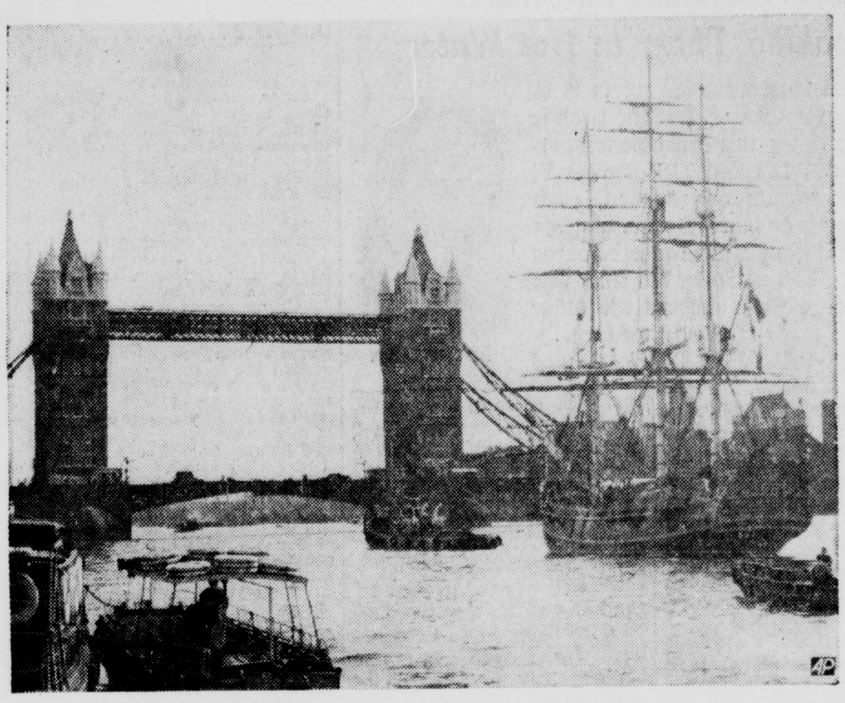
A Review Of News Around The World In Pictures



PISCATORIAL HAUL— Tons of cod fish dry on the racks near Madeleine on the Gaspe peninsula in Quebec province. It was the biggest run in ten years and the French-Canadian fishermen were able to catch them with hook and line without bait.



PARIS SIGHT— The night sky in the vicinity of the Eiffel Tower is brilliantly illuminated by a display of fireworks set off to publicize a movie premiere.



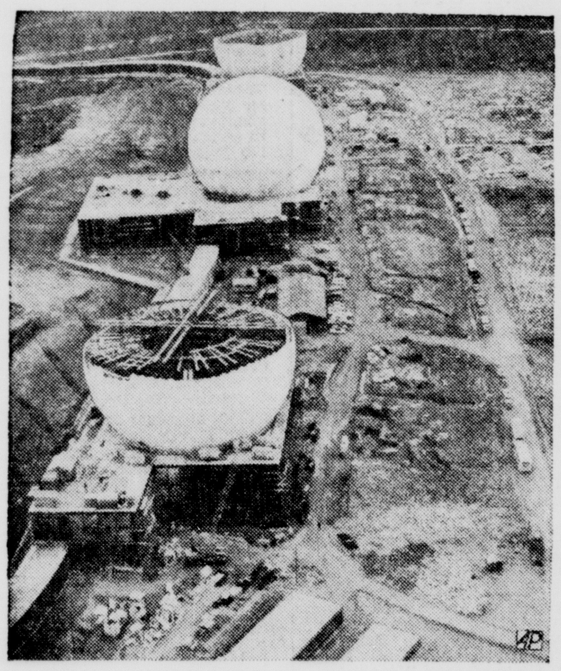
VISITOR TO BRITAIN— An exact replica of H.M.S. Bounty, created for a movie about the famed mutiny, berths in the Pool of London near Tower Bridge. The craft made the voyage from Boston, Mass., across the Atlantic Ocean under full sail.

AERIAL ASSAULT— Vietnamese paratroopers drop earthward in the area northeast of Saigon during mopping up operation against Communist guerrilla forces.

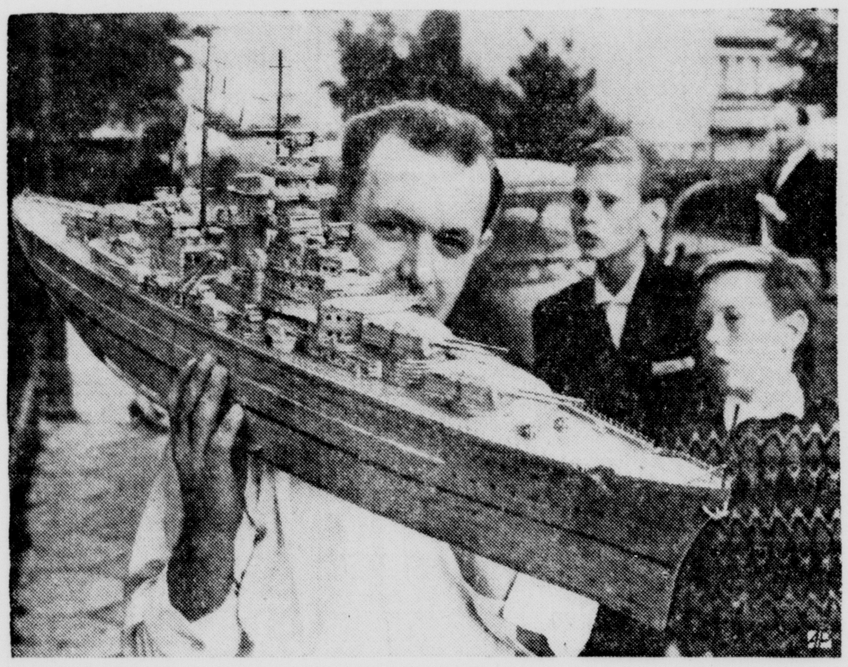
FALL TOP— Among the new cool weather fashions is this black and white check wool cloche with a deep, cuffed brim. The creation, by Mr. John, is easy to pack.

PROGRESS POINT— A motorized "elephant" emerges from camouflaged hut during display of new military vehicles at Chertsey, England. It made appearance as a comparison to show the progress made since the British army used animal transportation.

PERSONAL CHAT— Candid photo of President John F. Kennedy talking with his brother, Attorney General Robert F. Kennedy, in a White House doorway.

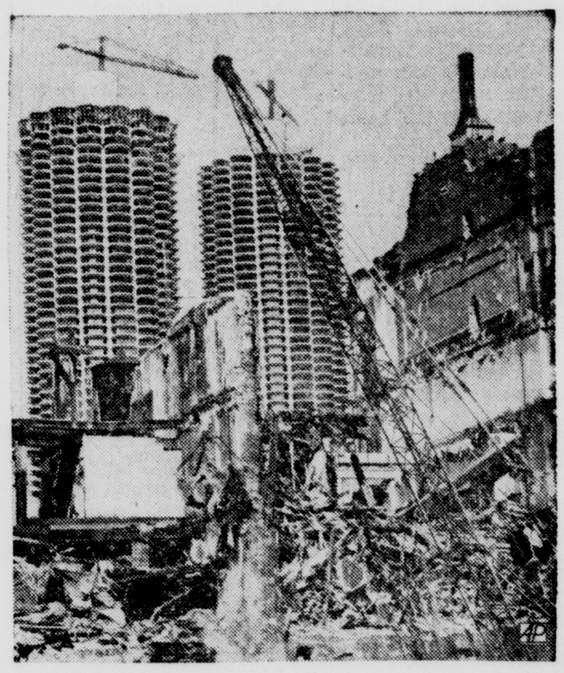


RISE TO WARN— Radomes near completion at a ballistic missile early warning station at Flyindales, England. They'll operate in conjunction with U. S. system.

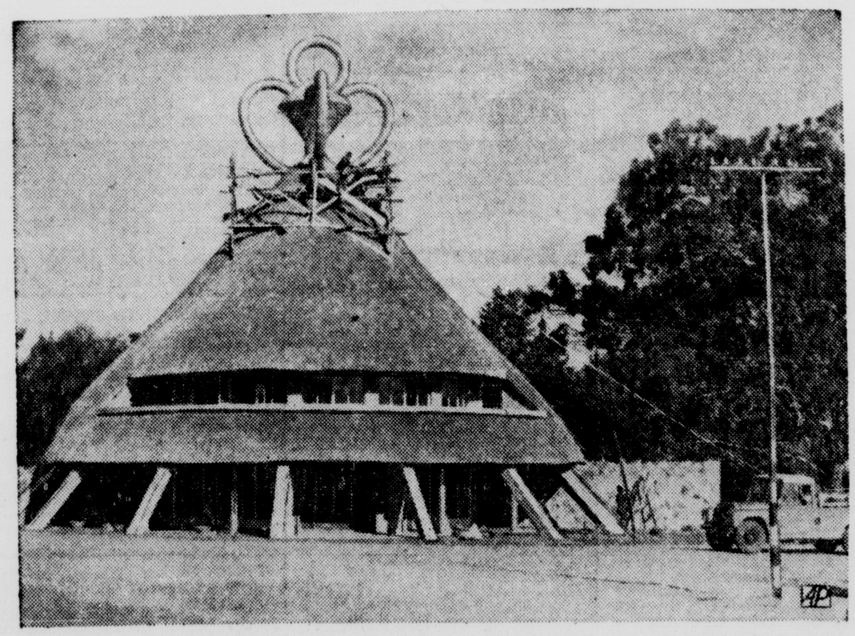


SKIPPER AND SHIP— Youngsters gaze at Herman Diercksen carrying his matchstick model of the World War II battleship Bismarck on a Lubeck, West Germany, street. He used 37,219 matches in building the sailing model in 1,783 hours of work.

NEW POST— James William Riddleberger has been chosen to be the new United States ambassador to Austria. He is a former head of the Foreign Economic Program.



UP AND DOWN— Cranes are instruments of construction and destruction in a Chicago area where Marina City is being built while other structures are razed.



IN NATIVE MOTIF — This new structure is probably the most modern building in Maseru, Basutoland. The reed-roofed edifice, office of a local trader, is in keeping with the traditional style of Basuto buildings which are nearly all circular.

UNUSUAL GARB — Indian Prime Minister Jawaharlal Nehru is pictured in a traditional Nigerian robe which was presented to him during state visit to Lagos.

PATIENCE PAYS— The Bible reveals that the lamb and the lion shall one day lie down together. In Hollywood this has come to pass for the movie "The Greatest Story Ever Told." It took months and four lambs before one posed with a lioness.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Latest Treatment For Warts Is Soaking Them In Hot Water

VAN DELLEN

The latest treatment for warts is to soak them in hot water. But the trick is to keep the water at a constant temperature between 113 and 118 degrees F. Several treatments are needed, each lasting an hour or more. Dermatologists from the Cleveland clinic reported cures in nine out of 15 patients, but time will tell whether we can discard the older remedies in favor of this procedure.

According to Dr. John LoCricchio and Dr. John R. Haserick, the idea came from the observation of Dr. George Crile Jr. that some tumors are benefited by the application of heat. They decided to try it on warts, which are skin tumors caused by viruses. In addition, viruses often are inactivated by heat. The skin can take considerable heat without blistering.

IN TREATING a plantar wart, the foot is placed in a bath containing gauze backs on the bottom to prevent pressure on the lesion. The foot is immersed one-half to one and one-half hours. It is removed sooner if pain is felt and reinserted as soon as distress passes.

Two treatments a week are given and the plan is continued so long as progress is noted. If there is no change after three to four weeks, the method is considered a failure.

IN EACH OF the nine patients who were helped, the lesions disappeared within three months. The warts became smaller in four others and failure was reported in two instances.

A simple wash basin was used to treat warts on the hands. The hot and cold faucets are turned on until the desired temperature is reached.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

RAPID, IRREGULAR BEAT

D. W. writes: What is done for paroxysmal fibrillation?

REPLY

Drugs such as quinidine or digitalis are used for this cardiac condition, in which the auricles go berserk suddenly and beat in a rapid, irregular manner. The victim knows the heart is pounding and may become short of breath and extremely apprehensive. The cause of this disorder is not known. A permanent fibrillation can be slowed with digitalis and the individual feels fine even though the heart beat is irregular.

TENSION AND STUTTERING

Mrs. W. K. writes: My 4-year-old-son began stuttering after the birth of his sister 15 months ago and the condition is getting worse. He was talking well at age 2. What advice can you give me?

REPLY

Stuttering often follows periods of tension. Sibling rivalry is a recognized cause. Be calm and don't be critical of his stuttering. Spend more time with the boy because he needs additional love and affection. Consult a speech therapist if these suggestions fail or cannot be carried out.

BURNED SKIN

Mrs. J. writes: My son is recovering from second degree burns. How do you get the healed skin to return to its original color?

REPLY

The skin may be damaged to such an extent it may never return to normal. Time will tell. But why be concerned about the color so long as the area is healing and there will be no ugly scars?

ULTIMATE STATURE

M. G. writes: Does a baby's length at birth indicate his mature height?

REPLY

No, although tall persons beget tall persons and their babies are likely to be longer at birth. But factors other than heredity play a role in determining the adult height. Malnutrition, illness, and an unfavorable environment may interfere with growth.

Is Prop. 24 Threat To Rotary Or U.S. World Prestige?

The Louis Francis amendment, proposed as an amendment to the state constitution, Proposition 24 on the November ballot, supports the sort of thinking that might lead some to call the local Rotary club subversive, opponents of the measure said today.

But a lawyer speaking for the amendment on yesterday's KTIM "Marin Sounding Board" said defeat of the measure could make persons throughout the world think of Californians as soft on Communism.

Four attorneys, William O. Weissich and Harold Truett of San Rafael, Carl B. Shapiro of Fairfax and Edward E. Heavey of San Francisco divided sharply on the constitutionality and practical effect of the measure, which purports to clamp down on subversives in the state.

San Rafael attorney Herbert Walton, listed in Wednesday's Independent-Journal as a panelist favoring the amendment, later declined to speak, saying a more thorough study of the proposition made him feel he could not speak in favor of it.

"On its face, the amendment appears to have motives all of us favor," said Truett. Truett said he had signed the original petition to put the bill on the ballot but then began studying it with more care.

"When you read the details of the ways it seeks to stop subversives, you realize it becomes a piece of subversion itself," he said.

As written, the amendment would bar "advocates of subversive doctrines" from holding public office or any state job. It would require teachers and other state employees to answer legislative committee inquiries concerning Communist affiliation.

According to the measure, Truett said, subversives could be named by any court, grand jury (which meets in secret) or any court officer, board, commission or body of the court.

"Is there a need for this gigantic assault against Communism?" asked Heavey, introduced as a man who each year has presented a resolution to the State Bar Assn. asking it to bar "Communist" lawyers from practice in the state.

"The House Un-American Activities Committee lists 39 Communist lawyers in the United States," he said, "and 23 of those are in California. In 1960 Communist college professors instigated the Communist riots in San Francisco. There are at least two and probably more Communists in the state legislature."

Under question, Heavey refused to name the "Communist" professors or legislators. "They say they're innocent," he said. Heavey supports the Francis amendment.

The program, moderated by Kitty Oppenheimer, will be repeated by tape at 12:30 p.m. Sunday.

Shapiro said the list of persons opposing the amendment speaks for itself on how bad the legislation is. He listed Gov. Edmund G. Brown, Richard M. Nixon, the state Parent-Teacher Assn., the state chairmen of both the Democratic and Republican parties, the state Jewish Congress, the State Chamber of Commerce and the Northern California - Nevada Council of Churches.

"The definition of 'subversive' in the amendment is so vague it could include almost any group," he said. "Its test of loyalty is not loyalty to the U. S. government but to Louis Francis."

Truett observed that if one grand jury should find a Rotary Club subversive, then members of all Rotary chapters could be called subversive.

Weissich, former Marin district attorney, said: "I'm just back from a two week trip behind the Iron Curtain. I have a first hand view of what Communism really it. The result of this election will be known throughout the world. An incorrect interpretation can be put on a 'no' vote."

Weissich said he favors allowing teachers suspected of subversion the privilege of the fifth and fourteenth "due process" amendments to the U. S. Constitution although Heavey would take this privilege away from them.

Marin Ex-Felon Is Sought As Firm's Money Vanishes

$3,000 Missing From Cannery In Sonoma

An ex-convict from San Rafael, who worked himself up to a high position in the Sebastopol Apple Growers Union cannery, is wanted for allegedly pocketing $3,000 in company funds.

The Sonoma County district attorney this week filed a grand theft complaint against Edmund James Whalen, 55, office manager for the fresh fruit department of the Sebastopol cannery. He vanished from Sonoma County Monday after allegedly cashing a $2,600 company check at the Sebastopol branch of the Bank of America.

Sonoma sheriff's inspector Humbert Panizzera said Whalen allegedly cashed other company checks at bars earlier this month, totaling $390.

Whalen was promoted to office manager of the fruit department when the former manager, who hired Whalen in the first place, quit about two years ago.

Whalen is still on parole for a 1957 forgery in Marin County. He was paroled from prison in 1960. Marin sheriff's office files indicate Whalen has a long record dating back to 1933. He has served about three prison terms.

Apple growers union officials were apparently unaware of Whalen's past record.

Sonoma officials said Whalen made a call from San Rafael Monday to his wife, who now lives in Santa Rosa. Inspector Panizzera said Whalen has a girl friend in San Francisco.

Between 1948 and 1957, Whalen lived in Marin County, with addresses in Tiburon, Mill Valley, San Rafael and San Anselmo.

Indictment To Be Sought In Shooting

John G. Trischan, alleged jealousy slayer of Kentifeld attorney Albert H. Gommo Jr., was taken off the serious list today at San Francisco General Hospital.

Trischan, 50-year-old San Francisco electrician, allegedly fired a .22-caliber pistol into his own mouth after shooting Gommo in the attorney's Central Tower office Tuesday evening. Gommo died yesterday of his wounds.

ACCUSES TRISCHAN

Inspector William Guthrie of San Francisco police said the San Francisco Grand Jury probably will be asked for a murder indictment against Trischan at its Oct. 29 meeting.

Gommo, 51, a successful attorney despite the handicap of having lost one leg as a boy, told police before he died that Trischan had accused him of an affair with Trischan's estranged wife, Louise. She had formerly been Gommo's legal secretary.

Mrs. Trischan, who has sued for divorce, said her husband was "insanely jealous."

Funeral arrangements for Gommo are pending at the C. A. Anderson Mortuary in San Francisco.

WIFE, DAUGHTERS

He is survived by his wife, Lilian, and three daughters, Myrna, Barbara and Margaret, and his mother, Mrs. Maude Gommo, all of Kentfield. The family home is on Quisiana Drive.

Gommo was a member of the Independent Order of Odd Fellows, Pacific Lodge 155 of San Francisco and Grand Lodge of California. He was a member of the First Presbyterian Church of San Anselmo.

A native of San Francisco, he maintained law offices there since 1937.

Gas Refund Of $79 Million Due In State

SAN FRANCISCO (AP) —California gas users will get a refund of 79 million dollars including interest as a result of a Federal Power Commission decision, William Bennett chief counsel for the State Public Utilities Commission, said today.

He said the decision announced in Washington, D.C., barring appeal, would send 24 million dollars plus interest immediately to the Pacific Gas and Electric Co. and the Pacific Gas and Light Supply Co. for rebate to their customers.

PG&E distributes El Paso natural gas to northern California.

Pacific Gas and Light through Southern Counties, Southern California and San Diego Gas and Electric companies serve the southern part of the state.

The decision would make available 26 million dollars plus interest in two other cases and 30 million dollars plus interest in a fourth case, all at a later date, Bennett said.

"This is a victory for all the people of California," Bennett said. "It is good for business because it means a cut in industry costs.

"California uses more natural gas than any other state in the union.

"It particularly was a victory for Gov. (Edmund G.) Brown."

Bennett recalled that Brown, while state attorney general, fought through the Legislature a $30,000 appropriation in 1955 to get California's case before the Federal Power Commission.

The crux of the case involved in the rebates and lowering of the El Paso rate structure concerns four rate increases imposed without a hearing by El Paso Natural Gas under terms of the Natural Gas Act.

This act allows companies to increase rates subject to later review by the Federal Power Commission.

California's chief contention was that El Paso was asking a risk rate of return on its entire investment.

The California Public Utilities Commission contended the company, having a guaranteed business, should be restricted to a normal 6 per cent return.

MORE DOUGH NEEDED AS BREAD RISES TWO CENTS

Marin housewives paid two cents a loaf more for bread today in a price hike by major bread companies in the Bay Area.

Butternut, Langendorf, Kilpatrick and Blue Seal regular white and wheat breads have jumped in price. Other companies are expected to follow suit. Small loaves at 25 cents went up to 27 cents; large loaves at 35 cents jumped to 37 cents. Specialty breads, such as brown-and-serve, cinnamon loafs, upside down bread and ryes, were not affected in price.

Although the price hike went into effect only in stores, independent bakeries throughout the county indicated they would boost regular bread prices the same amount within the next four weeks. A month ago the bakeries jumped specialty bread prices from 33 to 35 cents.

The rise in cost of flour and new labor contracts were blamed for the price hikes.

Russ Berlin Policy: Out With The Allies

WASHINGTON (UPI)—Russian Foreign Minister Andrei Gromyko has outlined to President Kennedy and Secretary of State Dean Rusk a "single-minded" Soviet policy to oust Allied military forces from West Berlin, officials said today.

But Gromyko set no deadline for this, they said.

Informed sources said that at a State Department working dinner which lasted until the morning hours today, Rusk failed to get Gromyko to show any serious interest in negotiations, an international access authority on Berlin or other measures which, though they would not apparently settle the Berlin issue, might ease it.

Gromyko, sources said, thus indicated Russia still is interested only in talking about the one point which the West considers non-negotiable — the Western troops garrisoned in Berlin.

State Department press officer Lincoln White told newsmen flatly today there had been "no progress" in the talks.

Another high official said that during the entire six and one-half hours of Gromyko's talks with the president and the State Department, nothing was said to pin down any more definitely the possibility of a visit by Soviet Premier Nikita Khrushchev to this country. But officials still think he will come, some more strongly than ever.

Nuclear Test Ban Is Urged

UNITED NATIONS, N.Y. (UPI) —Sweden urged Russia and the West today to agree to a nuclear test ban as soon as current Soviet and U.S. series of experiments have been finished.

Swedish foreign minister Torsten Nilsson suggested a provisional and limited moratorium on all tests, pending further development of equipment to detect and identify underground explosions.

Nilsson, who succeeded Osten Unden as foreign minister of Sweden last month, was making his maiden speech at the United Nations. He arrived last night.

He made no mention of the resolution calling for a test cutoff by Jan. 1 on which Sweden and the other seven neutral participants in the Geneva disarmament talks were working.

Approach Study On 2nd Deck Due

Golden Gate Bridge directors, meeting as a committee of the whole, today voted to study whether bridge approaches can handle traffic on a possible second deck.

This 7-5 decision, in which Marin directors Leland S. Murphy and Matt Graham voted with the majority, was climax of a tangled two-hour meeting centering around a problem of "which comes first, chicken or egg?"

Some wanted to give priority to studying feasibility of a second span. The meeting was called to discuss possible employment of the engineering firm of Ammann and Whitney at $60,000 for a "pre-preliminary study" along this line, but a motion by Director Joseph Diviny of San Francisco never came to a vote.

In a welter of substitute motions and amendments, proposal by Director Dan London of San Francisco to provide concurrent study of a second span and approaches was defeated 5-7.

That paved the way to the ultimate narrow majority on motion of Director William Hadeler, also of San Francisco, to check whether it's practical to have a second deck from the standpoint of approaches. Federal, state, county and city officials are to be brought into the study.

Mrs. Margaret Azevedo read a two-page letter from the Marin Council for Civic Affairs urging two things on the board:

1. To wait concerning either a second deck, or a second bridge, until the State Division of Highways gets a report on a comprehensive integrated traffic plan for the whole bay region.

2. In the meantime to have consultants devise ways of making better use of existing bridge facilities through carrying more than the present average of one and one-half persons per car, and more reliance on buses.

As the board was sitting as a committee it decided that later it would in its board capacity refer this to its building and appropriations committee.

Officials Hunting Escaped Convict

San Quentin Prison authorities were still searching today in the Fort Bragg area for convict Patrick Morehouse, 32, who escaped yesterday from the prison's Parlin Fork Conservation Camp.

Associate Warden Dale B. Frady said Morehouse, convicted in 1957 for assault with a deadly weapon in Alameda County, cross-wired a car and drove away from the camp.

POLICEMAN'S CAR IS STOLEN IN MARIN CITY

A car thief drove off with a policeman's car in Marin City last night.

Sausalito Police Sgt. Stanley C. Kelly complained to the sheriff's office that his 1954 two-door sedan disappeared from the Marin City School parking lot where his wife had parked it last night.

Mrs. Kelly, who teaches at the Marin City School, had parked the car about 8:30 p.m. When she came out of school building two hours later, the car was gone. She had left the keys in the car.

Sheriff's Deputy Herrick E. Morgan said an all-points bulletin was immediately issued for the recovery of the car. It is dark blue in color.

Economists Say Business Expansion Will Flatten Out

HOT SPRINGS, Va. (AP) — Industry economists have predicted that the current business expansion will flatten out by the end of the year and turn down in the first quarter of 1963, the Business Council was told today.

The decline was expected to be slight however — less than two billion dollars from the record 560-billion-dollar annual rate of national output foreseen by the end of this year.

After this dip of less than one-third of one per cent, the economy will "begin a renewed expansion in the second half of 1963," the 100 top industrialists at the fall meeting of the Business Council were told.

Along with the report, there was revived talk of federal tax cuts to boost the economy as the council met with Kennedy administration officials.

The report was brought to the council by F. R. Kappel, chairman of American Telephone and Telegraph Co., and head of the council's economic policy committee. He was relaying the findings of what he called "the great majority" of the council's panel of more than 20 private-industry economists who advise scores of the nation's biggest corporations.

Kappel included in his committee's report a recommendation for reducing "the oppressive burden of taxation on risk-taking, profit-oriented investment."

WIRE NEWS BRIEFS From Everywhere

Boykin Would Be Emissary

MOBILE, Ala. (AP)—Rep. Frank W. Boykin (D-Ala.), has agreed to be Alabama's Washington emissary.

He made the announcement to about 300 Mobile businessmen last night at a $12.50-a-plate banquet honoring him with a "Mobile Citizens Award."

His announcement came only a few hours after he was arrested in Mobile on a federal conspiracy indictment returned at Baltimore, Md.

Gov.-nominee George Wallace asked Boykin to serve as emissary after his defeat in a congressional race.

Ben Bella Called Turncoat

WASHINGTON (AP) — Republican leaders — still drumming at administration foreign policy—have criticized Algerian Premier Ahmed Ben Bella for "turncoat activities," which they called a slap at U.S. prestige.

The statement yesterday by three GOP campaign officials was touched off by Ben Bella's visit to Cuba this week in which he agreed with Cuban Prime Minister Fidel Castro that the United States pull out of its naval base at Guantanamo Bay in Cuba.

President's Airplane Is For Sale

WASHINGTON (AP)—For sale: One airplane, slightly used by young President for commuting. A real bargain at $375,000.

The Kennedy family plane, "The Caroline," is on the block. Reason: Declining use.

Lately the twin engine Convair 240 has seen little service except on the Hyannis Port run—the family hop between Washington and Cape Cod.

The Caroline was converted from a 40 to 44 seat airliner into an executive transport for 22.

Since becoming president, Kennedy has rarely used it. Security officials considered it inadequate as presidential transport.

Business Warning

NEW YORK (UPI)—American business will lose out in the world's markets unless it steps up investment in modern facilities to cut costs, Treasury Secretary Douglas Dillon said last night.

In a speech to the National Industrial Conference Board, Dillon said U.S. firms will be "left behind in the race for new markets, new processes and new products" if they hesitate to improve their competitive position through plant and equipment investment.

Agent Sentenced

KARSRUHE, Germany (UPI)—The West German supreme court today sentenced confessed Soviet agent Bogdan Stashinskiy to eight years at hard labor for killing two Ukrainian exiles in Munich on orders from the Kremlin.

Stashinskiy, 31, was convicted of using a bizarre cyanide poison spray gun to slay his victims instantly with hardly a trace.

The victims were Prof. Lev Rebet and Ukrainian nationalist leader Stefan Bandera. Stashinskiy said he killed Rebet in 1957 and Bandera in 1959 on orders of the Soviet ministry of state security.

Berlin Accord

BONN, Germany (AP)—West German Foreign Minister Gerhard Schroeder said today that he and President John F. Kennedy agreed the West will not accept any further interference in access to Berlin.

Schroeder reported this upon his return to Bonn after five days of consultations in the U.S. capital on the Berlin crisis with Kennedy, Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara.

The foreign minister said that more concessions would lead to only a "wall of paper between the East-West standpoints which could be broken by a mere push of the finger."

Big Oakland Fire

OAKLAND (AP)—A four alarm fire caused an estimated $100,000 domage to a quarter-block long furniture warehouse in West Oakland last night.

The blaze quickly leveled the brick building used by David Grey and Co., The Made Rite Sausage Co., and the Paramount Aluminum Co. were also damaged by flames.

No injuries were reported. Residents of old dwellings nearby fled their homes, but the buildings were undamaged despite many flying sparks.

Shriver On His Job

WASHINGTON (AP)—Sargent Shriver says President John F. Kennedy may have picked him to head the Peace Corps because he would find it easier to fire a brother-in-law if things didn't work out.

Shriver gave the tongue-in-cheek explanation of how he came to head the corps at a National Press Club luncheon yesterday.

Road Death Weapons

SACRAMENTO (AP)—California plans to add two new weapons in its fight against highway fatalities—billboards and radio commercials.

The U.S. Bureau of Public Roads has approved use of $25,000 in federal highway funds for incidental expenses—art work, paper, recording discs and tapes and travel expenses.

But the bulk of the cost — about $1 million for air time, professional advice and billboards—will be donated.

Mrs. FDR Goes Home

NEW YORK (AP)—Mrs. Franklin D. Roosevelt, after a three-week stay at Columbia Presbyterian Hospital, went home in an ambulance yesterday.

Suffering from a lung infection, she will undergo further treatment at her home, and only members of her family will be allowed to see her.

In disclosing the infectious lung condition, a hospital spokesman said the former First Lady does not have cancer.

ACQUIRED BY WHITE HOUSE

The White House announced yesterday in Washington, D.C., that it has accepted this portrait of George Washington by Rembrandt Peale. The oil portrait was painted in the autumn of 1795 and depicts Washington as commanding general of the revolutionary armies. (AP Wirephoto)

Czech Envoy Who Killed Wife Dies

BETHLEHEM, Pa. (UPI) — A Czech United Nations diplomat who killed his wife and then led police on a chase through three states, died today in St. Luke's hospital from a self-inflicted gunshot wound.

Karel Zizka, about 40, shot himself in the head yesterday at the end of a wild 25-mile chase at speeds up to 110 MPH. The attache was speeding from the Czech U.N. mission in New York, where he had killed his wife earlier in the day, when his automobile careened off the highway near Easton, Pa.

He died at 10:20 a.m. (EDT).

When a state trooper approached the wrecked car, Zizka pulled out a pistol. The trooper fired a shot, hitting the diplomat in the shoulder. Zizka then turned his own gun on himself and fired a shot into his head.

The bullet was removed in a two and one-half hour operation yesterday at St. Luke's Hospital in Bethlehem. Chief neurosurgeon Dr. David Eaton warned early today, "It's not a question of if (he will die), but when."

The single shot fired by Zizka into his left temple had shattered a lobe of the brain.

The Czech attache never recovered consciousness.

The body of Zizka's brown-haired wife, Vera, 40, a bullet through her head, lay unnoticed in their apartment in the Czech mission on upper Madison Avenue for hours as Zizka, leaving behind a note telling of the murder and his suicide intent, began his frenzied flight.

Ella Stationary

CAPE HATTERAS, N.C. (AP)—Hurricane Ella remained almost stationary in the Atlantic today, while the outer fringes of the massive storm were felt along the North Carolina coast.

The Weather Bureau said the storm was almost stationary at 5 a.m. (EST) and was expected to remain that way for the next 12 hours, followed by a slow northeasterly movement in the following 12 hours.

Moon Camera Shot Fails

PASADENA (AP)—The United States' third straight attempt to scout the moon by television has failed—possibly because of damage to the Ranger 5 lunar rocket by radiation from recent high altitude nuclear blasts.

The 755-pound camera-toting spacecraft, launched yesterday from Cape Canaveral, Fla., ran out of electrical power eight hours and 44 minutes later.

Scientists said this meant it would be unable to correct its course and would miss the moon by 300 miles.

It also meant Ranger 5 would not be able to operate its television camera nor to land a quake-measuring device on the moon's surface.

Pasadena's Jet Propulsion Laboratory, which built Ranger 5 and is tracking it through space, said the spacecraft apparently failed to draw electrical power from its wing-like solar panels to operate its instruments.

Its only source of power then was a small reserve battery with a life of eight to nine hours. That battery went dead just as scientists were trying to command the spacecraft to fire a small rocket that would re-aim it at the moon.

Cause of the failure of the solar power system was not announced, but there was unofficial speculation by some space experts that the craft's delicate solar cells could have been damaged by radiation from recent high altitude nuclear blasts over the Pacific.

Ranger 4 crashed-landed on the back side of the moon last April but failure of a timing device prevented it from sending back television pictures.

Ranger 3 gathered too much speed at launching last January and missed the moon by 22,000 miles. Ranger 1 and 2 were test vehicles not aimed at the moon.

Four previous moon shots, in the Pioneer and Able programs, failed in their missions to rocket a payload to or around the moon.

With each Ranger launch running about 16 million dollars, total cost of the nine failures was estimated to exceed 150 million dollars.

Thursday's failure left the United States well behind the Soviet Union in moon shots. The Soviets' Lunik III took television pictures of the far side of the moon in October, 1959, just a month after their Lunik II plowed into the moon's face. Lunik I missed the moon by 4,700 miles in January, 1959.

A source at Cape Canaveral said the sixth Ranger spacecraft, scheduled for launching in January, probably would be delayed while the string of failures is studied.

Without electrical power on board, Ranger 5 cannot eject the capsule. Instead, scientists said, the spacecraft will shoot past the moon and go into an orbit around the sun.

Legend holds that Columbus landed on the island of Martinique because all the inhabitants were said to be women.

SPACE VEHICLE IN FLIGHT

This is an artist's concept of the nation's first nuclear-propelled space vehicle in flight. Depicted is the RIFT (Reactor-In-Flight Test) stage which is being built by Lockheed Missile Co. of Sunnyvale. The first flight test is scheduled for 1966-67 from Cape Canaveral, Fla. 3 Youths Face Music Albums Theft Charges

Three Novato youths, suspected of systematically slipping music albums out of Lee Brothers Market for the past several weeks, face charges of grand theft and receiving stolen goods.

Gary David Clementino, 18, of 1052 Fifth Street, Novato, was scheduled to appear in Marin Municipal Court today on a charge of grand theft. Charges of receiving stolen goods were lodged against Douglas Eugene Simpson, 18, of 701 Cherry Street, and Walter Halkovich, 18, of 705 Cherry Street. Simpson and Halkovich are to appear next Wednesday to enter their pleas. All three are free on $262.50 bail each.

Edgar A. Wright of Hayward, security officer of Lee Brothers Markets, had been investigating the loss of the record albums from the market, according to Novato Police. Ronald Lipe, store manager, told police he suspected Simpson of allowing the other two youths to take the albums without paying for them.

Police said that Simpson admitted the thefts and implicated the other two youths. An undetermined number of albums have been taken over the past several weeks, possibly as many as 50, Lipe told police.

Meadowsweet Annexation Is Discussed

Eighteen residents of the unincorporated Meadowsweet area adjoining Corte Madera attended a meeting last night to discuss annexation, but only one signed a form saying he would be willing to petition the Corte Madera Town Council to annex his property.

Frank L. Nelson, Corte Madera police and fire chief, told the meeting in the town firehouse he intended to live up to "the ultimatum of the town council" that Meadowsweet must depend on Marin County for law enforcement and fire protection. In the past, Corte Madera firemen have made many runs to the area outside the town limits.

Nelson said it took the county fire department 10 to 15 minutes longer to reach the area than it did Corte Madera firemen.

F. Carl Engelhart, retired Army colonel of 915 Meadowsweet Drive, said residents are concerned with other factors of annexation besides police and fire protection.

"We are interested in the restrictions as well as the benefits," he said.

Engelhart, praising Nelson for his presentation, said, "This is the first direct knowledge the residents concerned have had of the council's position regarding no police and fire protection from the town."

Mrs. Mary Henry, who lives at 1044 Meadowsweet Drive, south of the area proposed for annexation, said residents in her area also are interested.

Sole signer of the form indicating willingness to petition for annexation was Charles F. Gleim of San Francisco, who owns property at 941 Meadowsweet.

Case Against Ex-Marine Wound Up

Dist. Atty. Roger P. Garety yesterday wound up his case against Claude Hilton Bradley, 22, accused of the strangulation murder of a San Rafael mother last June 3.

Garety contends Bradley, a husky truck driver, visited Mrs. Carole Leona Frederick, 29, in her apartment at 45 Woodland Avenue, then strangled her.

Attorney Berwyn A. Rice is scheduled to open the case for the defense Monday morning before a jury of nine women and three men in Judge Richard M. Sims' court.

Yesterday, the district attorney succeeded in introducing one of his key bits of evidence —a statement made by Bradley to the district attorney and police at the time of his arrest.

According to Garety and police, Bradley voluntarily admitted he had entered Mrs. Frederick's apartment about 2:30 a.m. on June 3, made advances to her, then left the apartment when she went limp.

Defense lawyer Rice argued that the statement was not voluntary, but the judge allowed it to be presented.

Novato Community Building Policy Due Rec Commission

A policy to govern the use of the community building will be submitted to the next meeting of the Novato Parks and Recreation Advisory Commission, Edmund Mahany, parks and recreation director, told that commission last night.

The formation of such a policy was one of the first jobs given Mahany after he started work. He said that the policy statement will be revised by the commission and then sent to the city council for adoption.

Lou Johnson of 1209 Lynwood Drive requested that the city organize a men's volleyball league. Mrs. Eleanor M. Snare of 850 Cypress Avenue requested a recreation program for senior citizens.

Both requests were tabled pending the formation of the general recreation policy.

The commission received a statement favoring the $100,000 swimming pool bond issue in the general election from the San Jose Elementary School District trustees.

Meeting nights for the commission have been changed from the first and third Thursdays to the first and third Mondays, effective with the next meeting on Nov. 5.

Robert D. Huber, former Mill Valley mayor, was driving on Del Casa Avenue in Mill Valley yesterday when he saw his 12-year-old son, David, riding his bicycle.

Huber tooted his car horn and waved. But David showed no recognition. Alarmed, Huber drew closer and saw that David was bleeding from the mouth.

Huber took his son to the office of Dr. J. Sean Maloney at 85 Fairway, who examined him and sent him to St. Mary's Hospital in San Francisco. Six stitches were required to close a gash in his lip. He also suffered a concussion.

The boy was still unable today to account for his injuries.

Boy In Bike Mishap In Good Condition

Larry Shiflett, 8-year-old Sausalito boy who ran into a car Wednesday while riding his bicycle, was reported in good condition today in Marin General Hospital.

He was held for observation of a head injury. He is a son of Mr. and Mrs. Edward Shiflett of 44 Butte Street.

Novato Students In Big Business

The student body at Novato High School has gone into big business and needs an audit check, trustees of Novato Unified School District learned last night.

Reviewing the annual audit report by Dalton, Graupner and Barber of San Francisco, trustees learned that the student body store, run by the students as part of the school's business training program, does a business of more than $5,000 a year.

The auditing firm suggested insurance protection for equipment purchased by the students and annual account reviews be made. The students have bought such things as a movie projector and athletic equipment.

KIN OF MARINITE DIES IN VIET NAM

HERBERT W. BOOTH JR.
Shot down by Reds

Mrs. Chester I. Dennis of Mill Valley, whose nephew, Capt. Herbert W. Booth Jr., was shot down Monday over a Viet Nam jungle, said today, "I don't think the American public is conscious of what is going on in Viet Nam and that Americans are dying over there."

Booth and two other airmen, Army Capt. Terry D. Cordell of Sanford, Los Angeles County, and Air Force Sgt. Richard L. Fox of Estero, Fla., were reported killed after their L-28 reconnaisance plane was hit by Communist guerrilla fire while flying in support of a South Viet Nam Army raid.

Booth, who would have been 32 today, had come through the Bay Area about one month ago, Mrs. Dennis said. "He telephoned me from Travis Air Force Base and said he couldn't come over because he was leaving in one-half hour for 'points west.' We subsequently learned he was sent to Southeast Asia."

The airman leaves his wife, Nancy, and two children, Herbert W. Booth III, 2, and Victoria Jean, five weeks, of Sarasota, Fla. His parents also live at Sarasota.

Booth, Mrs. Dennis said, was graduated in 1954 with honors from West Point. "He was so outstanding that, during Air Force Week, he was selected to demonstrate the new plane, the L-28, in Philadelphia. He was flying L-28s in Viet Nam on reconnaissance with the Strategic Air Command."

Prior to his Viet Nam duty he had flown jets to Africa and back, Mrs. Dennis said.

New York Rabbi Dies After Brutal Beating By Muggers

NEW YORK (UPI) — In the Williamsburg section of Brooklyn live thousands of ultra-Orthodox Hasidic Jews, many of whom fled persecution in Europe to carry their ancient sect's customs to a new land.

With their beards, wide-brimmed hats, and long black coats, the Hasidic followers are easily recognized in the streets of Williamsburg. And one of the most widely known sect members was Rabbi Bernard Eisdorfer, 55, who came to New York from Czechoslovakia 14 years ago.

Yesterday Eisdorfer died. He had been brutally beaten in a mugging robbery Monday night, as he returned home from a Talmudic study meeting.

The man who had come to America in search of a haven from terror and violence was a victim of "cruel circumstances" in a neighborhood where police protection against hoodlums is inadequate, according to Rabbi Abraham Stein and other Hasidic members.

About 10,000 persons, angered at the police and carrying signs declaring "New York is a city of gangsters," formed a noisy funeral procession as Eisdorfer's plain wooden coffin was carried from a funeral home to his residence and then to a synagogue.

The crowd, some weeping and others shouting, paused as the procession passed the neighborhood police station. There were yells of "give us more police protection!"

Police denied the sect's charges they were hiding a crime wave directed against Jews of the area.

PAINTER OF NUDES, 82, SAYS WOMEN IMPROVED

LONDON (AP)—English girls look a sight better in the nude today than they did 40 years ago, says an 82-year-old expert on the female form.

"Girls of today," said Sir William Russell Flint, "have good, strong, square shoulders. They have a more athletic physique."

Sir William, acknowledged dean of British painters of the undraped woman, opened a one-man show at the Royal Academy yesterday.

"Perhaps at 82 I still feel youthful myself," he said as he looked over one of his nudes on display. "I certainly enjoy the painting.

"When I started painting, you always saw what we used to call 'champagne bottle shoulders'—girls with poor, sloping shoulders, poor muscles."

But the muscles have tightened now, the shoulders have squared. "I must say, I think it's a very good thing."

Land Next To Rancho School To Be Bought

Trustees for the Novato Unified School District last night voted unanimously to buy land next to the Rancho School which the Novato City Council last week refused to rezone for commercial use.

The land, 1.7 acres on South Novato Boulevard, will "square off" the school site, trustees agreed. A suggestion to buy an additional triangle, including the home of Richard Connell, owner of the property, was put aside until negotiations begin.

"I'll hate to buy the 1.7 acres and in a couple of years find we need more," said trustee William Kirk.

"We don't want Rich Connell to think we're running him out of his house," said trustee Earl G. Marshall.

The board then agreed that negotiations might bring out a "good offer" for the entire parcel, including the house.

At last week's council meeting, parents appeared en masse to protest rezoning of the property from agricultural to commercial use. One said the zone change would triple the cost of property for an addition to the school. Others expressed concern for their children's safety if stores were built.

The school board, commenting on a request from County Counsel Warren E. McGuire that it negotiate through his office, voted full authority to the county counsel to negotiate for the property with condemnation if necessary.

The board approved two low bids. One, from Ceccotti and Son, includes all drainage work to be done at Novato High School. In a field of five bidders, the Ceccotti company bid low at $22,525 compared to a high of $32,044 by O. C. Jones.

Gillig Brothers bid a low of $17,966 each to deliver two new school buses for 79 passengers each. One other bid was received from Crown Coach for $18,168 each. Trustees accepted the low bid and agreed to pay for the buses over three years for a total cost, insurance included, of $38,089.86.

Trustees agreed that school personnel should be present when groups use school facilities in the evening. Cost of the personnel, they agreed, should be absorbed by the civic center fund.

Interscholastic sports at Hill School should be continued through the school year with the possibility the program can be dropped next year in favor of a city-wide program run by the new city recreation director, trustees said.

The board also accepted a refrigerated drinking fountain in the cafeteria at Novato High School purchased by the student body there and agreed to buy seven new uniforms for the school's band.

More Lending Power

WASHINGTON (AP) — Official concern about the lagging economy has brought an unusual move by the Federal Reserve Board to increase the lending power of the nation's banks.

The easing of credit will be accomplished by reducing the amount of money member banks must keep on hand as reserves backing saving and prime deposits.

Required reserves will be cut from five per cent of deposits to four per cent on Oct. 25 in New York, Chicago and other major cities. The reduction will become effective in smaller communities on Nov. 1.

Like a mother on Mother's Day, we must admit that we like to hear nice things said about us during National Newspaper Week, which is this week.

But like a mother, we worry too about those things that we produce, your daily newspaper.

Long gone is the day of the one man newspaper. Putting out a paper the size of the Independent-Journal is a full time job for 140 individuals trained in their own particular jobs, and for another 25 or so regular part-time workers.

Delivering the paper to your door today are 596 newspaperboys, young merchants conducting their own businesses, buying their papers from the I-J wholesale and selling them to you retail. Tomorrow is National Newspaperboy Day paying special tribute to our young cohorts.

To each one of these workers the product you receive is all important. Each one of them wants it to be the best possible, for your acceptance of it means, in hard, cold fact, their jobs.

We want to give you a paper which will accurately, fully and responsibly inform you of what is going on in Marin County, the state, the nation and around the world. We want our news columns to be unbiased, our editorials to give vigorous, informed leadership and be constructively critical.

This week, while receiving accolades, we stand back and look at our product, your newspaper. We are proud of what we have produced in the past year, we are pleased that your increasing purchase of it indicates you like it, too.

But we see many things which need further attention, things we know about, things we are working on, but things that still need improvement. These things vary from errors of fact (which we consider unpardonable) to the paper being thrown on the roof (which we also consider unpardonable).

We are working diligently on all of them while at the same time investigating and adopting new and better ways of getting your news and newspaper to you.

And for another year, we pledge our continued dedication.

ENCOURAGE, DON'T DISCOURAGE

After one candidate was defeated at the polls, he ran this notice in a local newspaper: "I wish to thank all those who voted for me in the recent election. My wife wishes to thank all those who voted against me."

It is a natural tendency to shield those we love from the misunderstanding and ingratitude so often the lot of those devoting themselves to public service. But you would do far better if you gave your moral support and practical backing to every competent person who is generous enough to assume the burdens of public office.

Don't take it on your conscience to discourage those imbued with the principles of morality, efficiency and economy. Failure to back them up may mean opening the way for the incompetent to staff your government.

Yes, God will bless you and you will do much good if you make it a practice to encourage rather than discourage.

"He who is not with Me is against Me, and he who does not gather with Me scatters." (Matthew 12:30)

Bless those, O Lord, who sacrifice their own personal interests to provide good government for everyone.

Happy People Best Qualified At Judging Others Correctly

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Those who are happy themselves, psychologists have found, are best at judging correctly the qualities of others. The unhappy man tends to see his own faults in the other fellow.

Women, generally, are also better than men at sizing up other people. Exception: Love blinds them to what's wrong in their own husbands.

Many doctors now agree that the first signs of an approaching illness often show up in a dream, long before the actual physical symptoms appear.

An old ruling in Washington, D. C., made it illegal for a man to marry either his grandmother or his mother-in-law.

During the 18th century, homes of the European wealthy often had two tubs in a bathroom—one for washing with soap, the other for rinsing it off.

Fewer than 10 per cent of those who diet to lose weight manage to keep it off. The simplest way to keep your weight constant is to cut down the amount of food you eat 1 per cent each year after the age of 25.

Can you name the only man who signed these four crucial documents in early American history—the Declaration of Independence, the U. S. Constitution, treaty of alliance with France and treaty of peace with England? He was Benjamin Franklin.

The Journal of the American Medical Assn. notes: "Scientists now tell us there are 1,600 things a married man can worry about; a bachelor has only 1,100 things to worry about."

PAPER MONEY was invented by the Chinese, but the world's most highly valued notes are those of $100,000 denomination issued by the U. S. Treasury and bearing the portrait of President Woodrow Wilson.

There is poetry in words. Our word muscle comes from the Latin term "musculus," meaning "little mouse," for the ancients truly observed our muscles move like little mice beneath the rampart of our skin.

Vet Exemption Discriminates

EDITOR,
Independent-Journal:

I am a veteran—proud to be one of the millions who served their country in its wars.

Being a veteran, I know that while I was away, the world moved on; when I got back I had to catch up as best I could.

While I was away, some of my buddies worked to get the GI Bill of Rights and other worthwhile legislation passed. Like many other veterans who bought homes, started businesses, I took advantage of that legislation.

This was only a recognition. I believe that veterans are deserving of no less consideration than the fields NOT plowed, the pigs NOT raised, or the guaranteed profit contract. I believe that veterans are just as entitled to rehabilitation as are urban eyesores.

As a veteran, I am not suggesting that the country carry me around on its shoulders for 20 years. But somewhere along the line "Veterans Preference" has become just a couple of words in the archives.

Being a veteran, I learned about freedom the hard way. I cannot comprehend why we must pay billions of dollars in taxes to give jobs to people of uncertain loyalty in other countries while we watch our buddies walk the streets looking for work.

I do not understand why our government is concerned about the pennies our fathers and mothers have saved, but never raises its voice when some dictator confiscates millions of dollars worth of American property in his country.

Being a veteran, I want no part of giving away my country, either whole or piecemeal. I have followed my Old Glory over too many ridges to be anything less than an old-fashioned patriot.

Being a veteran, I do not stop serving my country just because I took off my uniform or celebrated my 65th birthday.

And because I am a veteran, I am interested in veterans' exemptions.

The assessor's pamphlet of examples of exemption, Paragraph 6, says a male veteran is not eligible for exemption if either he or his wife owns property valued at $5,000 or more.

Paragraph 4 says if total community property exceeds $10,000 in value, claims must be denied. Although Paragraph 7 says that an eligible woman veteran can have exemption if she owns less than $5,000 in property regardless of the fact that her husband may own property far in excess of $5,000. In Example "B" in this same pamphlet, as figured, it amounts to $42,000.

In the re-assessment of the county the veterans of Southern Marin were raised while those in the northern part of the county still enjoy the lower rates. Again this shows a discriminating act of the law . . . Yet we talk of not discriminating race, color or creed.

As a veteran, I know this law was enacted in 1911 when conditions were far different from those of today. Yet, no legislation or governing body has done anything to correct this. So, don't blame the veterans.

Yes, being a veteran, I am more than part of just another "minority group." I am part of the greatest outfit of men and women dedicated to promoting, protecting and defending the Constitution of the United States of America.

Whether I am 40 or 80, I will stand on any firing line, in any battle of words, ideas or guns, anywhere in the world, in support of my obligations to my country; I will stand wherever my country needs me, for as long as it needs me, because I am a veteran.

I-J REPORTER'S NOTEBOOK

By AL BOCK

Clem Miller's Book May Prove To Be His Most Lasting Contribution

A congressman, like any other man, eventually has to stand on his record.

This is true after death even more than it is during his life. Thousands of Americans have lived and served as members of the House of Representatives and died—and have been forgotten.

If he happens to become Speaker of the House or gets his name tacked onto an especially good or especially bad bill, his chances for durability increase somewhat.

THERE ARE exceptions. After all the memorials and resolutions have taken their place as conventional tributes, I think Congressman Clem Miller stands a pretty good chance of lasting well beyond the memory of the first district and the Congressional Record.

It may be true that the Point Reyes National Seashore will be an everlasting monument to Miller, but this will take second place, eventually, to another, almost incidental, contribution from Miller.

A name on a plaque or grave at Point Reyes may mean little to sightseers 50 years from now.

A MORE ENDURING work, as far as Miller's intellect and personality are concerned, is a modest document called "Member of the House: Letters of a Congressman."

This collection of letters from Miller to a group of friends who did "the spade work at election time" was published the day after his death. As a book, it is not a great one. But as a report by an observant young congressman it should remain an integral part of the more readable literature on how Congress works, and why it works at all.

Miller relates his experiences in the House of Representatives during the period of 1959-1961. The account includes lively references to Miller's annoyance at the difficulty of "selling" a bill to the Eisenhower administration and the superficiality of the novel, "Advise and Consent."

But the letters are more than an informative (and informed) story of Washington politics at a particular time.

Because he is not a political scientist or any other such expert, Miller brings first-hand insights into the sometimes dreary, sometimes dramatic, always complex workings of Congress.

ARRIVING IN Washington with bright ideas and legislation in hand, all ready for the enthusiastic approval of his colleagues, Miller at first expresses a kind of Mr. Smith-Goes-to-Washington dismay at the way things really are.

But while waiting and watching, Miller learns a lot, and so does the reader of his letters. He illustrates generalities about the traditions and intrigues of House committees with colorful examples . . . In a few lines he conjures up a memorable impression of the awesome power of the Speaker (in this case the late Sam Rayburn).

MANY BOOKS have been written about Congress, but this is most likely one of the few that brings full force to a non-politician, and non-veteran politicians, too, the personal maneuverings and hard work that shape national legislation.

The Miller letters are valuable because they are from a man who was there and brought a clear style and intelligent mind to his work. They should be valuable to students of Congress (and shouldn't we all be?) for many years.

We in the first district may not have known until too late that we were represented by a rather wise man. His book is evidence of that.

ROSCOE DRUMMOND

Massachusetts Is Kennedy State But Popularity Not Transferable

BOSTON—Nearly all the poiltical signs here point the same way—that the state of Massachusetts is about to become, more than ever, the state of Kennedy.

What the Kennedys want, the Kennedys get in Massachusetts with the decisive and enthusiastic approval of the voters who are apparently about to show that, far from resisting, they prefer putting another Kennedy (Edward, youngest of the brothers) at the top bracket of power in Washington.

The Republican senatorial nominee, George Lodge, who served creditably in the Eisenhower administration, is putting up a stalwart effort to make it a contest. But I cannot see that thus far he has been able to pose any sharp issue against Ted Kennedy or to persuade the majority of voters that Ted cannot in some way or another do more for them than anybody else.

THIS CONTINUES to be the central theme of Ted's campaign for election. There is little evidence that Lodge is successfully countering it.

The issue on which Lodge would like the Massachusetts voters to decide their choice is whether, as he puts it, they want a "senator with an independent voice" to represent them in Washington or a "senator with family ties." The judgment of most observers is that only a serious Ted Kennedy blunder—plus a daring Lodge recovery of a Kennedy fumble—could possibly turn the tide.

BOTH CANDIDATES are campaigning furiously. Lodge usually operates with a three-bus motorcade with all electronic equipment to put on a rally at an instant's notice at any place. The lead bus keeps about a half-hour ahead of the oncoming candidate with the objective of luring a good crowd to the curb by the time "the man" arrives.

Ted Kennedy is introducing no novelties in campaign techniques, but he is indefatigable. He seems to be determined to shake every hand he can reach from the Charles River to the Hudson.

What both candidates are exhibiting is political personality with a smile. Because Lodge has not thus far been able to fasten on a political issue of substance that divides him from Kennedy, the choice between the voters seems more and more to turn on personality.

WHEN I SAID that the state of Massachusetts seemed about to become the state of Kennedy, I did not mean that everything is going Democratic here. The voters seem ready to give the Kennedys any office they seek, but this popularity is not transferable.

Massachusetts voters are inveterate ticket-splitters. They gave President Kennedy a 500,000 majority in 1960, but simultaneously they elected Republican Leverett Saltonstall to the Senate by 300,000 and Republican John Volpe as governor by 100,000.

Even a Ted Kennedy victory would probably not unseat Governor Volpe.

Main Phone Toll Cable Repaired

The main telephone toll cable connecting San Francisco and Marin was repaired around 2 p.m. yesterday after having been accidentally cut by a Marin Municipal Water District crew at 10:43 a.m.

Calls normally handled by the cable, which can carry more than 3,000 conversations at once, were immediately re-routed through Santa Rosa, Oakland and Richmond according to a pre-arranged disaster plan, said Gordon Davenport, local manager for the Pacific Telephone and Telegraph Co.

"Our customers were probably unaware of the damage because our re-routing went so smoothly," he said.

The cable was partially severed by the water district crew as it dug at Johnson and Caledonia streets, near Juanita's Galley in Sausalito, to tap a 16 inch water line which parallels the cable.

Davenport said an eight-man telephone repair crew excavated the cable, stripped off six feet of cable sheath, dried it and replaced it by 2 p.m. About 230,000 calls from San Rafael are made over the cable daily, he said.

Carillons of the Northwestern Savings and Loan offices in San Rafael and Mill Valley will chime out on the exact hour of the closing of the Seattle World's Fair on Sunday at 7 p.m.

Schulmerick Carillons of Sellersville, Pa. has maintained an elaborate system of organ and bells in the fair's Space Needle.

Papers On Recall Due Soon

Alfred W. Bowman said today he would file a notice of intention to institute recall proceedings against Novato City Councilman John Angeloni with the city clerk "within a few days."

A notice of the intention was handed Angeloni during a city council hubbub over route of the Highway 101 freeway Tuesday night.

Following the filing with the city clerk, it would be necessary to get signatures of 25 per cent of the registered voters in Novato to bring the recall to a vote. This will require about 1,500 signatures and must be done in 60 days, according to Bowman.

Angeloni said today that he would not make any official statement until after Bowman has filed the recall papers with the city clerk.

County Clerk George H. Gnoss said that his office has nothing to do with the papers in a city recall election. After the petitions were turned in to the city clerk, Gnoss's office would check the signatures against the registration rolls.

Nixon Offers Five-Point Program To Make California Highways Safe

By CHAPIN A. DAY

ABOARD NIXON CAMPAIGN TRAIN—Richard Nixon today offered a five-point program to make California highways "the safest in the nation" as his train rolled south of Los Angeles on the second day of his whistlestop coastal tour.

Last night in Santa Barbara, he charged Gov. Edmund G. Brown with attempting to turn California "into a giant puppet with the strings being pulled in Washington, D.C."

Nixon said that Brown, in a nationwide television show, had called on voters to put Democrats in all 50 governors' chairs for the good of the country. The Republican candidate called this statement "shocking and irresponsible," implying that the United States should have a one-party system "alien to the founding principles of our republic."

He said Brown had also implied that the president might use his power in the allocation of defense contracts "to affect the outcome of a free election."

Nixon said he was sure President John F. Kennedy "would be the first to repudiate this shocking implication" and he called upon Governor Brown to "retract this embarrassing suggestion."

Saying he had supported President Kennedy's stand on atomic testing, Viet Nam and "in other crises like the one in Mississippi," Nixon reiterated his right and the right of the governor to disagree with the president.

Regarding Cuba, he said, "Californians are ahead of Washington" and "we do not want our generation to go down in history as the period when the Monroe Doctrine was allowed to die."

Nixon presented a five-point highway safety program in his first stop today at Pico Rivera, just south of Los Angeles. He followed up in speeches at Fullerton, Anaheim, Orange, and Santa Ana, which the train reached at noon. The trip winds up tonight in San Diego.

The program calls for:

1. Mandatory blood tests for drunken driving suspects, agreed to by drivers as a condition of getting their licenses;
2. Mandatory loss of license by convicted drunken drivers;
3. Jail sentences for all convicted drunken drivers;
4. Compulsory vehicle safety inspection;
5. Speeded-up driver education program, particularly behind the wheel.

Nixon also called for improved freeway construction and a rapid transit district for Southern California.

He charged that drunken driving in traffic accident cases has increased 21 per cent, but that when Robert McCarthy, former motor vehicle chief, attempted a crackdown, he was forced out of office by Governor Brown.

Earlier yesterday Nixon had pointed to Robert McCarthy, Democratic brother of Marin Republican Sen. John F. McCarthy, as the type of "high caliber man" he would appoint if elected governor.

Last night Robert McCarthy answered that men of high caliber in government "is surely not a campaign issue" because Brown also had appointed high quality men "without regard to party label."

Brown Says His Opponent Doesn't Understand Press

By ASSOCIATED PRESS

Gov. Edmund G. Brown today carried his Democratic candidacy today to the Los Angeles County Hall of Administration, Los Angeles State College, a shopping center in Los Angeles' Crenshaw District and —finally—to a rally in Beverly Hills in the evening.

Brown has suggested that his opponent, Republican Richard M. Nixon, doesn't understand the function of a free press. In an address to the Los Angeles Community Newspaper Publishers Assn. Thursday, the Democratic incumbent said:

"A few days ago, he (Nixon) accused the press of California of prostituting itself by putting questions to him which he did not want to answer.

"I submit this demonstrates a dangerous lack of confidence in the freedom of inquiry."

The governor commented that he felt he had received fair and impartial coverage of his re-election campaign by California newspapers.

Watkins Estate Fixed At Over Million Dollars

Value of the estate of the late David Watkins of Fairfax, pioneer executive of the California State Automobile Assn., has been fixed at $1,261,338.99 by state inheritance tax appraiser Lee Holman.

Attorney John Barton O'Brien of San Francisco has filed the inventory and appraisement in San Rafael for the Bank of America and George Smith, a nephew, as co-executors.

O'Brien said today that the large estate will be shared by Watkins' two sisters, Mrs. May Morley and Mrs. Maude Michael, who have been living in the family home in Fairfax; a niece, Mrs. Corrine Smith of San Francisco, and other relatives of his deceased wife together with a few friends.

Watkins died in a Tiburon rest home last April. A native of Nebraska, he came to California in 1913 after forming the Kansas State Automobile Assn. and served longer as an auto club manager than anyone else affiliated with the American Automobile Assn.

Equalization Of Classes Due Sausalito

Equalization of fourth grade classes between Richardson Bay and Bayside schools is to be discussed Monday by trustees of the Sausalito School District.

Four parents have objected, Supt. Marcus F. Davis said today, to the proposed moving of Joan Bernal's class of 16 from Bayside to Richardson Bay but are advocating moving students rather from Richardson Bay to Bayside.

Objections followed an explanation Wednesday by Miss Bernal of the proposed transfer, Davis said.

He explained the problem of equalization arose when classes were diminished at Bayside with the moving away of families from the Army fort areas. This left three fourth grade classes—one with 16, one with 21 and another with 24 pupils. The two fourth grade classes at Richardson Bay have 36 and 30 pupils, respectively.

A discussion of integration within the district is also on the agenda for Monday at 8 p.m. in the district office.

Jury Is Chosen For Prison Murder Trial

A jury of two men and 10 housewives was picked yesterday to decide whether San Quentin convict Taylor N. Chambers, 27, should go to the gas chamber for assault.

Asst. Dist. Atty. Bruce B. Bales accuses Chambers, a Los Angeles robber, of clubbing to death Richard M. Rios, 31, another inmate. Rios, an Orange County auto thief, died on Oct. 3, 1961 after a melee in the prison exercise yard.

Chambers is accused under a section of the Penal Code which makes death mandatory for a life termer who commits fatal assault.

Deputy Public Defender Jerome C. Durham is representing Chambers.

After three days of jury picking, the following were sworn in before Judge N. Charles Brusatori of Marin Superior Court yesterday:

Nels E. England of Sausalito, maintenance man for school district; Mrs. Donna P. Nelson of Mill Valley; Mrs. Helen F. Healy of Belvedere; Mrs. Beverly Riding of San Rafael; Mrs. Lorena Kaehler of Novato; Mrs. Elizabeth G. Flagerman of Mill Valley; Mrs. Merna L. McIntosh of Corte Madera; Mrs. Dolores C. Two alternate jurors are Peter J. Oakander of San Anselmo, maintenance man for theological seminary, and Albert F. Mondot of Fairfax, market clerk.

The trial will resume Tuesday at 10 a.m.

Hearing At Oxford

OXFORD, Miss. (AP) — The Student Judicial Council has started closed hearings on charges against at least 11 University of Mississippi students growing out of campus riots Sept. 30.

No public announcement is expected until after all cases have been heard and decided.

James H. Meredith, the Negro student whose appearance at Ole Miss set off the rioting, ends his third week as a student today.

DINING OUT AND INNS

By HARRY CRAFT

With Stormy Weather Gone, It's Time To Head For Bolinas

With stormy weather over for the time being it's not inconceivable you might be tempted to venture out beyond the 12-mile dinner limit. And if it happens that Bolinas is your objective we'd suggest you look in at **Tarantino's** which specializes in fresh seafood delicacies of the season.

Tony Tarantino tells me it's now the best time for oysters on the half shell and he has clams all the time—steamed and in chowder.

This is a quiet family place—no liquor except beer—and it only seats about 70. In no time at all that many customers can pile up if a number of people have the same idea at the same time. So if you're averse to waiting it's a good idea to phone ahead for the "tide" report.

Closes at 9 p.m. weekdays—earlier if the weather is bad. Open Sundays and holidays until 7 p.m.

DOMINIC'S Harbor Restaurant in San Rafael has its wine cellar where everyone can see it—just inside the door. No need here apparently to rely on National Wine Week to promote the power of suggestion. The cellar, along with Swiss-imported wine dispensers at the tables, are an ever-present reminder that a good vintage added to a good meal equals a **special** meal.

PETER ALIOTO'S new **Arbordale Hof Brau** will hold its official grand opening Nov. 1, from 8 p.m. to 2 a.m. **Johan**, the Bavarian minstrel, will perform at the revived Sausalito brauhaus (on El Portal at Bridgeway).

The Arbordale has been open several weeks, but it's traditional among restaurants and other businesses, for that matter, to defer "grand" openings until little problems have been smoothed out.

CHANGES? "We don't have any," claims **Tommie Cox.** "The same menu we've had right along with the same drinks. I guess both must be good; there are no complaints."

Which indicates **Tiburon Tommie's Pier 41** knows a good thing when it has it and isn't about to change the status quo. But if you've never been here it's still **new to YOU.**

Polynesian and Cantonese cooking—the best kind by **Johnny Won** who, having mastered his trade, is obdurate enough to do the same things in the same way as long as they satisfy.

Plenty of room upstairs in the Maori Room for banquets and luaus.

HOMEMADE RAVIOLI by **Louis Onofrio** at the **Ranch House**, San Anselmo, are the big thing. Manager **Dick Argento** tells me customers are eating them up like hotcakes—without syrup, of course.

BEADED BAGS—the **Charcoal House** wants more of them.

This Larkspur restaurant already has 65 oldtimers in its wall display collection which is the largest in the area, no doubt, but there is room for additions and they're hard to find.

Might be if you've got one in your attic or an old trunk and it's good enough to display you can end up with a free dinner from **Charlie Dulcan** and **Tom Harshbarger.**

FRIENDS of **Lee and Aileen Warren** (Lee used to be a district manager for Wilshire stations in Marin) will have the opportunity to renew old talk and wish them well in their new venture if they are in Burlingame.

The couple recently took over the **Piccadilly** at 1461 Burlingame Avenue and are making great headway with restaurant and cocktail lounge. Open for lunches and dinners — but closed Sundays and holidays.

GENE PAH is back in San Rafael—or will be next Monday when he starts cooking the lunches at the **Patio**, 869 Fourth Street. Featured will be a 95-cent merchants lunch and if Gene hasn't lost his touch (which I doubt) you can count on a first-rate meal. You may remember him when he was at the Music Box.

PURPOSE of the **Fleur de Lys** Wine Harvest Contest this month seems to have escaped some would-be entrants.

You can't enter this one by mail—even if you've cooked up the best 80 words you ever wrote testifying why you enjoy wine with your meal at the San Anselmo restaurant.

You'll have to visit in person and have dinner before you can qualify. Which is only fair, since **Robert Charles** is laying out $500 for prizes and he should be entitled to get some of it back. Pick up your entry blank after you've eaten, and if you need some time to think over your choice of words I imagine mailing it back would be acceptable.

Better make it good. I've been asked to be one of the judges and it's **my** turn to decide how capable YOU are at this sort of thing!

STEAKS—Among the finest I've ever eaten are those of **Ramona's.** Served grilled, as a steak sandwich or a la Mexicana—anyway you order them is probably the right one. Beats me which is best—but are they delicious!

Teacher License Plan Attacked

BURLINGAME (UPI)—A spokesman for the California Teachers Assn. has attacked what he calls "laundry list credentialing methods" for licensing teachers in California.

Dr. Charles Hamilton said the main value of the new regulations now under study by the State Board of Education would be to maintain a large state bureaucracy to check college transcripts against a list of required courses.

"We should realize that the same course titles on transcripts from different colleges, instead of insuring equivalent preparation, may represent quality variations from miserable to excellent," Hamilton said.

'VINLAND' HISTORY

National Wine Week Starting Tomorrow

National Wine Week starts tomorrow and you can give Hernando Cortez, Spanish conqueror of Mexico, at least part of the credit for the fact that California figures in it so prominently.

Leif Erickson had discovered grapevines growing in North America when he landed some 500 years before Cortez, but he didn't do anything except talk about it and call the country "Vinland."

It wasn't until the late 1700s that these native varieties were domesticated and successfully crossbred for winemaking.

But Cortez stipulated that winemaking become an industry in the New World and ordered land grant holders to plant European vines brought from Spain.

Wine growiing spread from Mexico northward into California with Padre Junipero Serra and the Franciscan fathers who found it naturally favored for viticulture.

More than a century later it was destined to rank among the famous wine regions of the world.

The Spanish grape of the Franciscans has never been clearly identified. It made some good wines but others were lacking character.

Jean Louis Vignes, a Frenchman from Bordeaux and a commercial grower of the early 1830s, was the one to realize that choicer varieties must be brought from Europe.

He started it, but the great change from the Mission grape to pedigreed European varieties is credited to Agoston Haraszthy, a Hungarian nobleman who settled at Sonoma in 1857.

During the Civil War he spent five months visiting important European wine districts and brought home 100,000 cuttings which were sold to growers in all parts of the state.

Native American grapes of the eastern United States made a big contribution to the industry after phylloxera, dreaded insect pest of the grapevine, laid waste European and California vineyards alike in the 1870s and 1880s.

Native vines proved to be immune and the others were eventually made safe by grafting them to the hardy native roots.

Western American and European grapes today are "brothers under the skin."

Wines produced from them are similar but in some cases may be distinguished in flavor, due to climate and soil differences.

To each its own—we salute them both during National Wine week.

Jingle Of Yule Coins Due From Banks

More than 12,000 Marin County members of fast-growing Christmas Club saving plans will soon receive checks totaling about two and one-third million dollars.

These will be mailed out by five banks, with 25 offices in various parts of the county, and one savings and loan association.

The average amount of the checks as calculated from results of a survey today will be just under $200.

This is believed to be well over the average elsewhere. For example, Crocker-Anglo National Bank throughout its 118-office system expects to pay an average of $180, but in Marin County the average for its Christmas Club members works out at $193.

Every participating institution reported growing interest, with more members saving more money than in previous years.

Crocker-Anglo reported the largest Christmas Club total in the county with the largest number of members as well and expects around mid-November to mail out 4,400 checks aggregating about $849,000.

Overall throughout its system Crocker-Anglo will make the biggest such distribution in its history, sending out $9,130,855 to 50,841 members as compared with $8,869,171 last year.

Not far behind will be Bank of America which plans to distribute a total of $749,684 to its 4,168 Marin County members. The average works out at $180, similar to the overall average for Crocker-Anglo.

Wells-Fargo Bank's 2,075 Christmas Club members are expected to get about $420,700. Of this $135,300 will go to 690 recipients in San Rafael but San Anselmo with slightly fewer members will draw a little more, $137,300 being split among 588 recipients.

Mill Valley's 570 members will receive $93,600 and the Sausalito office will distribute $54,500 among 227 members. Throughout the county the average savings calculates out at just over $200.

The Novato branch of the Central Valley National Bank reported that its figures are up about 20 per cent from last year, with $70,000 due to go this year to 450 members.

The United California Bank in San Rafael reports a contemplated payment of $24,000 distributed among 130 depositors.

In all cases it was necessary to estimate to some degree since the period of accumulation is not over for the banks.

Striking is the showing of Northwestern Savings and Loan Assn. in San Rafael, in that its average of payments will be nearly $240. Checks will be sent out Nov. 1, earlier than the banks, and the higher interest rate of savings and loan associations was felt to have proved attractive.

With more than 850 depositors, Northwestern expects to send out checks aggregating $203,675. This is about one-third above last year when 700 Christmas Club members received $149,886.

Special permits are required from savings and loan associations wishing to embark on the Christmas Club savings operation. The successful operation by Northwestern Savings and Loan hasn't passed unnoticed by its Marin County competitors and another year is expected to find others helping to brighten the holiday shopping assets of their depositors.

Enchanted Park Trial Resumes In Marin

Mrs. Mary Summers, former county planning director, resummed the witness stand today to testify in the court battle between developers of Enchanted Park and the City of Mill Valley.

The trial is being held before Judge Leonard A. Thomas in Marin Superior Court.

The developers called Mrs. Summers to the stand yesterday in an effort to show that no emergency existed last May when Mill Valley passed an ordinance to change the zoning from multiple residential to recreational and that the planned development is not detrimental to the community.

Mrs. Summers testified that the City of Mill Valley, in a number of instances, has not followed any of its several master plans.

Peter Hunt, Leonard J. Bloom and James M. Fletcher, attorneys for the developers, contend that the developers went to considerable expense to lay out plans for 100 acres of land on the west side of Highway 101 south of Alto Intersection.

Developers are John A. Alexander, Sherrill Broudy, Eugene C. Harter and Warren R. Odenthol. They allege they applied for a permit for apartments last May, but the city passed an urgency ordinance rezoning the area for recreational.

The developers say they had planned to put in one-family homes and apartments on the hill areas, apartment houses and commercial at the southern point next to Richardson Bay, and about 33 acres of parkways.

The developers are asking the court to allow them to build apartments and a commercial area at the point, and a planned unit in the hill areas. They seek $1,000 per day damages.

Leland H. Jordan, attorney for the City of Mill Valley, will begin presenting his case as soon as the developers complete their case.

State Employment Gets Speed System

SACRAMENTO (UPI) — The State Department of Employment has inaugurated a new communications system designed to speed the matching of applicants and job openings throughout the state.

Department director Irving Perluss said a special teletype system would link the department's seven professional network offices and area offices in Los Angeles and San Francisco with the main office in Sacramento.

Perluss said the network is expected to cut from two to three days off the time now required to exchange job information by letter among the departments professional offices.

Art Festival Is On Again In Mill Valley

Two teams of Tamalpais High School coeds will take turns getting dunked in a tall tank of cold water as part of the fun at the Mill Valley Fall Arts Festival which opens at 5 p.m. today.

The festival continues until 10 p.m. and will be open from 10 a.m. to 10 p.m. tomorrow and Sunday.

The dunking pool, to be operated by the Mill Valley Junior Chamber of Commerce, is one of a number of concessions. Customers will throw a ball at a target which releases a lever to drop a girl into the water.

The Mill Valley Lions Club has set up rows of logs, staked in place, to be the seats at the festival theater. Here entertainment will be given tomorrow and Sunday. Mayor Joseph E. Sheeks will award prizes to artists at 3:30 p.m. Sunday.

Steam beer and pretzels will be served in cafes along the sidewalk of Throckmorton Avenue, manned by volunteer firemen, according to Mrs. Leland Shain and Mrs. Robert O'Connor, festival co-chairmen.

Youngsters, under direction of Vic Poulsen of the park department, have taken charge of cleaning Old Mill Park. They are also camping out nights in the park to guard equipment.

Festival entertainment was revised somewhat, according to entertainment chairman Jill Donhoff, since the fete was rained out last week. The schedule is as follows:

Tomorrow, starting at 6:30 p.m., highlights from the "Wizard of Oz" by the Mill Valley Junior Theater; Dick and Marguerite Ford with Judy Modell, "Los Desperados," flamenco dancers; Leg O' Mutton group from Sausalito Little Theater, presenting favorite oleo acts.

Paula White, Belgian folk singer, will sing on the festival grounds starting at 3 p.m.

Sunday, 1 to 3 p.m., Guckenheimer Sourkraut Band. Paula White will sing starting at 3:30 p.m.

MARIN FILM FARE

'Chapman Report' Slated

By LES DARD

There is a variety of films on Marin County screens this weekend:

RAFAEL THEATER

"The Chapman Report," Kinsey-inspired Hollywood study of four women, opens Sunday.

The film features the big-name talents of Efrem Zimbalist Jr., Shelley Winters, Claire Bloom, Glynis Johns and Jane Fonda. The texture of George Cukor's direction is uneven, but overall there's considerable entertainment here — for adults.

Shelley Winters plays an unfaithful housewife. Claire Bloom is most impressive as a divorcee.

Jane Fonda plays a widow who is afraid of life. Glynis Johns is unhappy with her aesthetic husband.

Unusual, and strictly for adults.

MOTOR MOVIES

Eliot Ness and television's crime-busting Untouchables pack a lot of excitement into "The Scarface Mob," opening Sunday.

Keenan Wynn co-stars with Robert Stack as the two federal agents in pursuit of Scarface Al Capone, played by tough-talking Neville Brand. Narration, as on television, is by Walter Winchell.

If you've watched "The Untouchables" on television, you have a pretty good idea of what to expect here: tommyguns blazing, bodies thrown from speeding touring cars, barrel-smashing brewery raids and the seven Untouchables fighting their war against the hoodlums.

LARK THEATER

It's a case of the more murders the merrier in "What a Carve Up," the British mystery-comedy now showing.

Kenneth Connor plays a proof-reader who shares an apartment with bookie Sidney James. When Connor is summoned to a remote castle in the moors to hear the reading of his uncle's will, James goes along.

The storm breaks as they arrive—naturally—and they find the house peopled by the usual bunch. The will—which satisfies no one—is no sooner read than the first victim is found, and we're off on a round of slaughter.

101 DRIVE-IN AND TAMALPAIS

Tennessee Williams' ugly, powerful "Sweet Bird of Youth" lands at both theaters on Sunday, with some of the best dramatic performances of the year. And the theme is not nearly as far out as we've come to expect from Mr. Williams.

It's the story of a male parasite who preys on women, whose stock-in-trade is his youth and masculinity. Paul Newman plays the role with outstanding skill.

Geraldine Page earns top honors for her role as the fading movie actress who buys love from Newman and takes alcohol and dope.

Again, strictly for adults.

SEQUOIA THEATER

Rome is the setting for "Two Weeks in Another Town," starring Kirk Douglas, Edward G. Robinson, Cyd Charisse and George Hamilton. It opens Sunday.

Douglas plays a movie star on the skids. He gets word from his director, Robinson, to come to Rome to help finish a film.

When Douglas arrives, he finds he was called not as an actor but to work on the sound track. It's a bitter blow to his ego, but he makes the adjustment and emerges the better man for it.

Meantime, he fights off the advances of his rather wild ex-wife, Miss Charisse, and finds true love with Dahlia Lavi, a young and strikingly beautiful French actress.

NOVATO THEATER

Walt Disney comes back on the double with a re-issue of his marvelous "Lady and the Tramp," story of a well-bred spaniel and a gay mongrel, and a new film called "Almost Angels."

The latter is an unusual story woven around the world-famous Vienna Boys Choir, which has nearly 300 years of tradition and artistic achievement behind it. Disney uses a simple, pleasant story to carry a generous program of the choir's music.

The boys' wonderfully trained voices are heard constantly in the old Austrian palace they call home and school, in the European countryside and along the Danube.

TIBURON PLAYHOUSE

A charming romantic comedy with an Oriental flavor and exceptional photography, "My Geisha" is now showing. It stars Shirley MacLaine, Yves Montand and Edward G. Robinson.

Shirley plays an American screen star, Yves the husband who has acquired fame as her director, Robinson the producer.

When Yves decides to do "Madame Butterfly" on his own in Japan and use an unknown Geisha in the lead, Shirley makes plans of her own.

FAIRFAX THEATER

"Viridiana," the masterpiece of Spain's leading director, Luis Bunuel, is held over a week at the Fairfax. It is a story in which evil triumphs over purity.

Viridiana is a novice nun who visits an aging uncle on the eve of taking her vows. Overcome by her beauty and resemblance to his dead wife, the uncle dopes the girl, dresses her in his wife's wedding gown and attempts to make love to her. Then, overwhelmed by remorse, the old man takes his own life.

The girl believes she has been violated. To atone, she invites beggars, bad women and every manner of evil person into the mansion. They take advantage of her, thinking she is mad. She becomes the center of an orgy as vile as anything ever brought to the screen.

In the end, she seems to succumb to the evil around her.

A movie for adults.

A STOP IN THE FAST LANE

William Humphries of the Marin Fire Department (left) and California Highway Patrolman Gordon Bechtold inspect car that was rammed after it stopped in northbound left lane of Highway 101 north of Greenbrae interchange yesterday. The driver, S/Sgt. Joseph M. Capps, said he stopped because the hood flew off one car ahead and jammed beneath another. Treated for minor cuts and bruises were Capps, of 1600 Vendola Drive, Santa Venetia, a soldier at Fort Cronkhite; his wife, Sidna, their 2-year-old daughter, Cindy, and Edmund J. Prosch of 115 Wisteria Way, Mill Valley, whose car rammed the Capps sedan. (Independent-Journal photo)

Waterfront Junk Clearing To Start

Plans were announced today to start clearing the waterfront of "junk" for the multi-million dollar Sausalito waterfront development by Sausalito Properties Inc.

At the same time it was learned that a number of Sausalito citizens were protesting that the city council "let them down" by approving the project Tuesday night.

The project, once described by Councilman Philip S. Ehrlich Jr. as "the most sweeping development ever presented to the City of Sausalito," was given council approval by 3-1 vote. It is to include two peninsulas to be made on filled land in Richardson Bay. Pine Street peninsula is to be principally in shops; Litho Street peninsula is to have 69 apartments and a 210-room hotel.

John Lord King, Belvedere architect and a director for the firm, said the first effort will be "to get rid of a lot of junk along Bridgeway between Locust and Napa streets and to get one dirty backwater filled."

Only structures in the area are five arks, four of which are occupied. All must be removed, King said. This clean-up is expected to be finished by the end of the year, he reported.

The greatest part of the fill is already in, King said, for the park near Napa Street the city is to get in exchange for underwater city streets. He said the park will be about one-fourth again as large as Union Square in San Francisco.

King said a constitutional amendment, to be on the Nov. 6 ballot, "will make it feasible for a physical trade rather than having a dollar-for-dollar lease." If the initiative fails, he added, a 50-year lease is to be arranged with streets being leased for about a $1 a year.

"I'm disappointed," said George R. Kowski, long an advocate of waterfront preservation. "While I don't agree in government by referendum, I feel that the people should have been permitted to make the decision and not the city council.

". . . They have not preserved the waterfront as their campaigns had committed some of them to do."

Raymond G. Gergus, chairman of the citizens committee which fought for park and recreation area in the Napa-Litho area, said today he did not object to the hotel development but felt the Pine peninsula with its emphasis on "tourist type shops" was not needed in Sausalito.

Gergus added that the general plan in the area of Pine Street calls for yacht harbor. "If the people have changed their views (from the general plan) why don't they find out the way people feel about it first?" he asked.

Councilman Michael Harris, lone dissenter in the Tuesday action, said today: "I voted against the Pine peninsula plan because I do not think it is in the best interests of Sausalito to permit construction of a neck of land into the harbor area for tourist-centered shops.

"I think the developers' plans for a residential island off Litho Street are esthetically pleasing, but I hope the city council will not permit the construction of a proposed convention center on the little island." (A proposal was made for possible inclusion of convention facilities to handle 300 people.)

Recreation Group In Sausalito Unhappy About Waterfront Plan

Sausalito recreation commissioners last night declared their disappointment over city council approval of commercial-residential development of the waterfront by Sausalito Properties Inc.

The commissioners complained the council "failed to provide for some park area on the immediate waterfront."

Commissioner James E. Muldoon said the board feels the park, which is proposed to face a lagoon which opens onto a 100-foot view between buildings, should be on the open water. Chairman Willard A. Hall expressed hope that future negotiations by council with the developers will result in a "substantial park area."

Mayor Paul Micou, present in the audience, as was Councilman Jan Paul Dyk, told the commission he believed it might be possible to have as much as a 140-foot wide channel, to be acquired by trade. Under the developer's proposal there is to be public access in the lagoon from park to open water for use of small boats.

The commission had been on record requesting the city to acquire the entire nine acres of the proposed development for park and recreation facilities.

The commission appointed Commissioners Kathleen Krajeski and Muldoon to try to find an area for a neighborhood park in Old Town, possibly on city-owned land.

Commissioners accepted the resignation of Commissioner John R. Minton, who gave pressure of business as his reason for leaving.

Landscape architect Lawrence Halprin's plans for development of Cloud View Park were recommended for city council approval, subject to changes recommended by the city manager and department heads. Cost is to be $21,000. The architect's fees are being paid by William Roth, who leases the land to the city.

Bolinas Sanitary, Utility Units Vote To Consolidate

Consolidation of Bolinas Sanitary District with Bolinas Public Utility District was approved last night at a joint meeting of their boards.

The action, if approved by the county board of supervisors, will place the authority of the sanitary district in the hands of the utility district, permitting the sanitary district to be dissolved, according to Sherman Smith, director of the utility district.

Smith said this is expected to facilitate the search for a method of sewage disposal as required by the regional water pollution control board.

Action was taken by resolution, Smith said. All board members of the sanitary district voted for consolidation. The vote on the utility district board was 2-1, director James Bourne voting "no."

Carport Building Boom In Fairfax

The Fairfax Zoning Adjustment Board last night granted 15 variances from setback requirements to allow the building of carports.

It was the second meeting of the board, created by the city's Zoning ordinance adopted last spring. Chairman Roland Watts said the board was set up to hear variance requests so the planning commission might have "more time for planning.

The number of requests for exceptions to build carports has greatly increased, Watts said, since the council adopted an ordinance last month banning overnight parking on city streets.

Dobbs To Give Views On Geronimo Master Plan

County Planning Director B. D. Dobbs will make his final recommendations on a San Geronimo Valley Master Plan at the next master plan committee meeting Nov. 15. Meanwhile the scheduled October meeting set for yesterday was canceled because Dobbs was not yet ready.

After receiving Dobb's views based on information already developed before the committee, it is expected to circularize them to residents of the valley preparatory to final master plan decision expected in another two or three months.

LOS ANGELES (UPI) — Dr. Ralph Richardson, candidate for State Superintendent of Public Instruction, has proposed that students in English composition classes in California junior and senior high schools be required to write a theme a week.

Marin Gives $212,000 To Stanford

Announcement of an additional Marin County gift of $50,000 to the fund campaign of Stanford University was made last night by William Kimball of the county committee.

Kimball told a dinner of 125 alumni at the Peacock Gap Golf and Country Club that this boosts the Marin total to $212,000. It is hoped that this county will eventually produce a million dollars toward the three-year goal of 75 million dollars, to be matched by another 25 million from Ford Foundation for expansion of the university, he said.

Turnout for the Marin gathering was proportionally one of the largest, on a basis of number of alumni within the county, of the eight Bay Area dinners held last night, according to James W. Barnett of Corte Madera, dinner chairman.

W. Palmer Fuller II, San Francisco industrial executive, outlined the fund drive as principal speaker at the Marin dinner. The Marin gathering received a telecast of a speech in San Francisco by Stanford President Wallace Sterling.

San Rafael Boy Hit By Car; Foot Bruised

A 9-year-old San Rafael boy was examined for a bruised right foot at San Rafael General Hospital yesterday and then released to a private doctor for treatment after being hit by a car on Fourth Street between Cijos and Lindaro streets at 4:05 p.m.

San Rafael police said Marc Weinheimer of 27 Knight Drive darted across Fourth Street into the path of a slow-moving car driven by Paul Harold Hershey, 66, of 1417 Clinton Avenue, San Rafael.

LOS ANGELES (UPI)—Southern California Edison Co. has announced plans to issue 50 million dollars of First and Refunding Mortgage Bonds, Series P, due in 1987.

Socialite Under Probe From State Kills Self

SAN FRANCISCO (UPI)—Socialite E. Pym Jones, under state investigation for possible embezzlement of $50,000 in his big insurance agency, took his own life yesterday.

The death of Jones, a first nighter at San Francisco plays for 30 years, came as a shock to his wife, friends and associates.

His wife, Aline, found his body slumped over the wheel of his 1961 Cadillac when she parked her own car in the garage of their expensive Presidio Heights home yesterday.

A .38-caliber pistol was still clutched in his hand. He was 56.

No suicide note was found although some business papers were found on the bed with instructions to let an associate handle them.

State Insurance Commissioner F. Britton McConnell said that his investigators had reported to him only hours before Jones ended his life that he had failed to keep a second appointment with them in his offices.

McConnell said his office had received several complaints over the past 10 days about Jones' firm.

The complaints dealt with cancellations of insurance policies by companies who said that they had not received payments of premiums. Persons who held the policies said, however, that they had paid the premiums to Jones, the agent handling the policies, according to McConnell.

Jones' wife was placed under sedation at the family home. The couple had no children, but Jones was survived by his mother, a widow in her 80s.

At 4 p.m. the retreat parade will be reviewed by Maj. Gen. John W. Harmony (ret.).

Unlike Past Years, 49ers Ready Physically For Crucial Battle

RANDOL

Every season has to have its "crooshal," and as far as the San Francisco 49ers are concerned the time is now. If the Niners can manage to beat the Green Bay Packers in Milwaukee this Sunday, the Western Conference of the NFL will really come alive. A defeat, and we play the rest of the year for funsies.

No one in his right mind would give the nod to the 49ers over the horrendous Packers. It just doesn't figure. But, if ever the time was ripe, Sunday is the time for the picking.

First of all, the 49ers go into this game in one piece for the first time this year. If you will remember past seasons when championship prospects were far brighter for the 49ers, it was always just about this time that key injuries lowered the boom and we hit the skids.

Conversely, this time the shoe is on the other foot. From Green Bay come reports of injuries, the most important being the gimpy knee of All-Everything Paul Hornung. Season the report with the proverbial grain of salt and you still come up with the fact that this is the second game this year that has sidelined Hornung with injuries.

SO OFTEN the "walking dead" rise off their death beds to play 60 minutes of winning football. This time, I'm inclined to give credence to the reports. In every game, Hornung is a marked man with at least two defensive bruisers keying on him. Sooner or later the toll is taken.

To continue whistling in the graveyard, a little statistical research shows that no Western Conference team in 12 years has won the title with less than two losses, and no team in the modern NFL has ever gone undefeated for an entire season.

THE MIGHTY Packers are due for a fall, and the 49ers are of a mind to give them the shove that is needed. Coach Red Hickey has brought his reluctant warriors through a three-game winning streak, and the momentum is an advantage.

More important, the games won by the 49ers have featured a variety of attack. Born of necessity and executed with a degree of desperation, the Niners have found that quarterback John Brodie can throw the "bomb" to some speedy receivers, that Bill Kilmer and J. D. Smith can break through quick openers, that Bobby Gaiters can scramble, and that, if they must, he offensive line can block with the best of 'em.

SOME OF these facts must have come as a surprise to both the 49ers and their coaches. If all the factors could be combined in one game, the Packers could be beaten WITH Hornung. The pro teams are not that far apart in ability.

So it comes down to a combination of Hickey's grand plan of strategy and the vagaries of old Lady Luck. Neither of which is too reliable, I must admit.

This week I'll have to make my prognostication from both sides of my mouth. If the Niners can come up with two quick scores in the first quarter before the Packers start their meat grinder, I feel they can find a way to stay ahead the rest of the day.

But if the Packers take an early lead, it's Katey bar the door and the end of another dream.

49ers High For 'Crucial' With Packers

By HAL WOOD

SAN FRANCISCO (UPI)—The Green Bay Packers haven't been beaten for 13 games including exhibitions—and the last club to hand them a loss was San Francisco.

So Coach Red Hickey of the 49ers isn't exactly quaking with fear as he gets his boys ready for their big encounter in Milwaukee on Sunday.

"We are 100 per cent healthy for the first time this season," says Red. "We have no complaints there. There's no doubt about it. The last three weeks our ball club has come on. It's more aggressive and more determined."

The last time Green Bay lost a game was to San Francisco on the second to the last battle of the 1961 season. So Hickey probably isn't as shook up as most coaches at the thought of tangling with the world champions.

Fresh from their last-quarter conquest of the favored Chicago Bears, the 49ers are riding the crest of a tidy little three-game winning streak after opening the season by losing their first two battles.

And optimism prevails at the training camp, just 30 miles south of San Francisco.

There's the possibility that Green Bay's loss of Paul Hornung may have boosted the spirit of the San Franciscans. But Hickey won't go for that.

"Yeah," drawls the coach. "When they lose Hornung they drop down all the way to Tom Moore and Elijah Pitts. And the records show that the highest scoring games of the Packers come when these two men are in there playing. So we can't take much comfort from the fact we don't have to meet Hornung."

Never has Hickey been so well supplied with well-conditioned backfield talent as he is for this game. He'll start John Brodie at quarterback, of course. In there with Brodie will be Bill Kilmer, J. D. Smith and Bernie Casey.

Jim Johnson, the man who caught the 80-yard touchdown pass from Brodie last week, will see a lot of action.

"He'll be in there either as a flanker or a spread end," says Hickey. "And another guy who'll get plenty of work is Bobby Gaiters."

Gaiters is the boy who was obtained from the New York Giants, but has been on the injury shelf.

"Green Bay's win streak started after we beat them last time," says Hickey, who then adds hopefully: "Maybe we could stop them again."

Roberts In Comeback Of Year

NEW YORK (UPI)—A 60-cent telephone call springing from the respect of one pro for another resulted today in pitcher Robin Roberts of the Baltimore Orioles being honored for making the No. 1 comeback of the major league baseball season.

The 36-year-old right-hander was named by the 24-man board of UPI baseball experts on the strength of a 10-9 record with the Orioles—all after he had been given his unconditional release by the New York Yankees on May 15.

The telephone call was made by General Manager Lee MacPhail of the Orioles. Roberts had left his number with the Orioles' front-office after an unsuccessful attempt to contact MacPhail for a job.

"I knew his reputation as a pitcher and as a man," said MacPhail. "In respect to both, I returned the call although I doubted he still was able to pitch effectively in the majors."

PLEASANT SURPRISE

MacPhail arranged a private workout for Roberts, however, and was pleasantly surprised when the veteran looked good. He signed Roberts to a contract and the former Philadelphia Phillies great paid dividends by becoming the steadiest pitcher on the Baltimore Staff.

His 10-9 record could easily have been 13-6 or even 14-5 as demonstrated by a 2.77 earned run average in 192 innings.

Roberts received 13 of the votes cast by the 24-man committee—more than four times any other player.

Catcher Del Crandall of the Milwaukee Braves was second with three votes, Stan Musial of the St. Louis Cardinals and Richie Ashburn of the New York Mets had two each and Dick Donovan of the Cleveland Indians, Ed Roebuck of the Los Angeles Dodgers, Harvey Kuenn of the San Francisco Giants and Eddie Ressoud of the Boston Red Sox had one each.

Rigney Manager Of The Year For Great Job With Angels

INDIAN WELLS, Calif. (AP)—There was a tinkling of cocktail glasses and happy talk in the background as Bill Rigney was called to the telephone in the lounge of the Indian Wells Country Club.

The call advised Rigney that he had been named the 1962 Manager of the Year in the American League in the annual poll by the Associated Press.

The vote was overwhelming for the pilot of the Los Angeles Angels, whose third place finish this year might be termed the critics' No. 1 consternation of the year.

They had overwhelmingly picked Rigney's Angels to finish well in the second division in this, only their second year in major league baseball.

Of the 108 votes cast by members of the Baseball Writers Association, 80 went to the Angel skipper.

Sam Mele of the second place Minnesota Twins was second, with 25, and Ralph Houk of the World Champion Yankees was third with three.

The reaction of Rigney, who is playing here in the annual major league ballplayers' golf tournament, matched the merriment in the background of the lounge.

"Naturally," Rigney led off, "I am very honored. I can only say at first that there are other managers in the league. Sam Mele, Houk—who deserve this honor as much as I do.

"A lot of our managers did remarkable jobs, so I am particularly happy and pleased. I feel wonderful."

Throughout the season Los Angeles baseball fans and writers used such adjectives as "amazing" and "astonishing" for the Angels, and "remarkable" was the favorite for the 43-year-old Rigney.

For the remarkables actually led the league on the traditional July 4, they were still tough and in contention by Labor Day.

In the final two weeks Los Angeles tailed off and wound up 10 games behind New York and five behind Minnesota.

Yes, said Rigney, the 1962 Angels were indeed an inspirational team.

"I had a club that never stopped playing all year long. Often," said Rigney, "we were counted out during the season but we bounced back.

"My 25 ballplayers liked each other and liked to play ball with each other. It was a great team to work for."

Bauer Named To Coach O's

BALTIMORE (AP) — Hank Bauer, former manager of the Kansas City Athletics and veteran of nine World Series, has been signed as a coach by the Baltimore Orioles.

Bauer, 40, resigned his position with the A's at the end of the 1962 season. He had managed the Kansas City team since June 19, 1961, when he replaced Joe Gordon.

Bauer spent more than 13 full seasons as an outfielder in the American League, all but two with the New York Yankees. During his stint with the Yanks from 1948 through 1959, he played in 53 World Series games and holds a series record of having hit safely in 17 straight games.

Bears, Injuns Face Big 6 Powerhouses

By U.P. INTERNATIONAL

Washington and University of Southern California, who have been feasting on non-conference competition, try their luck in the Big Six this week—and the odds are long that they'll come out winners.

The co-favorites get a pair of well-trampled foes for their league openers.

Washington takes on Stanford on the Stanford grounds, while the Trojans entertain California in the southland.

The Huskies will throw some of the fastest, hardest-running backs in the West against the big, but not too fool-proof Stanford line. Featured in the Washington attack will be halfback Charlie Mitchell and fullback Junior Coffey. The latter is a sophomore rated as one of the finest ball players ever to come out of the state of Texas. It's possible he hits harder than any fullback in the West since the days of Norm Standlee at Stanford.

LACK OF SPEED

The Indian line will outweigh Washington about 30 pounds to the man — but it lacks the speed of the Huskies.

Down south, the Trojans come off a week's rest to take on a California team that has been pushed from pillar to post by Missouri, Pittsburgh and Duke, while winning over San Jose State.

The Trojans great quarterback combination of Pete Beathard and Bill Nelson, plus their favorite target, end Hal Bedsole, is expected to be too tough. However, California does have a good aerial defensive and could force the Trojans to work on the ground.

LEADING PASSER

California will have Larry Balliett, the leading passer in the conference, at the controls. Larry has completed 39 out of 73 tosses for 436 yards and a .534 percentage.

Washington State, which thumped Stanford last week, takes on a rough foe in University of Indiana. The combination of quarterback Dave Mathieson and end Hugh Campbell will have to be at its best to get past the Big 10 club.

UCLA, another unbeaten Big Six team, plays only its third game of the year by taking on Pittsburgh in the east. In winning their first two games, including an upset win over Ohio State, the Bruins have displayed a well-balanced offensive that features a strong rushing attack with as much aerial display as needed.

PACIFIC GAME

Oregon State, which beat Stanford in its last outing, comes up against a good University of Pacific club, with Terry Baker expected to be the difference.

Oregon meets the Air Force, and the Falcons aren't quite as powerful as they were a few years back. Mel Renfro is the one-man gang to win this one for the Webfoots.

Other games include: San Jose vs. Arizona State, Idaho against Montana State, and Arizona takes on Wyoming.

Snider, Moon, Spencer Dodger 'Expendables'

LOS ANGELES (UPI) — Duke Snider and Wally Moon, who led the Los Angeles Dodgers to previous World Series triumphs, found themselves listed as "expendables" today in the team's quest for a National League pennant in 1963.

But E. J. (Buzzie) Bavasi, general manager and vice president, said it was likely one or the other would be with the club on opening day next year.

He wouldn't say which stood the better chance.

"Either Snider or Moon probably will go, but it will take the right deal," he said. Neither man played much in 1962, giving way to younger players such as Frank Howard, Willie Davis and Ron Fairly.

One player—Daryl Spencer who incurred the wrath of the management for remarks after the final game as well as a disappointing performance in the field—definitely is out of the Dodger plans, said Bavasi. Catcher John Roseboro could go if the bait were good enough, and Andy Carey will be released—with an invitation to try again at camp in the spring because of his outstanding attitude.

Infielders Larry Burright and Tim Harkness, a pair of good-field, no-hit players, along with promising pitchers Jack Smith and Pete Richert also could be bought, if the offer were good enough.

The Dodgers want a second or third baseman who can hit and a right-handed pitcher. Jerry Lumpe, of Kansas City, is one possibility for an infielder, although Bavasi says nothing is set at all on that score.

"I hate to trade any player, but it's part of the game and they expect it," said Bavasi.

Newcomer Grabs Early Lead In Cntario Open

ONTARIO (AP)—A newcomer in golf prominence, Bob Pratt of Las Vegas, Nev., led the way today into the second round of the $25,000 Ontario Open with a one-stroke lead.

Pratt, 25, former Houston University amateur, shot a 5-under par 66, the lowest competitive round of his life, scoring 31-35 for the par 36-35—71 Whispering Lakes Golf Club.

Jerry Steelsmith, Glendale, Calif., was in second place with a 35-32—67, while Bob Goalby and Canada's George Knudsen were tied at 68, each with 34-34.

The 69 group included Jack Fleck, Charley Sifford, Sam Carmichael, John Ruedi, Tony Lema and Al Geiberger.

Redwood-Drake—Battle Of Unbeaten Teams

Redwood and Drake High Schools, both with undefeated records in this early stage of the Marin Athletic League, will face each other tonight at 8 o'clock on the football field of College of Marin.

Head grid coach at Redwood, Bob Troppmann, felt the storm which forced the cancellation of last week's game with Tamalpais High was a break for Redwood because it gave some of the injured gridders a chance to shake off some scars of battle.

Two of the starters in the Redwood backfield opened the season as linemen and have since been switched. Wingback Steve Minutoli was a starting guard for the pre-league games. Larry Pierroz, who will be the starting fullback tonight, opened the season as starting guard on the other side of Minutoli.

Other Redwood changes finds end Doug Houston moved from the right to the left, replacing Jim Carroll. The right end spot will be taken over by Joel Tobiason.

The Giants of Redwood will be able to use seven gridders in platoon fashion for the Pirates. Defensive specialists Dennis Schunk, Joel Wallace, Dave Lindsey, John Little, Rick Klein, Jeff Teather and Carroll will bolster the Giant defense. Tom Gladney, fullback, will be able to see some action as he is recovering from an early injury.

Redwood won its first game of the season with a narrow 6-0 decision over Novato.

Drake will be carrying a 2-0 record into the arena tonight. The Pirates won their league opener against San Rafael, 14-13, and dropped the Trojans of Terra Linda 26-13 Monday in a makeup game.

The Pirates will field practically the same starting offense which faced the gridders from Terra Linda last Monday. The only change will be Bill Wisler at right guard in place of Jim Walsh who was injured in the Trojan game. Walsh probably will be ready in another week.

Walsh and tackle Tom Atnip are the only Drake gridders out because of injuries.

The Pirates worked quite a bit on defense this past week, both on pass defense and stopping the ground game of their opponents. According to the Drake coaching staff, "the kids are up for this game."

The probable starting offensive lineup for Redwood will be:

Le, Doug Houston; lt, Larry Koontz; lg, Paul Leslie; c, Fred Bunker; rg, Phil Weil; rt, Bob Anderson; re, Joel Tobiason; qb, Jim Troppmann; lhb, Dave Auerbach; fb, Larry Pierroz; wb, Steve Minutoli.

The probable starting offensive lineup for Drake will be:

Le, Bruce Thompson; lt, Lee Jamison; lg, Richard Street; c, Don O'Brien; rg, Bill Wisler; rt, Roger Bovard; re, Mike Crabtree; qb, Hamish Tyler; lhb, Tom Tanzi; rhb, Jim Duff; fb, Tom Kolbe.

Novato, Marin Duel On Grid Tomorrow

Novato and Marin Catholic high schools, both of which were held scoreless in their opening games of the Marin Athletic League, will battle tomorrow at 2 p.m. in a grid contest at Novato High School field.

Novato was bumped by Redwood High in the league opener, 6-0, and Marin Catholic was whipped by the powerful Tamalpais Indians, 19-0, in the Wildcats' initial league game. Both teams will be hoping for offensive improvements to enable them to get in the scoring column.

"Our offensive play left much to be desired," said Marlin Olsen, head grid coach at Novato.

Because of injuries, there will be four changes in the Hornet starting lineup which faced Redwood. New starters will be Dave Ralph at right end, Dan Walton at left tackle, Wayne Russell at left guard and Rick Thomas at the right half spot.

BEST DEFENSE

Olsen has been emphasizing the offensive play in the week's drills, both running and passing. He classes his defensive unit as the strongest in the league.

"I have a lot of confidence in our defense," Olsen declared, "but we want to score some points."

Novato proved it could score heavily with a 26-0 victory over Sonoma High School in the Hornets' last practice game this year. But things were different against Redwood. The Hornet gridders could rack up but 71 yards against the stubborn Giant defense.

Head grid mentor at Marin Catholic, Doug Damaschino, is ready to face a strong defense tomorrow. Because of this, the Wildcats have been drilling this week with hopes of sharpening up their offense.

Although the Wildcats didn't score against Tam, they picked up some 109 yards rushing and 89 more in the air.

SECOND FASTEST

It was a case of not being able to outrun the fleet defensive backs of the Indians which stopped the Wildcats from scoring. And, in back of Tam, Damaschino figures his backs are the second fastest in the league.

The Wildcats will start with 10 off the starting lineup used against Tam. The only change in the starting lineup will be at the center position. Brian Tobin will probably get the starting nod, with Hank Ryan still limping from an injury.

Tomorrow's battle between Novato and Marin Catholic figures to be primarily a defensive fight which could go either way.

THE LINEUPS

The probable starting offensive lineup for Novato will be:

Le, Kris Kristofors; lt, Dan Walton; lg, Wayne Russell; c, Jim Dennett; rg, Dave Paul; rt, Bill Dougherty; re, Dave Ralph; qb, Roy Otis; lhb, John Miller; rhb, Rick Thomas; wb, Tom Rielly.

The probable starting offensive lineup for Marin Catholic will be:

Le, Ed Ghiringhelli; lt, Joe Hebel; lg, Joe Crotty; c, Brian Tobin; rg, John Hassett; rt, Tom Moran; re, John Drews; qb, Lad Willsey; lhb, Chuck Hardeman; fb, Dan Abballo; rhb, Wally Lourdeaux.

Going Out On The Limb For 49ers; They'll Shock The Champs Sunday

A few weeks ago nobody in his right mind would be bold enough to even think the 49ers could beat the Mighty Green Bay Packers.

But since I've never been decorated in the mental department, and since nobody really cares what I believe, I'll go out on the limb and pick the 49ers by 10 points.

The Packers with Paul Hornung sidelined are weakened just a bit, but they're due to bite the dust and the 49ers have the momentum to shock the world champs. Don't forget, by 10.

In the other "local" pro show of the weekend poor Oakland will again take it on the whiskers from Buffalo by 14.

COLLEGE PICKS — USC over Cal by 20, Washington over Stanford by 8, UCLA over Pitt by 1, Arizona State over San Jose State by 13, Washington State over Indiana by 7, Oregon State over Pacific by 8, Oregon over the Air Force by 7, College of Marin over Sierra by 12.

PREPS — Drake over Redwood by 6, Novato over Marin Catholic by 1, Tamalpais over Terra Linda by 19.

Undefeated S.R. Cagers Win Again

San Rafael High School continued to dominate the Marin Athletic League's Class C basketball race yesterday as the Bullpups smashed the Drake Pirates, 51-30 at San Rafael.

A brilliant 22-point performance by Bob Curry paced the undefeated Bullpups while Bill Pandiani with 13 and Paul Schmidt with 10 helped make it a rout.

In other games yesterday Terra Linda edged Novato 24-18 and Redwood downed Tamalpais, 34-20.

Terra Linda was sparked by a great all-around performance by Keith Woodard who scored 10 points and snagged 25 rebounds. Novato's Joe Robinson also had 10 points.

Redwood was led by Russ Smith and Jim Garrett each with 10 points, but game honors went to Tam's Mel Schallock with 11.

Big Game Tomorrow In Pop Warner Grid Loop

Marin Pop Warner Football League's 1962 championship could very well be determined tomorrow when the two undefeated teams collide at the Strawberry Recreation Center field.

The big game matches the Terra Linda Junior Trojans against the Mill Valley Indians. They'll kickoff at 2 p.m.

Last weekend's games were rained out and will be made up on Nov. 3. On Nov. 17 the league will present an All-Star game.

All Pop Warner coaches will attend the American Legion "Football Night" in Mill Valley next Monday.

Sailors Schedule Race This Sunday

By ALFRED MATSON

It couldn't have happened to a nicer bunch of fellows but the Sausalito Y.C.'s YRA one design regatta of Sept. 16 never reached finality because of one wayward buoy, No. 14, that seemingly ducked the issue.

It was the leeward mark of the day's courses and, apparently because of the force of the tidal current, it was driven beneath the surface, only to re-appear at brief intervals. Under the circumstances, a few of the boats saw the buoy and were able to round it, but, by and large, the most of the participants were unable to complete the race. Quite a rhubarb developed and to properly equate the issue, the race committee of Bruce Easom, chairman, Fred Crawford and Pete Fromhagen, declared the regatta "abandoned" and it has been re-scheduled for this Sunday.

Course sheets have been issued and all classes are given starting times with the IC fleet getting the initial post time at 10:30 a.m. Next in order will be the Rhodes 33, Bird, Spaulding 33, Windward, Hurricane, Buccaneer, Golden Gate, Bear, Fleur Bleue, Sea Horse, Pacific Clipper, T. I., Acorn, Maya, J.C., and Carinita; all with the usual five-minute intervals.

Starts and finishes will be between the committee boat and Knox buoy, courses have been set and, in case of the substitution of alternates, two yellow flags will be hoisted at the preparatory gun. This time, it is hoped that buoy 14 will stay put, for the benefit of all concerned.

Seals Drop Two Rookies

SAN FRANCISCO (AP) — Two rookies aren't sufficient understudies for regular goalie Bev Bentley, figure the San Francisco Seals. So the Western Hockey League club turned down the pair and acquired Jim McLeod from Seattle.

Wayne Rutledge was returned to the Boston Bruin organization and Dale Guame was released. Barney Krake, a wing, sent to Seattle for McLeod.

Also farmed out were wing Guy Murphy and Gary Mork.

Ernie Davis Eager To Play

CLEVELAND (AP)—Ernie Davis, the Cleveland Browns' prize rookie who was sidelined by leukemia, has been working out for a week and says he feels pretty good.

Davis said yesterday his wind is good and his legs are in shape, and he is eager to play some football.

Doctors have said the disease is in a state of remission, and they approved having him start working out. However, club president Art Modell said Davis would need a couple of weeks more of exercises and running to get in shape.

Golden Gate Winner

ALBANY (AP) — Renascent ($9.20) staved off a strong challenge in the closing quarter and won the top event at Golden Gate Fields yesterday.

The FISHIN' FOOL

By RALPH STEVENS
IJ Fish and Game Writer

Abundance Of Fish, So Now's The Time To Make Up For Lost Time

STEVENS

What a difference a day makes: What a relief to note the motionless trees with the weather so calm not a leaf is hardly stirring. Could be the wind did blow itself out.

If it continues as it is at this writing, a few odd records may be broken. We all know there is an abundance of fish in practically all sections of the Bay and Delta waters; perhaps we will make up for lost time, eh?

I should qualify that statement. In the back country the action is still spotty. Ida Andronico of Frank's Resort on Bethel Island bewailed the high winds which have hampered fishing in the tract for several days, and even when the weather was calm, the action was not fast by any means. But—you can be sure that the annual runs of stripers are on their way. From the Suisun Bay to Pittsburg some nice fish are being taken. Not limits generally, but when weather permits the boats to get out and scout the area, some nice fish come in.

CARRIE PHILLIPS of the McAvoy Harbor sent me three pictures of recent catches. One depicts Ed Fuhrman holding a 32-pound bass, and Bill Nunes of Walnut Creek, holding up a 14 and a 23½-pounder. A second picture shows George Lagorio with one six-pounder, one 14-pounder and one 19-pounder; the third snapshot honors Pete Curach of Alameda with a two-pound bass and one of 16½ pounds. These catches were made near Snag Island, Suisun Cut and the lower Honker Bay.

LISTENING TO my Halicrafter the other morning the salmon boat skippers raved over the complete change in the weather and water. Dave Kinley, of the Evie K, remarked that it was hard to believe there had been any stormy weather only a day or so ago. "It is like a mill pond out here," Dave said to another skipper who was not outside.

NOT TOO many salmon were being caught, but those which were being boated were of good size. Best action seems to be in the Muir Beach-Rocky Point sector.

Lew Lagrone of Dillon's Point told me some really nice fish have been taken lately on bullheads, but very few on plugs.

Trolling at Racoon Strait on the incoming tides in the a.m. continues hot. Limits are usual and the fish of better size than they have been.

Drift fishing in the lower bay has been very good; live shiners in the forenoons are best.

UNDERSTAND THE boat Troller, out of the Berkeley Harbor, took limits to 17 pounds on Sunday and limited out on Monday and Tuesday in the mornings.

Shotgun shooters in quest of ducks were generally blown out in the San Pablo Bay haunts on the opening day, but Joe Nerviani of Joe's Launching reported a few flocks of bluies seen in the air, and Frank Garatti took five nice bull sprigs from his hiding place in the tules.

Title Bout Interest Gaining

SAN FRANCISCO (AP)—Ticket sales for Tuesday's World Boxing Assn. middleweight championship fight between titlist Gene Fullmer and challenger Dick Tiger of Nigeria are at the $40,000 mark, the promoters reported today.

"The ringside sale is excellent," asserted co-promoter Norman Rothschild of Syracuse, N.Y. "We look for a big sale on other tickets the final 48 hours before the fight."

The two 160-pounders are slated to meet at 7:30 Tuesday night in an outdoor ring at Candlestick Park with closed circuit television beaming the activities to 50-60 locations.

Rothschild and co-promoter Bennie Ford of San Francisco must have a big, late sale to do well. The former estimated it will take a gate of between $155,000 and $160,000 to break even.

3 POSTPONEMENTS

Three times the fight has been postponed, the last time a week ago when the World Series between the New York Yankees and San Francisco Giants interfered.

Since the Series ended Tuesday, interest has picked up in the bout, which was almost forgotten while baseball held sway.

Rothschild said ringside seats are sold back to the 13th and 14th rows, which he considered good.

"The local people involved in the bout predict a crowd of between 25,000 and 30,000 people," he said.

Lester Malitz of New York, producing the television, said approximately 200,000 theater seats are available and predicted 50 to 60 per cent of those —with a gross of about $300,000—would be sold.

Malitz said that if the Sonny Liston-Floyd Patterson fight hadn't turned out to be so short and controversial, there would have been closer to 400,000 closed-circuit television seats available for this fight.

Many chains and exhibitors dropped out of contract talks, he said, after the heavyweight fight.

Malitz said radio rights were not sold for Fullmer-Tiger because, "I didn't really feel there was a natural demand for it."

Malitz said he talked with the American Broadcasting Company but the officials were lukewarm on the bout. He turned down sale to the Intermountain network in Fullmer's home state of Utah.

Fullmer receives 45 per cent of the gate and all ancillary rights while Tiger received a flat $25,000 guarantee plus transportation costs.

New Raider Coach Says He'll Add Punch To Offense

OAKLAND —William (Red) Conkright, new head coach of the winless Oakland Raiders, says his first objective is to give the offense enough punch to score some points.

Conkright, who Tuesday replaced the fired Marty Feldman, also said he would reorganize the coaching staff with two assistants.

Conkright, 46, said the Raiders might unleash some new offensive maneuvers when they engage the Buffalo Bills Saturday night.

"We have nine games left so we have time to do a lot of things to make this club entertaining," he said yesterday.

BIG WHEEL
in the community

Take a clean cut young fellow, multiply by 600 . . . and you have our "afternoon army" of Independent-Journal newspaperboys.

But look closely. These are not just boys with a bike and a bag. They've got a grip on the handle-bars of success. They're the last link in the long chain of communication which brings the news to your home. They carry perhaps the most vital commodity made in America—news as reported by a free press.

With them rides a sense of responsibility, a feeling for time, for business-like effort. All a result of training.

Each is a "Little Merchant." Each is learning that personal enterprise is a challenging education in itself. By learning to serve you well, each boy serves his own future . . . as a better citizen.

Many find a paper route can lead to a college education. Many are saving for it. Hundreds of boys too, regularly bank their profits . . . seeing the tangible rewards of accomplishment.

That's why we salute them . . . the young fellows with the bags and bikes . . . "big wheels" indeed, in service to the community.

National Newspaperboy Day ☆ Saturday, October 20

Each Independent-Journal newspaperboy is given practical training in business-like procedures . . . in handling forms . . . in banking collections. He is encouraged to save through a special savings program set up by the Independent-Journal and cooperating financial institutions in Marin County. Points he earns too, for special efforts and subscriptions may be "traded" in as cash under the I-J Merchants' Point Program. Constantly, new incentives are offered for doing a better job.

Boys get the point—fast. Points earned over and above their route profits are good for merchandise at some 100 cooperating merchants in Marin. The plan is an I-J "first"—only one of its kind in the U.S.

The boys can bank on it! Special newspaperboy book banks are given each boy who opens a savings account at leading Marin financial institutions. Another program pioneered for newspaperboys by the I-J.

A salute to "our" boys and yours by the

Independent-Journal

MARIN'S SOCIAL WHIRL

Gay Ord Pollock To Be Feted At Many Pre-Nuptial Parties

By FLORENCE DONNELLY

Many pre-nuptial parties are being calendared for Gay Ord Pollock, who will be married to John Hampton Lynch Dec. 22. The 3 p.m. wedding at Grace Cathedral in San Francisco will be followed by a reception at the San Francisco Golf Club. Gay is the daughter of Mr. and Mrs. Charles Pollock (Gertrude Ord) of Sacramento and granddaughter of Mr. and Mrs. W. E. J. Ord of San Rafael.

The parties were begun by Mrs. Ord who gave a luncheon for Gay and her bridal attendants and by Mrs. Sydney Murman of San Anselmo, and her daughter, Joan, who will be maid of honor, and who feted Gay at a brunch Sunday. Mrs. William Baldwin of Ross will be hostess at a luncheon and recipe shower for Gay Oct. 27. Mrs. Ernest W. Denicke of Ross has set the date of Nov. 14 for her luncheon honoring Gay and Mrs. Anthony Kennedy and Mrs. N. C. Templeton of Sacramento will be co-hostesses at a dinner Nov. 21. Mrs. Howard Hammond of Kent Woodlands will entertain at a luncheon and linen shower for Gay at Town and Country Club in San Francisco Dec. 1.

Dates have not been set for the luncheon Gay's sister-in-law, Mrs. James Pollock, and her cousin, Sandra Bryant, who will be a bridesmaid, are giving for the bride-elect in Bolinas and for the parties to be given by Mrs. Phillips Merriman of Mill Valley, Mrs. Leon Smith of Ross and Mrs. Newton Longfellow.

Gay will have as her wedding attendants, in addition to Joan Murman and Sandra Bryant, Mrs. Phillip Merriman (Elizabeth Burke), Mrs. Alan Hamilton (Stephanie Abbott) Ann Hammond, Sandra Smith and Elinor Templeton, bridesmaids. Charles Gast will be best man and guests will be escorted to their pews by Gay's two brothers, James Pollock and Ted Pollock, John's cousin, Otto Schmidt, his two brothers-in-law, Joseph Wittman of Ridgefield, Conn., and Laird Park of Villanova, Pa., Robert Gast and James Barber. The bride's cousin, Sharon Smith, will be the flower girl and ringbearers will be another cousin, Eric Ord, and John's nephew Kevin Wittman. Another cousin of the bride, Mrs. Charles Cahill, will be in charge of the guest book.

THESE ARE BUSY DAYS for Mrs. Harding (Roberta) McPhun of Greenbrae. She is rehearsing regularly for a dance routine which will be a feature of the annual Jewel Ball to be given by the San Francisco junior auxiliary to the Stanford Convalescent Home, Nov. 17 in the Grand Ball Room of the Fairmont Hotel. Other Marin members in the dance number are Mesdames George Fay and Peter Fisher of Mill Valley and Mrs. Nathan Smith of Sausalito. The rumor is that Mrs. Eugene McAteer of San Francisco will solo as a mummy. Incidentally, the George Fays are entertaining at a cocktail party at the Fairmont the night of the ball. The McPhuns will spend the weekend of the ball at the St. Francis Hotel.

Roberta and her husband began the month with a long weekend at Del Monte Lodge at Pebble Beach. It was the annual sports outing of the San Francisco Rotary Club. Others in the Marin group were the Robert M. Lees, Bruce Bernhards, Floyd Gilmans, David Plants and Charles Cains. Golf and partying occupied most of the time and there was a big party at the lodge.

The McPhuns have even planned their Christmas holidays. They'll spend a week at Carnelian Bay, Tahoe place of Roberta's parents, Adm. and Mrs. R. P. Lewis and then go to Squaw Valley Lodge for another week.

HAWAII BOUND aboard the SS Lurline in San Francisco harbor are Mr. and Mrs. Baxter Hovis of Novato. The liner left for the islands on Tuesday.

Ball Theme Oriental

Members of the Sunny Hills Junior Auxiliary have been hard at work for many weeks on the decor for the 31st annual Charity Ball.

This year the traditional dinner dance is called the Shibui Ball. The party will be held from 9 p.m. to 2 a.m. Oct. 27 at the Meadows Club. An orchestra will provide music for dancing.

After being transported by rickshaws from the parking area, guests upon entering the club will find themselves in a Japanese setting. A hanging pagoda roof will frame the entrance and the autumn theme will be created by the use of chrysanthemums and pine.

A large Kwan Yin figure will greet guests in the foyer where the focal point will be a scroll done especially for the occasion by the internationally known artist-designer Takahito Mikami.

At the end of the main ballroom spotlights will shine on a Japanese tea house. This year the grab bag will be encircled by a bamboo fence in a corner of the main ballroom. Guests will select their gifts by the lights of black and white lanterns.

Proceeds from the dance will go into the Junior Auxiliary's "gift of the year." This gift last year provided for part of the summer camp program and assisted in the remedial education program for the children at the Sunny Hills Home in San Anselmo.

Chairman is Mrs. Walter Meinberger who is being assisted by decorations chairmen Mesdames William Bagley and Jack Hunt Jr.

Invitations have been mailed under the direction of Mrs. William S. Anderson Jr., and reservations chairman is Mrs. James Tufts II, 45 Ridgecrest Road, Kentfield.

David C. Shepherd To Lead P-TA Unit

A businessman, David C. Shepherd has been selected as president of the Terra Linda High School Parent-Teacher Assn. this year, following the precedent set by the newly formed association last year.

The new president has been known at the school for his work as membership committee co-chairman with his wife; as chairman of the "hole-in-one" contest, and assistant chairman of the Terra Linda world's fair committee. Currently he is working on the "hole-in-one" contest to be held tomorrow and Sunday at Terra Linda High School, with the P-TA and Boosters Club as sponsors.

His aim for the year is to increase the interest of parents in their sons' and daughters' curriculum and activities and to build up attendance at P-TA meetings.

Shepherd is well known in Marin and the Bay Area as a caller for square dances. While active in P-TA his square dancing and golfing have been temporarily sidetracked, but he serves as treasurer of the Terra Linda Christ Presbyterian Church.

During World War II, Shepherd lived in Marin while in the armed forces and liked it so well that he decided to make it his residence, and soon after brought his family from his native Illinois home. He is now an executive with Hill Brothers Coffee Company. His wife, Betty, is equally interested in P-TA. They have three children, Dave Jr., 17, a senior at Terra Linda High School; Stephen, 12, seventh grade at Vallecito School, and Becky, 10, fifth grade at Santa Margarita School.

Also, from Novato, Mesdames Donald A. Leaf and George Barnwell and Charles Beatty, Floyd Fisher and Robert Kitchak of Ignacio.

World Has Gone To The Ailurophiles

IN ADDITION to being respected and revered in history throughout the world, the cat's popularity today is on the increase. Authorities estimate there are now 26 million cats—about one million more than dogs.

Ever get the urge to scratch a kitty behind the ears? Cats have been objects of affection for centuries. In ancient Egypt they were worshipped as goddesses. Norsemen, too, kowtowed to kitty as Freyja, the cat diety (for whom Friday was named).

The two-dollar word for cat lovers is "ailurophiles." History is rife with them—Cleopatra, Mohammed, Martin Luther, Victor Hugo, Cardinal Wolsey, Ernest Hemingway was devoted to cats, and for years Winston Churchill's fireside companion was a big black tom named Nelson.

THE CAT'S independent nature and love of liberty has endeared it to such men as Thomas Jefferson, George Washington and Abraham Lincoln. In Switzerland, the cat is a symbol of liberty. On the other hand, tyrants feel uneasy in the presence of a proud feline.

According to Arabic history, Mohammed so loved cats that he cut off the hem of his robe rather than disturb his sleeping favorite. He decreed punishment for abusing cats, and to this day a Mohammedan's house is not completely furnished without a cat.

Hindus, too, have a soft spot for kitty, and feeding her at dinner is part of their orthodox rites.

Not only do cats enjoy worldwide popularity, but the word "cat" is phonetically similar in many languages. In French, it's chat; in Spanish, gato; in German, katze; in Italian, gatto; in Greek, katus; and in Arabic, kit.

IN ADDITION to being respected and revered in history throughout the world, the cat's popularity today is on the increase. Nobody is sure of the precise cat population in the United States, but authorities estimate there are now 26 million cats—about one million more than dogs.

Many people believe these cats are mainly owned by spinsters and old ladies but a new study reveals that children are present in 70 per cent of all cat owning families.

AS FOR THE belief that a cat always lands on its feet, this is another myth that has persisted throughout the history of the cat. They can land on their feet—sometimes. But more often it can be on their head, side or some other part of the anatomy.

The myth probably originated because of the cat's particular grace and agility. Watching a cat who is amusing himself by toying with a small object can be fascinating.

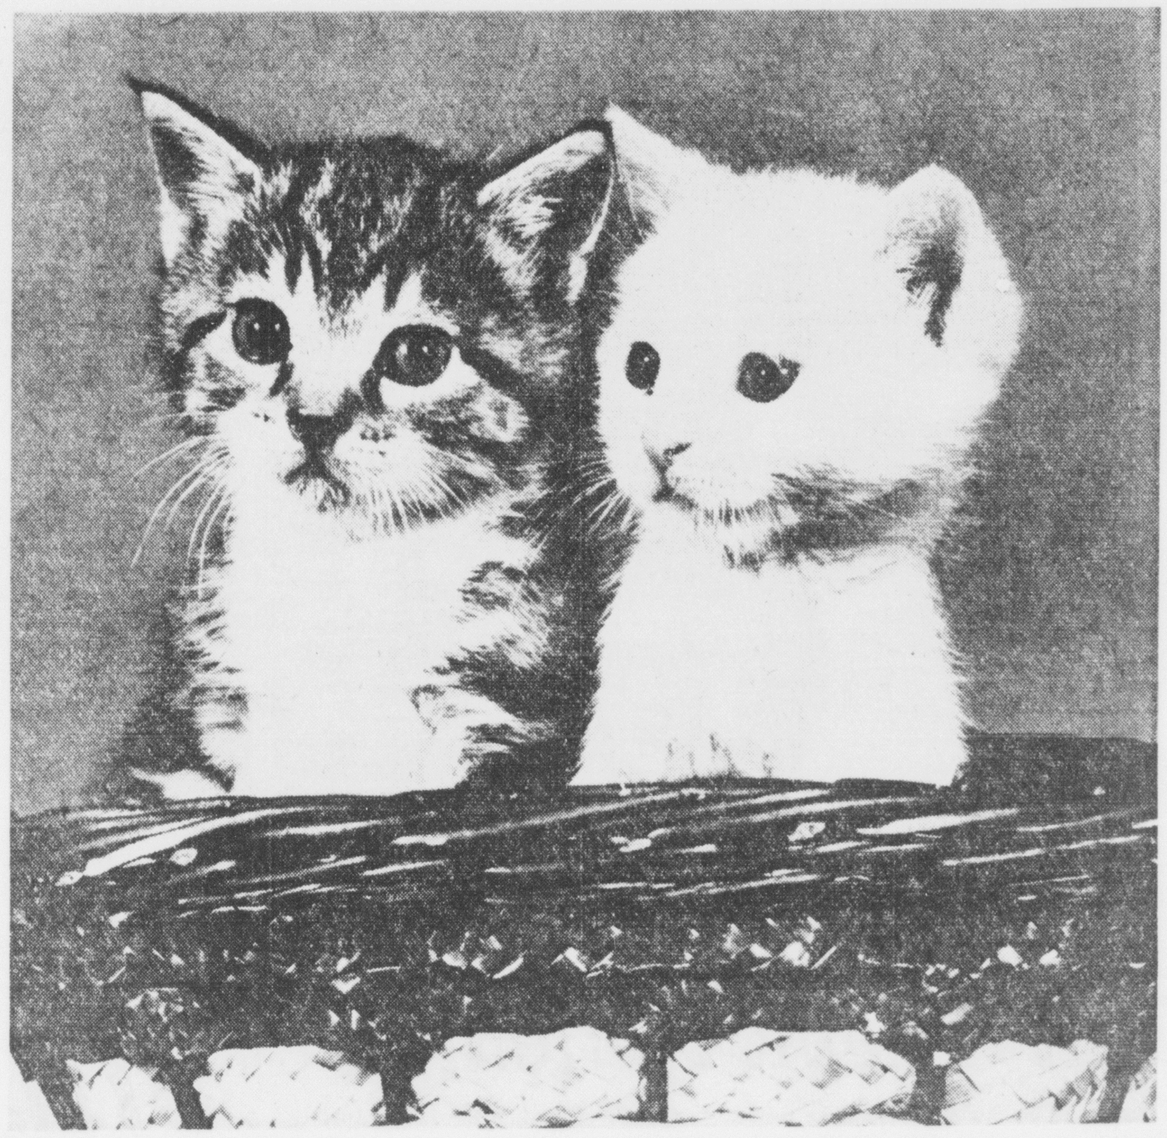
In fact, this agility combined with a tendency to paw small objects across the floor, including bits of his food, poses a problem for fastidious pet keepers.

Pet dealers report that more men buy cats than women do—probably because cats (unlike dogs) never have to be taken out for midnight walks—a chore that usually falls to the man of the family.

ASIDE FROM the practical purposes of keeping a cat, persons share their homes with felines for a variety of reasons. Psychologists generalize that dog owning is ego building, while the cat's independence and self-sufficiency tend to make their owners a bit more humble and thoughtful.

The French essayist, Montaigne, addressed that point when he penned, "When I play with my cat, who knows whether I do not make her more sport than she makes me?"

A PROSPECTIVE cat owner is urged by the authorities to try choosing an animal whose personality complements his own. Siamese, for example, are generally friendly and fun-loving. The Manx is timid, dependent and ideal for the forceful master. And many sophisticated cat fanciers are partial to the Abyssinian, who despite his rarity and high cost, is often taken for an alley cat.



MANY PEOPLE believe cats are mainly owned by spinsters and old ladies but a new study reveals that children are present in 70 per cent of cat owning families.

School Fire Season Is Ahead, Report Risky Spots To Faculty

Are your children safe from fire while they're at school? We'll have at least 2,000 school fires this year. That's a lot of conflagrations. School fire season is ahead. Will you check the fire precautions at your children's school? Do it soon.

Are fire drills held frequently? There should be at least one drill a month. They should come at unscheduled times, without warning. The drills should be varied by blocking different exits from time to time. Children should learn to turn, and go out different ways. The drills should never be reduced to aimless routine performances.

Are the outside doors at your school fitted with "panic bolts"? They're the metal gadgets with a bar across the door which open when pressed hard. Are the panic bolts in working order? Or are they chained shut? Sometimes careless custodians chain doors shut to keep kids from banging in and out. That never should happen. Are the locks on all classroom doors the kind that always can be opened from the inside? They should be so children can't be trapped. No child should ever be locked inside.

Are the stairways kept clear? Is anything burnable stored on or near them? Are there at least two ways for children in second story classrooms to get in and out?

Is the furnace room lined with fire resistant material? Is the room kept free from inflammable stuff or is it used as a storage room? Any old paint cans or oily rags around? There shouldn't be.

If you find anything you don't understand, or believe to be risky, go to your principal. He should welcome your interest. Offer to help him improve the fire safety of the school. You'll never be sorry.

READERS' FORUM

(Q) "Aren't schools inspected regularly by fire prevention officials? Why should I inspect my children's school?"

Mrs. D.Z.

(A) Schools are supposed to be checked. But I've found surprising numbers of them in which inspections don't occur, or are too sketchy to be useful.

Two Teen-Agers To Speak At American Legion Fete

"The Responsibilities of Government and Citizenship" as seen through the eyes of teenagers James Troppman of Corte Madera and Toni Banducci of Larkspur will highlight the joint dinner event called by Twin Cities Unit and Post 313 of the American Legion and its Auxiliary tomorrow at American Legion Hall at 7 p.m.

The students, both in their senior year at Redwood High School this term, were sponsored during the summer for a government training session by the Twin Cities Legion and Auxiliary unit.

Sessions for the 500 girls were held at the Davis Campus of the University of California while 800 boys were quartered at the Sacramento fair grounds.

Legion and Auxiliary chairmen for the dinner include Mr. and Mrs. William Wagner, Mr. and Mrs. Francis M. Fugate and Mesdames Oakley Dexter and Albert Carsten.

To Prevent Voice Damage, Teen-Agers Need Not Shout

WASHINGTON (UPI)—Here's a scientist who thinks it would be a good idea to teach teenagers how to be statistically noisy without shouting.

This, according to Dr. D. Kenneth Wilson of Buffalo, would prevent "vocal abuse" and the damage it does to many an adolescent voice.

Wilson, a speech pathologist, said in a recent article that incessant high-pitched shouting and screaming may induce growth of nodules on the vocal cords and result in chronically hoarse voice.

APPEARANCE OF these lumps "can be regarded as the advanced stage in vocal strain."

Wilson said. When they have been present for some time and have become fibrous, he said, "surgical removal may be indicated."

Sometimes the condition may be "reversible without surgery." But in any case, Wilson said, the youngster eventually has to be taught how to use his voice in a manner "that is pleasant and acceptable." He called this "voice re-education."

As an example of voice abuse, Wilson cited the case of a boy "who yelled and screamed excessively during sports, talked incessantly in a high-pitched voice and delighted in startling his friends by imitating sirens."

ANOTHER LAD imitated "the sounds of birds, animals, cars, or jet planes in an excessively loud, high-pitched or strained manner."

Wilson apparently understands and sympathizes with the adolescent need to be noisy, especially when the home team is playing. He suggested that teen-agers should be made aware of the high price of voice abuse and taught other ways of venting whatever it is youngsters vent when they shout and scream.

"For example," he said, "some boys can be taught to whistle loudly with the lips or with two fingers in the mouth.

"The whistle instead of a shout can be used to summon friends, call a dog, and satisfy the urge to make a noise during football and other games."

Girls To Give Potluck Party

Marin B'nai B'rith Girls will hold a "Penny-a-Pound" dinner on Oct. 28 at the Marin Jewish Community Center in San Rafael.

Members of the women's chapter, as well as the men's lodge and their families are invited to attend the potluck dinner, which will start at 6:30 p.m.

Proceeds will go toward the work involved in the B'nai B'rith Girls' seven-fold program, which includes cultural, social, athletic and philanthropic aspects.

Marion School's Spook Party Set As Fund-Raising Event

"The Mysterious Reach" and "Flying Saucers" will be among the new booths at the "Spooky Party" to be held at Marion School from 5 to 9 p.m. Oct. 26 in Novato.

"Weird and frightening effects" are promised in the spook house. Other attractions will be the wet sponge throw, the pick the-pocket lady making the rounds and a variety of other booths.

Festival funds are earmarked for school improvements. Among them are a relief map, slides for the bioscope, a school sign, encyclopedia carts and a scientific magazine subscription with supplements for the classrooms.

Mrs. George Whitten and Mrs. John Haines are co-chairmen for the festival. Assisting them are Mesdames Jesse Lankford, James Cermak, Joseph Kirby, Jack Adams, Frank Fiske, Howard Silvey, Robert O'Meara, Robert Morse, Martin Fossum, Joseph Pensotte, Tony Quintana, Henry Wallenford, Robert Boyer, Pete Verhonik, William Bowen, Earl Marshall, Robert Eby, Glenn Dunbar, Earl Siegel, Billie Zepp, Stuart Higgins and Robert Campbell.

FASHIONS FEATURED

'Chanelisms' Emphasize Elegance Of Simplicity

Originally conceived for a privileged few, the "Chanel style," has influenced the largest clientele. Undoubtedly the most imitated of all designers, Chanel welcomes imitation, for she believes that at the heart of all imitation is admiration and love.

The French writer, Jean Cocteau said of her, "the feminine fashions of Mlle. Chanel have never been extravagant fashions. By a kind of miracle, she has been operating in fashion with the rules which seem to be valid only for artists and poets. She imposed the invisible; she imposed on the world of din the nobility of silence."

CHANEL ON FASHION:

"One can never be too modern. If I were to lose the modern touch, I might as well retire to the country.

"Nothing goes out of style more quickly than a 'fashion.'

"The poetry of design is to create an illusion, to surround a woman with mystery, to give her back her youth.

"In an age as sophisticated as ours, it takes courage to continue to create simple fashions. Nothing is more difficult to achieve than simple elegance.

"Simplicity is a very fragile thing which should not be confused with plainness. Luxury is inseparable from simplicity. Simplicity always has the last word.

"Elegance doesn't begin and end with a woman's wardrobe. It is made up as much by her movements, her way of life, her whole demeanor.

CHANEL ON PERFUME:

"Perfume is a part of you. It envelops you, it heralds your arrival, it prolongs your departure. It speaks subtly, persuasively, personally.

"In perfume as in fashion, simplicity is pure elegance. A perfume should complement, never dominate a woman's personality.

CHANEL ON youth and life:

"In life's rough struggle the simple, natural woman emerges victorious; the sophisticate, defeated.

"It is a great pity that women rely so much on youth — this youth with which they are obsessed and terrified at the thought of losing.

"Youth is like a 'fashion,' both fade away quickly.

"Of all life's stages, youth is the richest in appearance yet the poorest in fact, for it contains the least happiness.

"It is inevitable that we shall grow old, let's prepare for it."

When this hand was played in one of my favorite Los Angeles bridge clubs, South gave it the "expert" treatment. I hate to blow the whistle on him, but he was offside.

NEEDS MORE

Declarer won the first trick in dummy with the ace of diamonds and counted his tricks: two hearts, two diamonds, and four clubs. He needed one more trick for the contract.

South saw that he could develop a spade trick if West had the ace or the queen or both.

The odds were 3 to 1 that West would have at least one high spade, and South was sure he would guess the right play if the spade honors were split.

Don't you feel just a bit sorry for South? He got to his hand with a club and led a spade toward dummy. West played low, and South went into an impressive trance.

NO WAY TO GUESS

Unfortunately, there was no way to guess right.

East had all of the top spades, and South was doomed to defeat.

Declarer did not give himself the best chance for his contract. After winning the first trick with the ace of diamonds declarer should cash the ace and king of hearts.

NINTH TRICK

South is sure of his ninth trick if the queen or 10 drops, or if West shows out on the first or second heart.

If only low hearts drop on the ace and king, South may well decide to abandon the suit and tackle the spades.

But it must be right to lead out two rounds of hearts first.

As the cards lie, South is home. The ten of hearts drops, and a heart continuation allows South to set up a heart trick without any risk.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

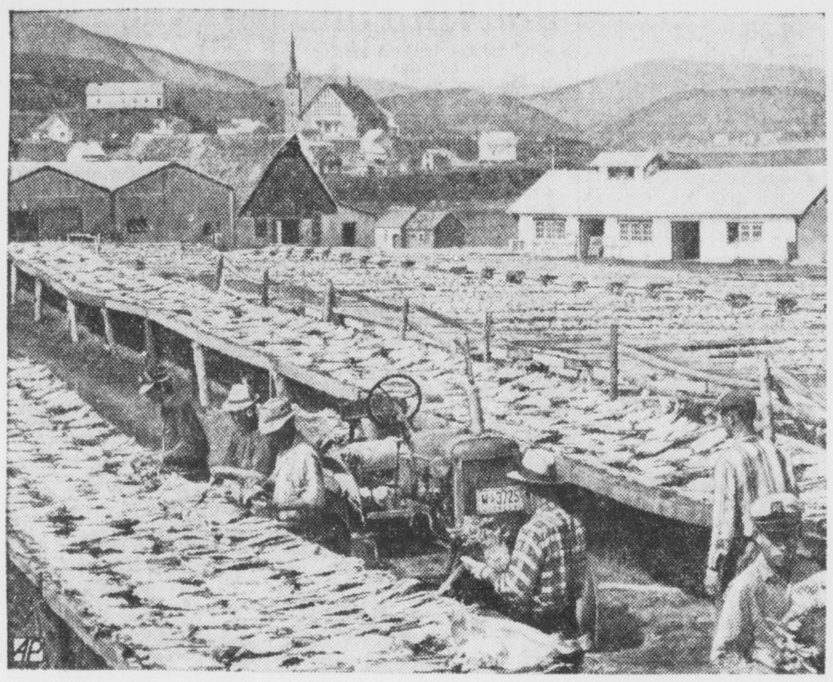
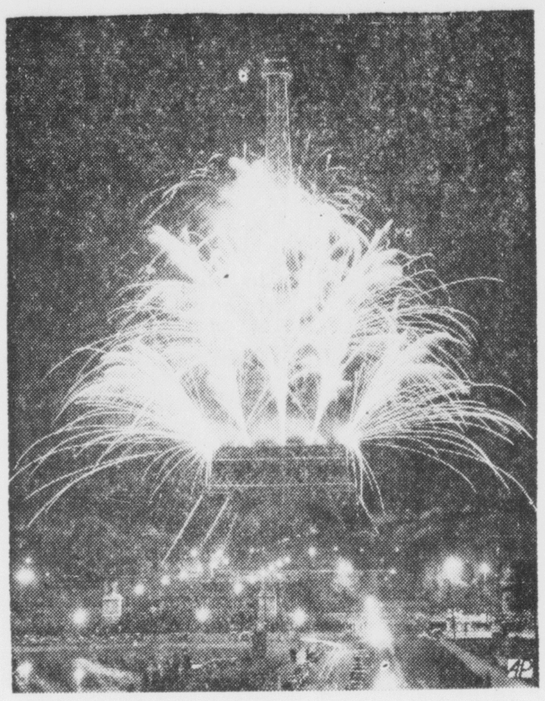
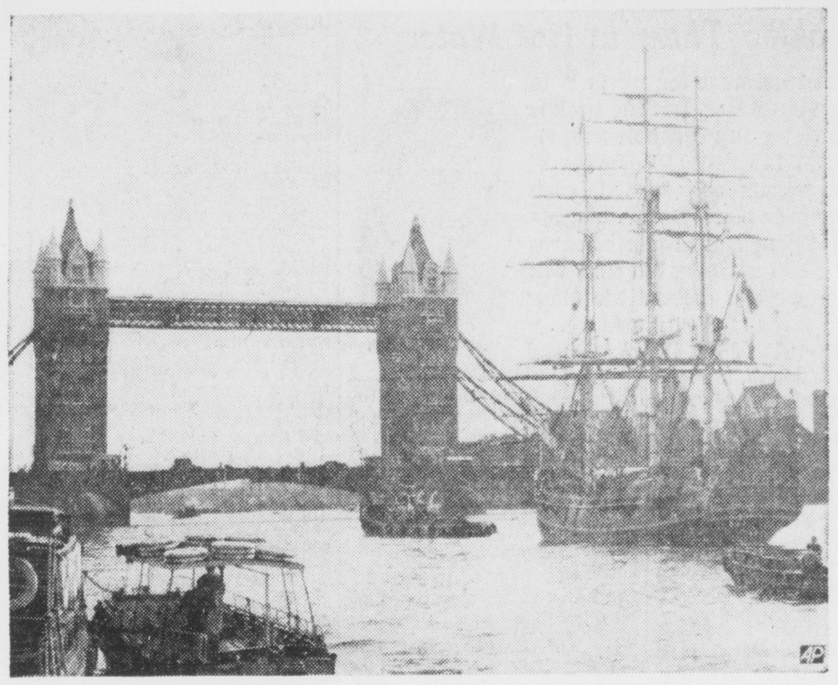
A Review Of News Around The World In Pictures



PISCATORIAL HAUL— Tons of cod fish dry on the racks near Madeleine on the Gaspe peninsula in Quebec province. It was the biggest run in ten years and the French-Canadian fishermen were able to catch them with hook and line without bait.



PARIS SIGHT— The night sky in the vicinity of the Eiffel Tower is brilliantly illuminated by a display of fireworks set off to publicize a movie premiere.



VISITOR TO BRITAIN— An exact replica of H.M.S. Bounty, created for a movie about the famed mutiny, berths in the Pool of London near Tower Bridge. The craft made the voyage from Boston, Mass., across the Atlantic Ocean under full sail.

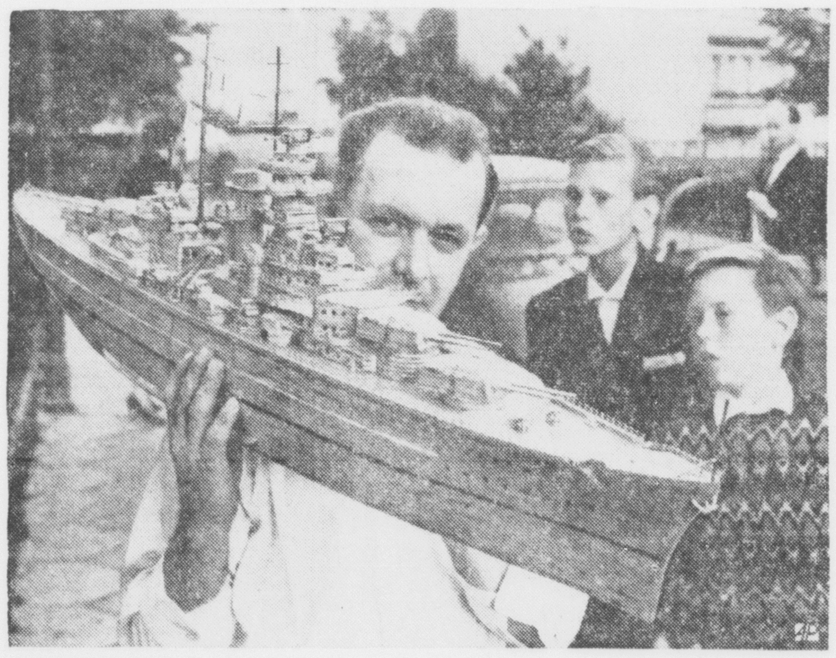
AERIAL ASSAULT— Vietnamese paratroopers drop earthward in the area northeast of Saigon during mopping up operation against Communist guerrilla forces.

FALL TOP— Among the new cool weather fashions is this black and white check wool cloche with a deep, cuffed brim. The creation, by Mr. John, is easy to pack.

PROGRESS POINT— A motorized "elephant" emerges from camouflaged hut during display of new military vehicles at Chertsey, England. It made appearance as a comparison to show the progress made since the British army used animal transportation.

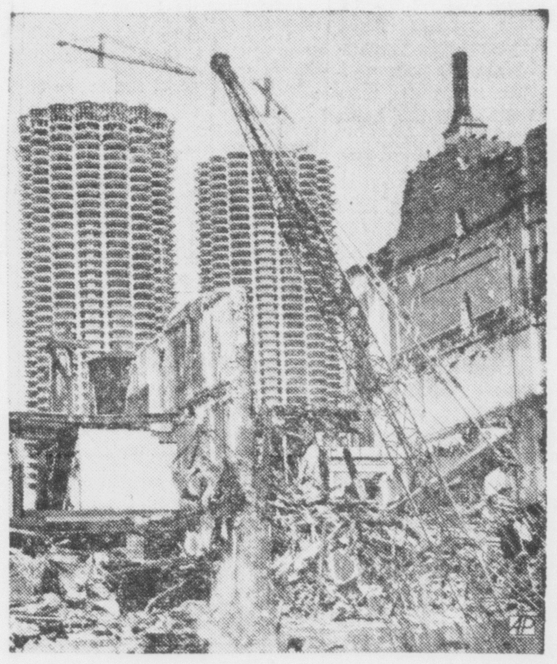
PERSONAL CHAT— Candid photo of President John F. Kennedy talking with his brother, Attorney General Robert F. Kennedy, in a White House doorway.

RISE TO WARN— Radomes near completion at a ballistic missile early warning station at Flyindales, England. They'll operate in conjunction with U. S. system.

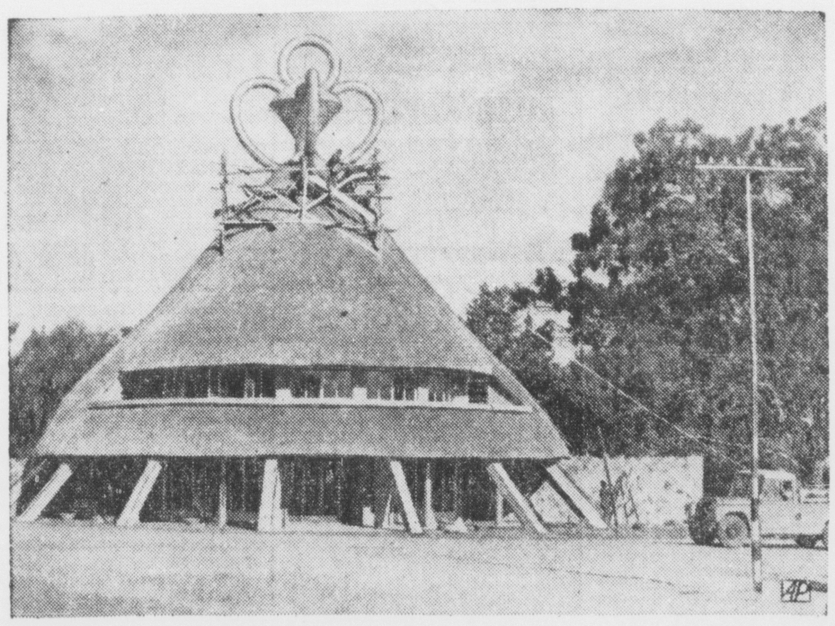


SKIPPER AND SHIP— Youngsters gaze at Herman Diercksen carrying his matchstick model of the World War II battleship Bismarck on a Lubeck, West Germany, street. He used 37,219 matches in building the sailing model in 1,783 hours of work.

NEW POST— James William Riddleberger has been chosen to be the new United States ambassador to Austria. He is a former head of the Foreign Economic Program.



UP AND DOWN— Cranes are instruments of construction and destruction in a Chicago area where Marina City is being built while other structures are razed.



IN NATIVE MOTIF— This new structure is probably the most modern building in Maseru, Basutoland. The reed-roofed edifice, office of a local trader, is in keeping with the traditional style of Basuto buildings which are nearly all circular.

UNUSUAL GARB— Indian Prime Minister Jawaharlal Nehru is pictured in a traditional Nigerian robe which was presented to him during state visit to Lagos.

PATIENCE PAYS— The Bible reveals that the lamb and the lion shall one day lie down together. In Hollywood this has come to pass for the movie "The Greatest Story Ever Told." It took months and four lambs before one posed with a lioness.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Latest Treatment For Warts Is Soaking Them In Hot Water

VAN DELLEN

The latest treatment for warts is to soak them in hot water. But the trick is to keep the water at a constant temperature between 113 and 118 degrees F. Several treatments are needed, each lasting an hour or more. Dermatologists from the Cleveland clinic reported cures in nine out of 15 patients, but time will tell whether we can discard the older remedies in favor of this procedure.

According to Dr. John LoCricchio and Dr. John R. Haserick, the idea came from the observation of Dr. George Crile Jr. that some tumors are benefited by the application of heat. They decided to try it on warts, which are skin tumors caused by viruses. In addition, viruses often are inactivated by heat. The skin can take considerable heat without blistering.

IN TREATING a plantar wart, the foot is placed in a bath containing gauze backs on the bottom to prevent pressure on the lesion. The foot is immersed one-half to one and one-half hours. It is removed sooner if pain is felt and reinserted as soon as distress passes.

Two treatments a week are given and the plan is continued so long as progress is noted. If there is no change after three to four weeks, the method is considered a failure.

IN EACH OF the nine patients who were helped, the lesions disappeared within three months. The warts became smaller in four others and failure was reported in two instances.

A simple wash basin was used to treat warts on the hands. The hot and cold faucets are turned on until the desired temperature is reached.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

RAPID, IRREGULAR BEAT

D. W. writes: What is done for paroxysmal fibrillation?

REPLY

Drugs such as quinidine or digitalis are used for this cardiac condition, in which the auricles go berserk suddenly and beat in a rapid, irregular manner. The victim knows the heart is pounding and may become short of breath and extremely apprehensive. The cause of this disorder is not known. A permanent fibrillation can be slowed with digitalis and the individual feels fine even though the heart beat is irregular.

TENSION AND STUTTERING

Mrs. W. K. writes: My 4-year-old-son began stuttering after the birth of his sister 15 months ago and the condition is getting worse. He was talking well at age 2. What advice can you give me?

REPLY

Stuttering often follows periods of tension. Sibling rivalry is a recognized cause. Be calm and don't be critical of his stuttering. Spend more time with the boy because he needs additional love and affection. Consult a speech therapist if these suggestions fail or cannot be carried out.

BURNED SKIN

Mrs. J. writes: My son is recovering from second degree burns. How do you get the healed skin to return to its original color?

REPLY

The skin may be damaged to such an extent it may never return to normal. Time will tell. But why be concerned about the color so long as the area is healing and there will be no ugly scars?

ULTIMATE STATURE

M. G. writes: Does a baby's length at birth indicate his mature height?

REPLY

No, although tall persons beget tall persons and their babies are likely to be longer at birth. But factors other than heredity play a role in determining the adult height. Malnutrition, illness, and an unfavorable environment may interfere with growth.

The board, which met yesterday, will name a second new member to replace Samuel Miller, manager of the San Anselmo Safeway store, who will manage the new Safeway on B Street in San Rafael when it opens.

Sidney Braverman of Braverman's Furniture will speak on his recent trip to Russia at 12:15 p.m. next Thursday at the chamber meeting in the Ranch House, San Anselmo.

Is Prop. 24 Threat To Rotary Or U.S. World Prestige?

The Louis Francis amendment, proposed as an amendment to the state constitution, Proposition 24 on the November ballot, supports the sort of thinking that might lead some to call the local Rotary club subversive, opponents of the measure said today.

But a lawyer speaking for the amendment on yesterday's KTIM "Marin Sounding Board" said defeat of the measure could make persons throughout the world think of Californians as soft on Communism.

Four attorneys, William O. Weissich and Harold Truett of San Rafael, Carl B. Shapiro of Fairfax and Edward E. Heavey of San Francisco divided sharply on the constitutionality and practical effect of the measure, which purports to clamp down on subversives in the state.

San Rafael attorney Herbert Walton, listed in Wednesday's Independent-Journal as a panelist favoring the amendment, later declined to speak, saying a more thorough study of the proposition made him feel he could not speak in favor of it.

"On its face, the amendment appears to have motives all of us favor," said Truett. Truett said he had signed the original petition to put the bill on the ballot but then began studying it with more care.

"When you read the details of the ways it seeks to stop subversives, you realize it becomes a piece of subversion itself," he said.

As written, the amendment would bar "advocates of subversive doctrines" from holding public office or any state job. It would require teachers and other state employees to answer legislative committee inquiries concerning Communist affiliation.

According to the measure, Truett said, subversives could be named by any court, grand jury (which meets in secret) or any court officer, board, commission or body of the court.

"Is there a need for this gigantic assault against Communism?" asked Heavey, introduced as a man who each year has presented a resolution to the State Bar Assn. asking it to bar "Communist" lawyers from practice in the state.

"The House Un-American Activities Committee lists 39 Communist lawyers in the United States," he said, "and 23 of those are in California. In 1960 Communist college professors instigated the Communist riots in San Francisco. There are at least two and probably more Communists in the state legislature."

Under question, Heavey refused to name the "Communist" professors or legislators. "They say they're innocent," he said. Heavey supports the Francis amendment.

The program, moderated by Kitty Oppenheimer, will be repeated by tape at 12:30 p.m. Sunday.

Shapiro said the list of persons opposing the amendment speaks for itself on how bad the legislation is. He listed Gov. Edmund G. Brown, Richard M. Nixon, the state Parent-Teacher Assn., the state chairmen of both the Democratic and Republican parties, the state Jewish Congress, the State Chamber of Commerce and the Northern California - Nevada Council of Churches.

"The definition of 'subversive' in the amendment is so vague it could include almost any group," he said. "Its test of loyalty is not loyalty to the U. S. government but to Louis Francis."

Truett observed that if one grand jury should find a Rotary Club subversive, then members of all Rotary chapters could be called subversive.

Weissich, former Marin district attorney, said: "I'm just back from a two week trip behind the Iron Curtain. I have a first hand view of what Communism really it. The result of this election will be known throughout the world. An incorrect interpretation can be put on a 'no' vote."

Weissich said he favors allowing teachers suspected of subversion the privilege of the fifth and fourteenth "due process" amendments to the U. S. Constitution although Heavey would take this privilege away from them.

A devout Jew of the 1st Century prayed and read the Scriptures in Hebrew but he conversed with his friends and conducted business in Aramaic.
